CLAUSE 4 - REIMBURSABLE COSTS & EXPENSES (A-E)

(a) Types of Reimbursables:

The Subcontractor shall be reimbursed for certain costs and expenses associated with the architect-engineer work for which it has not otherwise been compensated, and which have been incurred with the prior written approval of the University. Such reimbursable costs and expenses shall not exceed a total of the aggregate for reimbursable costs, as set forth in the Subcontract. The following are the descriptive categories of work which may be considered for reimbursable costs:

- 1. Topographical and Other Field Survey Costs. Actual costs of labor, materials and equipment use; traveling expenses directly associated therewith; transportation of items and material as may be required and approved; subcontracts as approved; preparation of maps; test borings if required by University; and any subsurface investigations if required and approved by University.
2. Labor/Material and Equipment Costs - Travel Costs for Resident and Field Engineer - Inspector Expenses. The actual costs of labor,

Such material may be required and specifically requested by University on occasion. (NOTE: This specific reimbursable cost category does not include "as-built" record drawings and specifications as may be required for Title III Construction Services

7. Special Documents. Actual costs of labor, materials, and equipment use for copies of special documents that have been prepared with University approval.

8. Expenses of Subcontractor's Supervising Representative. Actual expenses of travel of the Subcontractor's supervising representative in direct performance of this Subcontract in addition to the normal supervision furnished or otherwise delineated in the Subcontract.

Any Foreign Travel (any travel outside of the United States and its territories and possessions) will require prior written approval by LBNL and DOE.

(b) Payment for Reimbursables:

- 1. Payments for costs/expenses which are reimbursable under the provisions of this Subcontract shall be made to the Subcontractor at intervals as agreed to by the University and the Subcontractor.
2. Payments to the Subcontractor shall be made only after the specific costs/expenses have been incurred by Subcontractor, and

invoicing has been substantiated by copies of paid (by Subcontractor) invoices or other substantiating documentation that such costs/expenses have been, in fact, incurred by the Subcontractor.

3. It is the responsibility of the Subcontractor to notify the University in writing when at least eighty percent (80%) of the total "reimbursable costs/expenses" as set forth in the Schedule have been expended. This written notification shall be furnished to the University's procurement and technical representatives.

CLAUSE 5 - CONSTRUCTION BUDGET

LBNL shall establish the construction budget for each project authorized under the Subcontract. The Subcontractor has the responsibility to prepare preliminary and final designs, along with their associated cost estimates, within LBNL's construction budget. Whenever a preliminary or final cost estimate varies by ten (10) percent or more from the established construction budget, the Subcontractor shall, at LBNL's option, and at no additional cost to LBNL, revise the preliminary and/or final designs for LBNL's approval, in order to bring the estimated cost of construction within ten (10) percent of the established construction budget.

In the event that construction bids exceed the established construction budget by more than ten (10) percent, LBNL may require the Subcontractor to redesign the project, at no additional cost to LBNL, so that LBNL can re-solicit new construction bids until they are within ten (10) percent of the construction budget.

CLAUSE 6 - RELEASE OF INFORMATION

The Subcontractor agrees that information regarding this Subcontract and the name of the University, LBNL, or the Government shall not be used, in any publications, news releases, advertising, speeches, technical papers, photographs and other releases of information, without prior written approval from the University's Procurement Specialist.

CLAUSE 7 - NOTICES - INABILITY TO PERFORM; LITIGATION AND CLAIMS

The Subcontractor shall immediately notify the University's Procurement Specialist in writing of (1) any action, including any proceeding before an administrative agency, filed against the Subcontractor arising out of the performance of this Subcontract, and (2) any claim against the Subcontractor, the cost and expense of which is allowable under the terms of this Subcontract.

If, at any time during the performance of this Subcontract, the Subcontractor becomes aware of any circumstances whatsoever which may jeopardize its fulfillment of the agreed performance of all or any portion of the Subcontract, it shall immediately notify the University's Procurement Specialist in writing of such circumstances, and the Subcontractor shall take whatever action is necessary to cure such defect within the shortest possible time.

CLAUSE 8 - DISPUTES (A-E)

All claims, disputes and other matters in question between the parties to this Subcontract, arising out of or related to this Subcontract or the breach thereof, shall be decided by arbitration in accordance with the Construction Industry Arbitration Rules of the American Arbitration Association then obtaining unless the parties mutually agree otherwise, except as otherwise provided in this Subcontract or unless such claims, disputes and other matters in question between the parties arise from statute or regulation under which a State or Federal agency is specifically authorized to settle or determine.

Notice of the demand for arbitration shall be filed in writing with the other party to this Subcontract and with the American Arbitration Association. The demand shall be made within a reasonable time after the claim, dispute or other matter in question has arisen. In no event shall a demand for arbitration be made after the date when the institution of legal or equitable proceedings based on such claim, dispute or other matter in question would be barred by the applicable statute of limitations.

The award rendered by the arbitrators shall be final, and judgment may be entered upon it in accordance with California law in any court having jurisdiction thereof.

If any claim, dispute, or other matter in question between the construction contractor and the University is submitted to arbitration and either party claims that the acts or omissions of the Subcontractor are involved in whole or in part, any controversy between the Subcontractor and the University arising out of or in connection therewith, shall be determined in the same arbitration proceeding which shall be conducted under the Construction Industry Rules of the American Arbitration Association. This agreement to arbitrate such controversies between the Subcontractor and University shall be specifically enforceable.

CLAUSE 9 - LIABILITY FOR INJURY TO PERSONS AND DAMAGE TO PROPERTY

The Subcontractor assumes the entire responsibility and liability for losses, expenses, damages, demands, and claims in connection with or arising out of any personal injury (including death), and/or damage or destruction or alleged damage to or destruction of property, sustained, or alleged to have been sustained, in connection with or arising out of the performance of the work by the Subcontractor, its agents, servants, employees, subcontractors and consultants, save and except that the Subcontractor, its agents, servants, employees, subcontractors and consultants shall not be liable for the sole negligence of the University. The Subcontractor shall indemnify and hold harmless the University and the Government, their officers, agents, servants, and employees from any and all liability for such losses, expenses, damages, demands, and claims, and shall defend any suit or action brought against any or all of them based on any alleged personal injury or property damage, and shall pay any damages, costs and expenses, including attorney's fees, in connection with or resulting from such suit or action. This clause shall have no application to public liability for a nuclear incident as defined in the Atomic Energy Act of 1954, as amended, to the extent the Subcontractor is indemnified under said law.

CLAUSE 10 - NON-WAIVER OF DEFAULT (A-E)

Neither the rights of review, comment, or approval, conferred on the University, nor the University's exercise of those rights shall relieve the Subcontractor from any obligation imposed by law or this Subcontract, or shall constitute a waiver by the University of rights arising under this Subcontract or at law.

No payment, final or otherwise, shall operate to relieve the Subcontractor from any obligation arising under this Subcontract or at law, or shall constitute a waiver of claims by the University for errors or omissions, the Subcontractor's failure to comply with the requirements of the Subcontract, or arising from representations or undertakings by the Subcontractor under this Subcontract. All payments to the Subcontractor shall be contingent and subject to recalculation and recoupment in the event of termination for cause or in the event of later discovery of any defect or deficiency in the Subcontractor's performance hereunder.

In the event either the Subcontractor or University shall at any time or times waive any breach of this Subcontract by the other, such waiver shall not constitute a waiver of any other breach of this Subcontract, whether of the same or any other covenant, condition, right, event, term, or obligation.

CLAUSE 11 - COST ACCOUNTING STANDARDS LIABILITY

Reference is made to the clause of these General Provisions entitled "Cost Accounting Standards" or "Disclosure and Consistency of Cost Accounting Practices." Notwithstanding the provisions of that clause, or of any other provision of this Subcontract, the Subcontractor shall be liable to the University for any increased costs, or interest thereon, resulting from any failure of the Subcontractor, with respect to activities carried on at the site of the work, or of a subcontractor, to comply with applicable cost accounting standards or to follow any practices disclosed pursuant to the requirements of such clause.

CLAUSE 12 - ASSIGNMENTS

This subcontract may be assigned by the University to the U.S. Government or a successor-in-interest to the University.

Except as to assignment of payment due hereunder, the Subcontractor shall have no right, power or authority to sell, mortgage, transfer or assign this Subcontract, any portion hereof, any interest herein or any claim hereunder, nor allow or permit any other party or parties to have any interest in or use any part of the rights or obligations granted hereunder for any purpose whatsoever without the prior written consent of the University.

The Subcontractor shall ensure that all workers requiring unescorted/unbadged access to an LBNL site complete the on-line *General Employee Radiation Training (GERT)*, available at: <http://ehswprod.lbl.gov/EHSTraining/GERT/default.asp>. A GERT booklet is available at the Site Access Office in Building 65B and at: http://www.lbl.gov/ehs/html/training_pdf/GERT_PDFONLY.pdf.

CLAUSE 14 – INJURY REPORTING

(a) Subcontractor shall report all injuries to Subcontractor's employees that qualify for inclusion on Subcontractor's Cal-OSHA log to the University within 10 days of occurrence of the injury. Subcontractor shall furnish a copy of its supplemental injury report form (OSHA form 101 or equivalent) for each such case.
