BATHYMETRIC MAP

GULF OF MEXICO
PIGMY BASIN

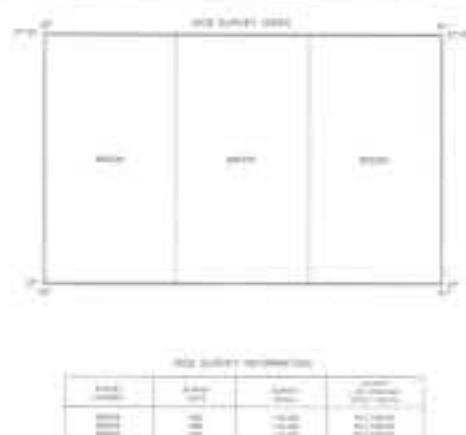

Base map information including bathymetry was compiled by the National Ocean Service (NOS). Bathymetry was compiled from 1932 multibeam survey data (see notes) which comply with International Hydrographic Organization (IHO) Special Publication of Accuracy Standards or those used at the date of the survey. As the map is not intended through flight to be a navigational instrument, for navigational safety, no soundings shall be used as a basis for navigation.

Where precision survey data, limited in magnitude, compiled by the National Ocean Service, Navy fleet hydrographic units, or other sources are available, they are shown in this map.

The information on this map is not for Federal Government purposes for such purposes only by the OCS. OCS is not responsible for any errors or omissions in this map.
