## Section XII: Training Requirements for Uranium Recovery Inspector

## A. Applicability

The training described below is required for all uranium recovery inspectors assigned to perform uranium recovery inspection at uranium mill sites.

## **B.** Training

- 1. Required Initial Training
- a. Self Study and On-the-Job Training
- (1) NRC Orientation
- (2) Code of Federal Regulations
- (3) Office Instructions
- (4) Regulatory Guidance
- (5) NRC Inspection Manual
- (6) Industry Codes and Standards
- (7) Inspection Accompaniments
- (8) NRC Management Directives
- (9) Review of Significant Events at Uranium Recovery Facilities
- b. <u>Core Training</u>. These courses establish minimum formal classroom training requirements. Refer to Section 1246-11 for exceptions to these requirements.
- (1) Fundamentals of Inspection Course (G-101) or Inspection Procedures Course (G-108)
- (2) Root Cause/Incident Investigation Workshop (G-205)

- (3) Inspecting for Performance Course Materials Version (G-304)
- (4) Effective Communications for NRC Inspectors
- (5) OSHA Indoctrination Course (G-111)
- (6) NMSS Radiation Worker Training (H-102)
- (7) General Health Physics Practices for Uranium Recovery Course (F-104) or General Health Physics Practices for Fuel Cycle Facilities Directed Self-Study Course (F-102S)
- (8) NRC Inspection Team Leader Workshop
- c. <u>Specialized Training</u>. Depending on the employee's previous work experience and planned activities, additional courses may be required in order to gain knowledge necessary for specialized inspection activities. Management will make this determination on an individual basis.
- 2. <u>Supplemental Training</u>. Additional training beyond that identified as Core Training. This training will be determined by the individual's supervisor and will depend on the individual's previous work experience and planned inspection activities in specific areas.
- 3. <u>Refresher Training</u>. Refresher training will be conducted every three years following initial certification. Refresher training will include the following:
- (1) Fundamentals of Inspection Refresher Course (G-102)
