K-12 Benchmarks

April 30th, 2008!

Teresa Grossi returns to Seattle on ~~February 27th~~ to present K-12 Benchmarks for Success for students with developmental disabilities. As it becomes more apparent that employment should be an expectation from an early age, it is more important to implement supports to ensure that each student is given the best possible chance to achieve gainful employment. But what are the timelines? How can you evaluate each individual as they progress? An immensely popular presenter last year, Teresa Grossi is sure to bring energetic discussion to school staff, educators, teachers, and para-educators.
