

U.S. Department of Energy Supplemental Yucca Mountain Repository Environmental Impact Statement

SCOPING COMMENT SHEET

Name: Jeanne Rucker

COMMENTS:

My concern relates to the response capabilities of local/state public health agencies in the event of ~~an~~ a radiologic release. Funding is required to be funneled through the State/tribes; The Nevada agencies responsible (NDEP, DEM, NSHD) at the state level have no response personnel. Therefore it defaults to local public/environmental health agencies, such as ours.

Please feel free to attach additional pages (if mailing, more postage may be needed).
