COMMENTS:

Our concern is the effect of accessing the "World Famous"
Lone Mountain Turquoise Mine located in the General Thomas
foot hills, west of Tonopah. From studying the maps, it would
appear that at least one route would cross Paymaster Canyon Rd,
which is how I commute to our mine. During mining season, I
cross the old RR bed everyday. To eliminate this crossing would
be an enormous economic problem for us. All we want is to be able
to still access the mine from Paymaster Canyon.

Please feel free to attach additional pages (if mailing, more postage may be needed).
