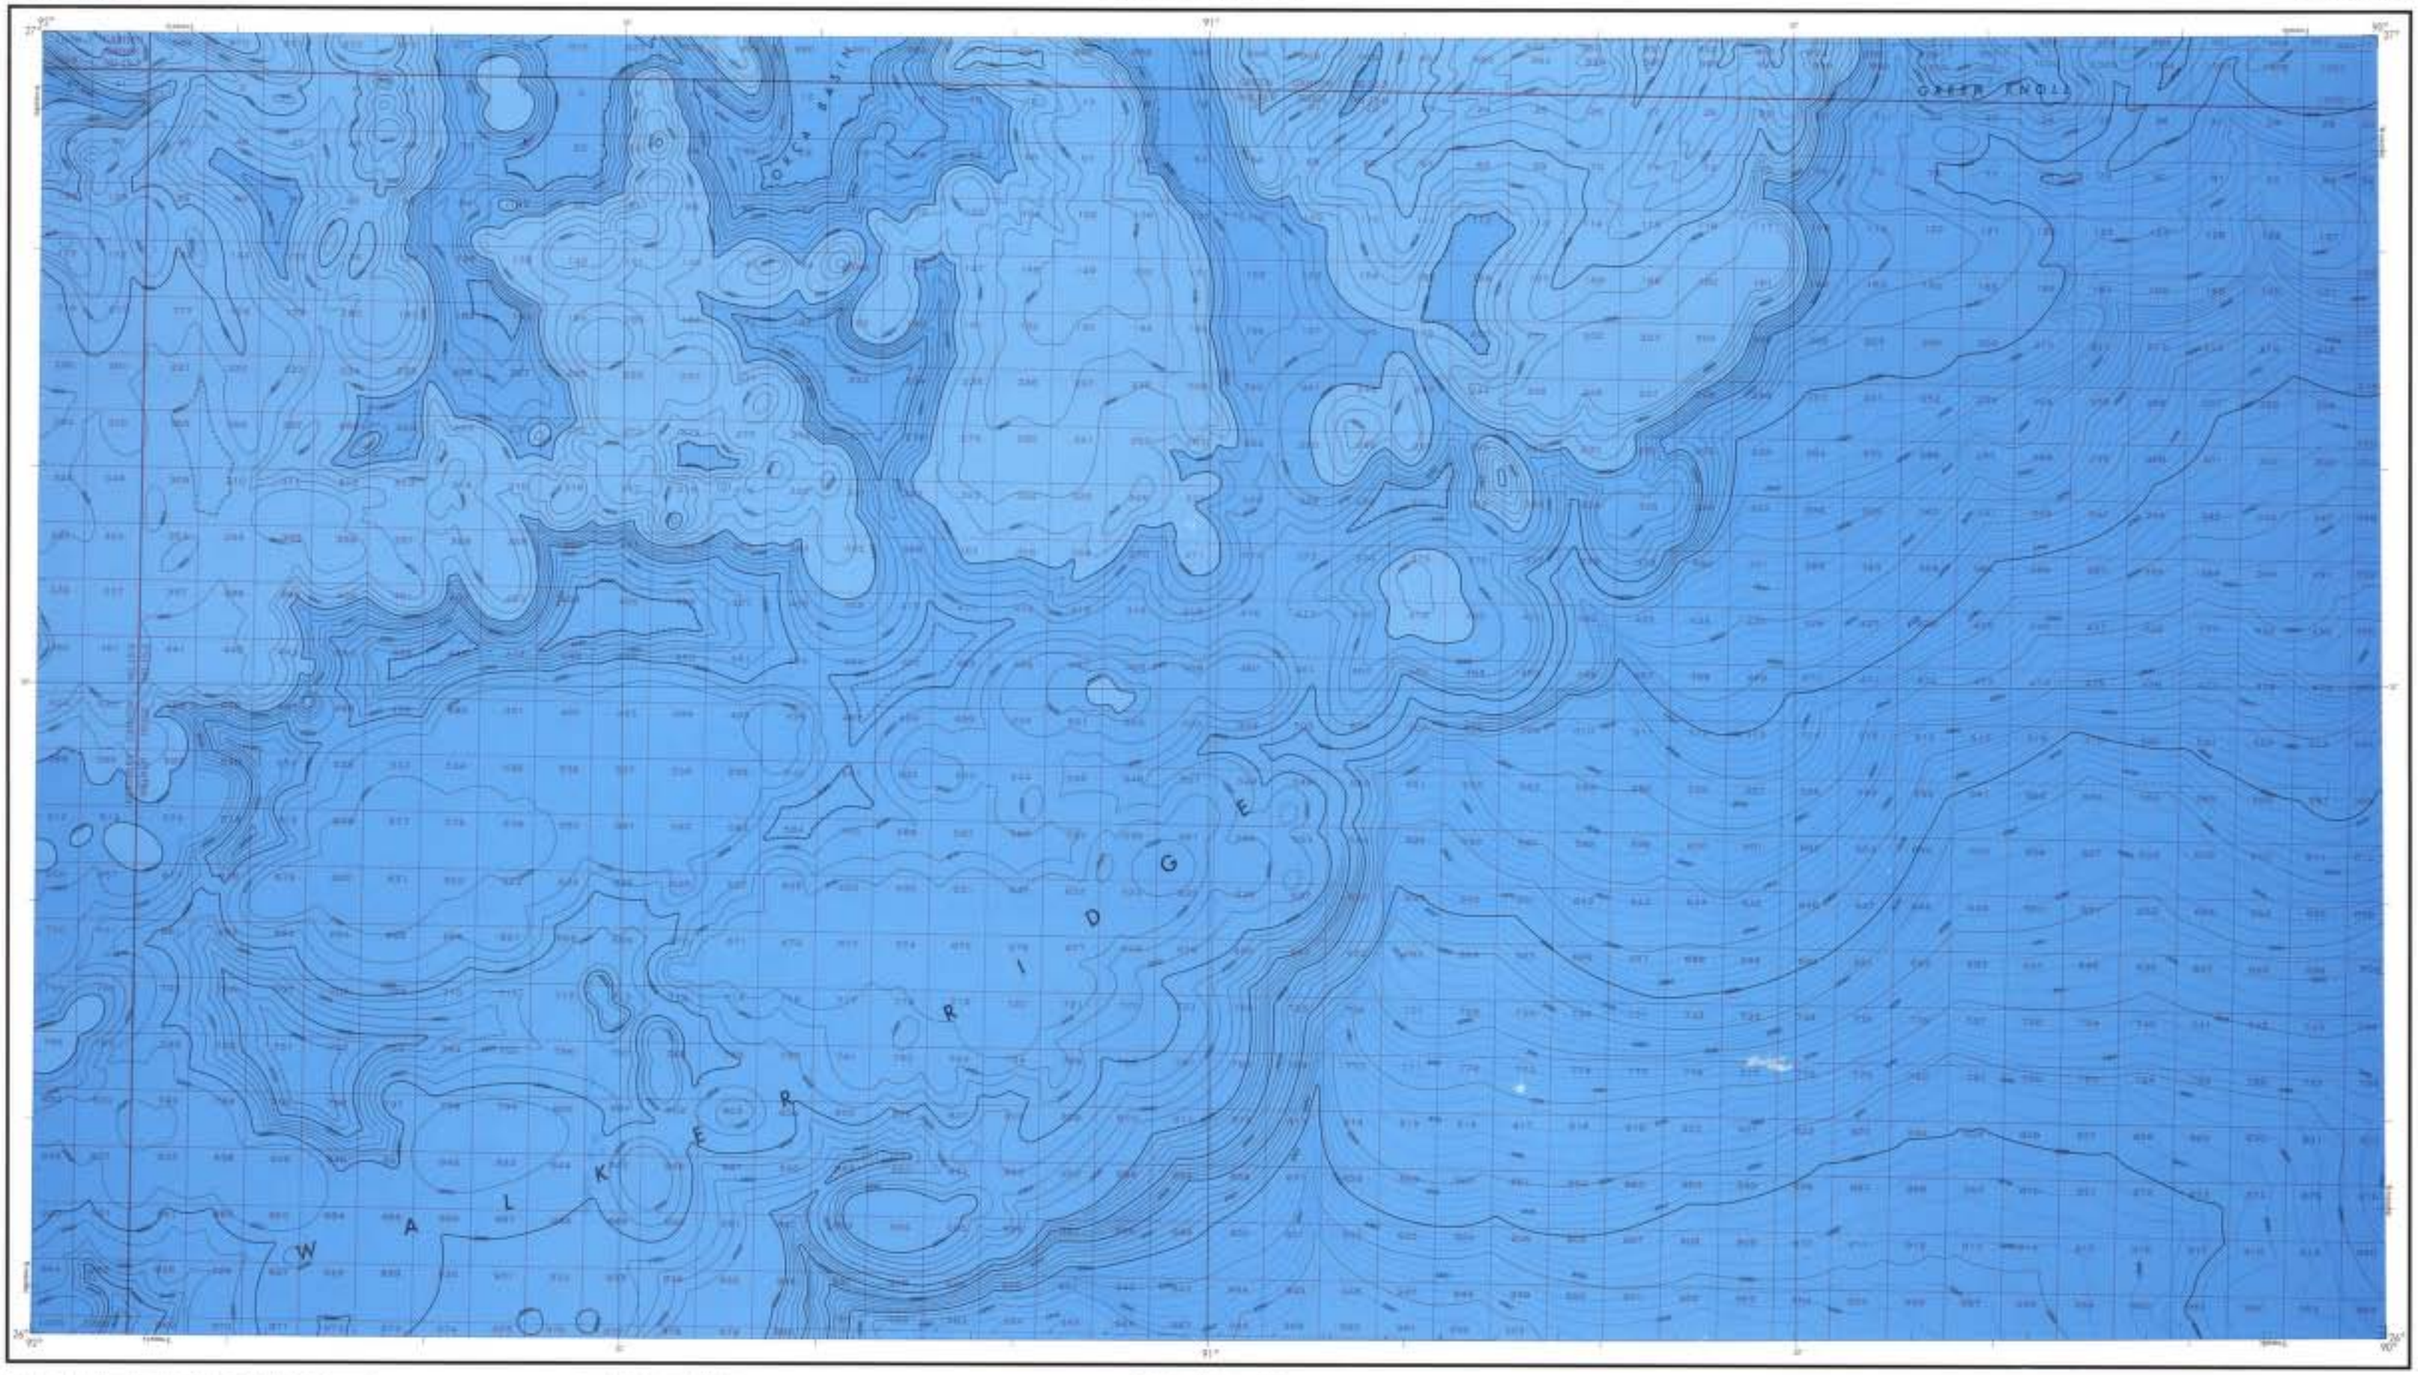
BATHYMETRIC MAP

GULF OF MEXICO
WALKER RIDGE



Base map information including bathymetry was compiled by the U.S. Naval Oceanographic Office. Bathymetry was compiled from National Ocean Service hydrographic surveys supplemented by hydrographic information from other sources (see index). NOS hydrographic survey data complies with International Hydrographic Organization (IHO) Publication 44 accuracy standards or those used at the date of the surveys. This information is not intended for navigational purposes.

Universal Transverse Mercator Grid, Zone 15, 10,000 meter ticks (—) are shown inside the neatline.

Offshore protraction survey data, printed in red, compiled by the Minerals Management Service. Heavy lines indicate limits of MMS Outer Continental Shelf Official Protraction Diagram. The protractions on this map are not for Federal leasing purposes; for such purposes refer to the OCS Official Protraction available from the Minerals Management Service.
