

Base map information including bathymetry was compiled by the National Ocean Service (NOS). Bathymetry was compiled from NOS hydrographic survey data supplemented by bathymetric information from other sources (see index). NOS hydrographic survey data conforms with International Hydrographic Organization (IHO) Publication No. 2000 standards or better and of the date of the survey. This information is not intended for navigational purposes.

Source: Trawler Survey Data, Zone 2, 1000 Meter Ticks (-) are shown inside the outline.

Depth projection survey data, printed in red, reported to the Mineral Management Service. Heavy lines indicate limits of MMS Outer Continental Shelf (OCS) Petroleum Program. The projections on this map are not for Federal OCS purposes. For such purposes refer to the OCS Outer Continental Shelf Survey Data available from the Mineral Management Service.

HYDROGRAPHIC SURVEY DATA

DATE	NO. OF STATIONS	NO. OF SOUNDINGS	NO. OF FATHOM SOUNDINGS	NO. OF METRIC SOUNDINGS
1985	100	1000	1000	1000
1986	100	1000	1000	1000
1987	100	1000	1000	1000
