

Base map information including bathymetry was compiled by the National Ocean Service (NOS). Bathymetry was compiled from NOS hydrographic surveys supplemented by hydrographic information from other sources (see index). NOS hydrographic survey data compiled with International Hydrographic Organization (IHO) Publication 44 accuracy standards at those used at the date of the survey. This information is not intended for navigational purposes.

Minimum Transverse Mercator Grid Zone 5, TDRS water side (-) zone shown inside the coastline.

Offshore projection survey data, printed in red, compiled by the Minerals Management Service. Heavy lines indicate limits of shelf. Outer Continental Shelf Official Projection Diagram. The projections on this map are not for Federal Licensing purposes; for such purposes refer to the OCS Official Publication Diagram available from the Minerals Management Service.
