

# BATHYMETRIC MAP

Base map information including bathymetry was compiled by the National Ocean Service (NOS). Bathymetry was compiled from NOS hydrographic surveys supplemented by hydrographic information from other sources (see index). NOS hydrographic survey data compiled with International Hydrographic Organization (IHO) Publication 48 accuracy standards as those used at the date of the survey. This information is not intended for navigational purposes.

Universal Transverse Mercator Grid Zone 3, 10,000 meter grid (1-1) and down inside the profile.

Offshore promotion survey data, printed in red, compiled by the Minerals Management Service. Heavy lines indicate limits of MMS Outer Continental Shelf Official Promotion Diagrams. The positions on this map are not for Federal leasing purposes; for such purposes refer to the OCS Official Promotion Diagrams available from the Minerals Management Service.

HYDROGRAPHIC SURVEY INFORMATION

| DATE | NO. OF SOUNDINGS | NO. OF OBSERVATIONS | NO. OF OBSERVATIONS |
|------|------------------|---------------------|---------------------|
| 1988 | 1,000            | 1,000               | 1,000               |
