

Base map information including bathymetry was compiled by the National Ocean Survey (NOS). Bathymetry compiled from NOS hydrographic surveys supplemented by other hydrographic sources (see index). NOS hydrographic survey data comply with International Hydrographic Organization (IHO) Special Publication 44 accuracy standards as those used at the date of the survey. This information is not intended for navigational purposes.

Universal Transverse Mercator Grid Zone 18, 1500 Meter Ticks—Data shown inside the rectangle.

Offshore prominent survey data, printed in red, compiled by the Bureau of Land Management. Heavy lines indicate limits of BLM Outer Continental Shelf (OCS) Production Program. The production on this map are not for Federal leasing purposes; for such purposes refer to the OCS Official Production Diagram available from the Bureau of Land Management.
