BATHYMETRIC MAP

SHELIKOF STRAIT
KARLUK

Base map information including bathymetry was compiled by the National Ocean Service (NOS). Bathymetry compiled from NOS hydrographic survey data supplemented by other hydrographic sources (see index). NOS hydrographic survey data conforms with International Hydrographic Organization (IHO) Special Publication 44 depth standards or those used at the date of the survey. No information is included for navigational purposes. (General Traverse Method Code Book 0-7000 Meter Table (-) can show more detail.)

Other geographic survey data printed on this chart by the Alaska Management Service, Marine Information Office of the Alaska Continental Shelf Offshore Production Division. The projection on this map is not for Federal Laying purposes; for such purposes refer to the OCS Offshore Production Diagram available from the Alaska Management Service.
