

Base map information including bathymetry was compiled by the National Ocean Service (NOS). Bathymetry compiled from NOS hydrographic survey data (see index) which comply with International Hydrographic Organization (IHO) Special Publication 44 standards provided as those used at the time of the survey. This information is not intended for navigational purposes.

Official Traverse Measured Grid Zone 18, 1200 Meter Yards (1:250,000) are shown inside the coastline.

DPMS (Depth Positioning System) data, printed or not, compiled by the Military Manager Service. Heavy lines indicate lines of 1000 Meter Contoural Staff Official Positioning Diagrams. The production of this map was not for Federal (public) purposes, for such purposes refer to the OCS Official Positioning Diagram available from the Military Manager Service.
