

BATHYMETRIC MAP

Bathymetry compiled by the National Ocean Service (NOS) from Bathymetry Data other than NOS hydrographic surveys. This information is not intended for navigational purposes. Universal Transverse Mercator (Zone 18, 1800) Mean True (MT) are shown inside the rectangle. Offshore geophysical survey data, printed in red, compiled by the Minerals Management Service. Heavy lines indicate lines of MMS Outer Continental Shelf Offshore Production Equipment. The projections on this map are not for Federal leasing purposes; for such purposes refer to the OCS Offshore Production Diagram available from the Minerals Management Service.

EXPLANATION OF BATHYMETRIC DATA

Bathymetry compiled by the National Ocean Service (NOS) from Bathymetry Data other than NOS hydrographic surveys. This information is not intended for navigational purposes. Universal Transverse Mercator (Zone 18, 1800) Mean True (MT) are shown inside the rectangle. Offshore geophysical survey data, printed in red, compiled by the Minerals Management Service. Heavy lines indicate lines of MMS Outer Continental Shelf Offshore Production Equipment. The projections on this map are not for Federal leasing purposes; for such purposes refer to the OCS Offshore Production Diagram available from the Minerals Management Service.
