20 And the comment that I wanted to be sure
21 and make is that I think the -- if and when the
22 railroad line is decided upon, that it needs to be
23 for multiple uses and for as many uses as possible
24 and enhance the whole project, especially in the area
25 of public transportation.

1 And I'm also in favor of the Yucca
2 Mountain project. Compared to spreading nuclear
3 waste throughout the country, I think it makes sense
4 to consolidate that and provide the safety and
5 security for it all in one location, rather than
6 distributing it throughout the United States.
