DOCKET NO. 9305

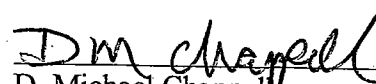

ORDER GRANTING MOTIONS FOR EXTENSION OF TIME

On October 14, 2003, non-parties BP West Coast Products LLC, Chevron USA, Inc., Equilon Enterprises LLC d/b/a Shell Oil Products (US), Exxon Mobil Corporation, Motiva Enterprises LLC, and Shell Oil Company (collectively, "the non-party refiners") filed two motions for extending the deadline by which they may file motions for *in camera* treatment of documents. The first motion seeks an extension until October 17, 2003 for filing a motion for *in camera* treatment for documents that Respondent has designated for possible introduction at the hearing in the above referenced matter. The second motion seeks an extension until October 24, 2003 for filing a motion for *in camera* treatment for documents that Complaint Counsel has designated for possible introduction at the hearing in the above referenced matter. Both motions are unopposed.

The requests for extensions of time are GRANTED.

Pursuant to Commission Rule 3.45(b), *in camera* treatment may be granted to material "only after finding that its public disclosure will likely result in a clearly defined, serious injury to the person, partnership or corporation requesting *in camera* treatment." 16 C.F.R. § 3.45(b). Accordingly, to the extent that each of the individual "non-party refiners" seeks *in camera* treatment for its own proprietary information, each corporation must submit its own motion for *in camera* treatment.

ORDERED:

D. Michael Chappell
Administrative Law Judge

Date: October 14, 2003
