

BATHYMETRIC MAP

Base map information including bathymetry was compiled by the National Ocean Service (NOS). Bathymetry compiled from 1925 hydrographic surveys supplemented by other hydrographic charts (see index). NOS hydrographic surveys comply with International Hydrographic Organization (IHO) Special Publication 48 accuracy standards or those used at the date of the surveys. This information is not intended for navigational purposes. Geoidal Verticals Mean Sea (Zone 4, 1980 Mean) Table 1-1 are shown inside the map.

Oblique projection survey 2005, printed in red, compiled by the Minerals Management Service. Heavy lines indicate limits of MMS Outer Continental Shelf Official Publication Diagram. The positions on this map are not for Federal leasing purposes. For such purposes, refer to the OCS Official Publication Diagram available from the Minerals Management Service.

HYDROGRAPHIC SURVEY INFORMATION

| DATE | NO. OF SOUNDINGS | DEPTH | DEPTH |
