

Base map information including bathymetry was compiled by the National Ocean Service (NOS). Bathymetry compiled from NOS hydrographic surveys (see index). NOS hydrographic survey data complies with International Hydrographic Organization (IHO) Special Publication 88 accuracy standards as those used at the date of the survey. This information is not intended for navigational purposes.

Universal Transverse Mercator Grid, Zone 3, 1600 Meter Ticks (1-2) are shown inside the mapline.

Offshore geophysical survey data, printed in red, compiled by the Minerals Management Service. Heavy lines indicate limits of the Outer Continental Shelf Official Formation Diagram. The projections on this map are for Federal Licensing purposes; for such purposes refer to the OCS Official Formation Diagrams available from the Minerals Management Service.
