BATHYMETRIC MAP

OREGON COAST
TILLAMOOK BAY

Base map information including bathymetry was compiled by the National Ocean Service (NOS). Bathymetry was compiled from NOS hydrographic survey supplemented by hydrographic information from other sources (see index). NOS hydrographic surveys were conducted with International Hydrographic Organization (IHO) Publication 44 survey standards in full use at the date of the survey. This information is not intended for navigational purposes.

Universal Transverse Mercator Grid, Zone 18, 11000 Meter Ticks (1:100,000 scale) are shown.

Official publication survey data, printed in red, compiled by the Strategic Management Service. Heavy lines indicate form of 1985 Outer Continental Shelf Offshore Production Program. The information on this map are not for Federal leasing purposes; for such purposes refer to the OCS Offshore Production Program available from the Strategic Management Service.
