

BATHYMETRIC MAP

Bathymetric information including bathymetry was compiled by the National Ocean Service (NOS). Bathymetry compiled from NOS hydrographic surveys supplemented by other hydrographic sources (see notes). NOS hydrographic survey data complies with International Hydrographic Organization (IHO) Special Publication 44 accuracy standards at those used at the date of the survey. This information is not intended for navigational purposes.

Universal Transverse Mercator (UTM), Zone 17, 10000 Meter Grid (1:100,000) is shown inside the map.

Climate prediction survey data (present in red) compiled by the Bureau of Land Management. Name lines indicate levels of BLM Outer Continental Shelf Offshore Production Program. The information on this map does not for Federal leasing purposes. For such purposes refer to the OCS Offshore Production Diagram available from the Bureau of Land Management.
