

Oregon Business Energy Tax Credit

Application for Preliminary Certification for Alternative Fuels*

**If you have an Alternative Fuel Infrastructure project, please use the new form "Application for Preliminary Certification for Alternative Fuel Infrastructure Project." (3/08 ODOE CF-182)*

Business owners and others who invest in alternative fuel projects in Oregon may be eligible for a state tax credit. The tax credit for Alternative Fuel Projects is 35 percent of eligible project costs. The tax credit is filed over five years: 10 percent in the first and second years and 5 percent each year thereafter. For projects with eligible costs of \$20,000 or less, the tax credit may be taken in one year. Unused credits can be carried forward up to eight years.

Eligible Applicants

An eligible applicant (a project owner) must meet the following three requirements:

1. Be a trade, business or rental property owner with a business site in Oregon **or** Be an Oregon non-profit organization, tribe, or public entity that partners with an Oregon business or resident;
2. Own or be the contract buyer of the project; and
3. Use the equipment or lease it to another person or business in Oregon.

Pass-through Option

Non-profit organizations, schools and other public entities that do not have an Oregon tax liability may participate in the Business Energy Tax Credit Program by using the Pass-through Option. Project owners may "pass-through" or transfer their 35 percent tax credit project eligibility to a pass-through partner in exchange for a lump-sum cash payment. The Oregon Department of Energy determines the rate that is used to calculate the cash payment. Both the project owner and pass-through partner must sign the Application for Final Certification for Pass-through Projects before a Final Certification is issued to the pass-through partner. The same review, rules and standards apply to projects approved under the Pass-through Option as those using the regular Business Energy Tax Credit Program. **Please note:** The Pass-through Option is also available to a project owner with an Oregon tax liability who chooses to transfer his or her tax credit. There may be tax implications to using the Pass-through Option. Please consult your tax preparer.

Timing

The Oregon Department of Energy must receive the Application for Preliminary Certification for Conservation Projects **BEFORE** the project owner financially commits to start the energy project. For example, an owner must apply before purchasing equipment or signing a contract. If a project owner starts a project and then decides to apply for the tax credit, the owner must submit a written request for a waiver with the application. The waiver request and application must be sent within 90 days of the project start date and must demonstrate an extenuating business circumstance that caused the delay in the application. Under extraordinary circumstances, the Director of the Oregon Department of Energy may extend the waiver period.

Work on the project must begin within three years of the approval date of the Preliminary Certificate or within three years of the approval date of any changes to the project. Projects must have a simple payback of more than one year. Projects with simple paybacks greater than 15 years will have eligible costs prorated accordingly. A project owner must receive a Final Certificate before the credit can be claimed on an Oregon tax return.

Confidential Information and Disclosure

The State of Oregon's Public Records Law (ORS 192.410 et seq.) (PRL) applies to tax credit applications submitted to the Oregon Department of Energy. The law states every person has a right to inspect any public record of a public body, subject to certain exceptions.

Trade secrets and confidential business records information may be exempt from disclosure. Certain information, including trade secrets (ORS 192.501(2) and confidential submissions (ORS 192.502(4)), may be exempt from disclosure under exemptions to the PRL. Please consult your legal counsel to determine whether these or other exemptions could apply to your application.

Mark on each page any information that you believe are trade secrets, business records or that is otherwise protected under the PRL and that you request to be kept confidential. Marking information does not guarantee that it will be kept confidential. The Director of the Oregon Department of Energy will make any decisions regarding public disclosure of information contained in this application in accordance with the Oregon Public Records Law.

Under certain circumstances, as set out in ORS 192.445 (1), the personal safety exemption to the PRL, the Oregon Department of Energy is authorized to withhold your address, phone number and electronic mail address. If you want to claim this exemption under the PRL, please contact the Oregon Department of Energy prior to sending in your application for a Business Energy Tax Credit. Please consult your legal counsel to determine whether this exemption applies to you.

The Oregon Department of Energy does not endorse any company that requests application information and does not sell this information as a mailing list.

Before the project begins:

1. A project owner must complete the Application for Preliminary Certification for Alternative Fuel Projects. He or she must send the signed form, supporting documentation, and payment for review costs to the Oregon Department of Energy before the project begins. Incomplete applications will not be accepted. **Note:** If using Microsoft WORD version of the application, check the Web site to ensure the latest version is being used. (Dates are in the lower right-hand corner.)
2. A project owner may start the project when he or she receives a Preliminary Certificate. The Oregon Department of Energy usually takes four to six weeks to review an application provided all necessary information is submitted. Incomplete or inadequate information may result in a delay in approval or in denial of the application. Please note: A project owner may begin the project before receiving a Preliminary Certificate, however, there is no guarantee the project will be approved.
3. If vital characteristics of the project change after receiving the Preliminary Certificate, the project owner should submit a signed, written, detailed description of the changes to the project and energy savings estimates. An increase in cost only does not qualify as a project change. If the Department of Energy approves a project change, a project owner may be required to pay an additional review cost.

After the project is complete:

1. A project owner should apply to the Oregon Department of Energy for final certification when the project is completed. If project costs are \$50,000 or more, an owner must send a letter from a certified public accountant (not employed by the project owner) stating that he or she has reviewed the project costs. If project costs are less than \$50,000, the project owner should send copies of the dated invoices, canceled checks or receipts that are marked "paid."
2. The Oregon Department of Energy will review the final application and upon approval issue a Final Certificate. Under no circumstances can the Oregon Department of Energy approve more than 10 percent above the amount of estimated project costs shown on the Preliminary Certificate unless the project was amended in writing and received approval before completion. The sum of all financial incentives and the tax credit may not exceed the total eligible project costs.
3. A tax credit recipient may file the tax credit over five years (10 percent for years one and two; 5 percent for years three, four and five). If the eligible project costs are \$20,000 or less, a tax credit recipient may file for the tax credit in one year. A tax credit recipient may begin claiming the tax credit the year the project is finished or the year the Oregon Department of Energy issues the Final Certificate.

Questions? For questions on claiming the tax credit, contact the Oregon Department of Revenue (www.oregon.gov/DOR) or call 1-800-356-4222.

Call the Oregon Department of Energy at 1-800-221-8035 (toll-free in Oregon) or (503) 378-4040 (Salem). Or visit our Web site (www.oregon.gov/energy).

Business Energy Tax Credit Application for Preliminary Certification

Alternative Fuel Project

Are you eligible?

Yes No

- Have you submitted this application before financially committing to start this energy project? (e.g. signing a contract, ordering equipment, etc.)
- If no, have you attached a request for a waiver?
- Will the project use a minimum 20% blend of alternative fuel
- Are you interested in using the Pass-through Option?*

*The Pass-through Option will allow you to transfer your tax credit project eligibility to another business or individual (a pass-through partner) in exchange for a lump-sum payment. The payment amount is calculated using the pass-through rate. To use the Pass-through Option, check the Yes box above, complete this application form and send the form to the Oregon Department of Energy. There may be tax implications to using the Pass-through Option. Please consult your tax preparer.

For office use only

Application #:

Date received:

1. Project owner information (We will send all correspondence to this person.)

Project owner's name:

Tax I.D. # or SSN*:

Site address:		
City:	County:	Zip:
Total square footage affected by this project :		

4. Estimated construction or installation dates	
Estimated start date:	Estimated completion date:

5. May the Oregon Department of Energy publicize your project to promote efficiency to other businesses?
<input type="checkbox"/> Yes <input type="checkbox"/> No

6. How did you learn of the Business Energy Tax Credit Program?
<input type="checkbox"/> Associate <input type="checkbox"/> Advertisement <input type="checkbox"/> Workshop <input type="checkbox"/> Utility <input type="checkbox"/> Vendor <input type="checkbox"/> Other:

7. Tax credit eligibility requirements—To be eligible, you must meet one of the following requirements. Check the requirement your project will meet.
<input type="checkbox"/> A new vehicle that uses an alternative fuel, OR
<input type="checkbox"/> A converted vehicle that uses an alternative fuel

8. Type of alternative fuel used Must be 20% blend or higher (Check one box)
<input type="checkbox"/> Electricity <input type="checkbox"/> Natural gas <input type="checkbox"/> Propane <input type="checkbox"/> Hybrid (gas/electric) <input type="checkbox"/> Ethanol (E85) <input type="checkbox"/> Hydrogen <input type="checkbox"/> Gasohol <input type="checkbox"/> Biomass <input type="checkbox"/> Hybrid (diesel/electric) <input type="checkbox"/> Methanol <input type="checkbox"/> Hythane <input type="checkbox"/> Methane <input type="checkbox"/> Biodiesel

9. Project description

A. **Describe the project briefly**, including present vehicles, fueling conditions, and how the project will change them. For example: "Operate a fleet of 20 gasoline-powered cars; will convert refueling equipment to pump E85." If your description is longer than space provided, please use a separate attached sheet.

B. Fuel type being replaced:]

- Gasoline _____ gallons per year
- Diesel _____gallons per year
- Other (specify fuel, units and amount) _____per year

OVER

10. New vehicle information – Attach a separate sheet for multiple vehicles.	
Make of vehicle:	Model of vehicle:
VIN number (use serial number if VIN is not available):	

11. Equipment specifications and estimated project cost —List the brand name, model and cost of each major piece of equipment. Attach performance specifications and a blueprint or descriptive line diagram. If more space is needed, attach a separate sheet. Note: Alternative fuel conversion equipment and new alternative fuel vehicles must be on the Department of Environmental Quality’s approved list. Call the DEQ for verification (503) 731-3050.	
Equipment and materials (vehicle conversion equipment, new vehicles, fueling station, etc.):	Estimated cost:
Installation and labor:	Estimated cost:
Other: (Do not include Business Energy Tax Credit review costs)	Estimated cost:
Total of Estimated Costs from above:	A. \$
Deduct federal grants: Note: OAR 330-090-0110 (19) (n) The sum of any rebates or cash payments under ORS 469.631 to 469.645, 469.649 to 469.659, 469.673 to 469.683, or 757.612(5)(a), or from a public purpose organization and the Business Energy Tax Credit may not exceed eligible costs.	B. \$
TOTAL Eligible Project Cost Take A and subtract B and C to get the total Eligible Project Cost (D)	D. \$

OVER

12. Business Energy Tax Credit review charge

Applications will **not** be reviewed until review charge is paid in full.

Total eligible project cost (See 9-D) _____ x .0060 = \$ _____

Minimum payment required is \$30; maximum payment is \$35,000. Make check payable to the Oregon Department of Energy and include with this application. You may also pay by Visa or MasterCard.

I want to pay by Visa/MasterCard. Please contact me at this phone number: _____.

If all or a portion of your application is denied, or if a change in your project results in lower costs, a portion up to 75 percent of this payment may be refunded within two years of pre-certification. If you add to your approved project, you must send a written description of the additions and the costs to be eligible for a tax credit. If the Oregon Department of Energy approves the additional eligible costs, an additional payment may be required. For more information, see Oregon Administrative Rule 330-90-0150(2).

OVER

13. Project Owner Preliminary Statement

1. I understand that Oregon Department of Energy approval and certification of my project is for tax credit purposes only. The Oregon Department of Energy does not guarantee or in any way ensure the performance of any equipment, the quality of any system or the reliability of any dealer.
2. I agree that the project will comply with all local, state and federal requirements. I will obtain all necessary permits.
3. I will permit the Oregon Department of Energy or its agents to inspect the project at its discretion to make sure the project qualifies for the tax credit. I understand that if I give false information about the project, or if I refuse to permit the Oregon Department of Energy to inspect the project, I will not get the tax credit.
4. I understand that this tax credit application is a public record and that Oregon Department of Energy may be required by law to disclose information in this tax credit application to the public on request. I have marked any information that I request be kept confidential. I understand that marking information does not guarantee that it will be kept confidential and that the Director of the Oregon Department of Energy will make any decisions regarding public disclosure of information contained in this application in accordance with the Oregon Public Records Law.
5. I understand that the Oregon Department of Energy does not endorse any company that requests information on this application and does not sell information as a mailing list.
6. I hereby release the State of Oregon and its commissions, agencies, officers, employees, contractors, and agents, and agree to defend and indemnify the foregoing from and against any claims, demands, or costs (including attorney and expert witness fees at trial and on appeal) arising from or in any way related to the Oregon Department of Energy's issuance or failure to issue any pre-certification or final certification for a Business Energy Tax Credit, or any party's inability to obtain a Business Energy Tax Credit.
7. I understand that the sum of all financial incentives and the tax credit can not exceed the total eligible project cost.
8. I have enclosed a check to the Oregon Department of Energy or will pay by Visa or MasterCard for the review charge.
9. I verify that the project owner does not restrict membership, sales, or services on the basis of race, color, creed, religion, national origin, sexual preference or gender.
10. I have completed this form to the best of my knowledge.
11. I certify that I am the project owner or the authorized agent.

I have read and agree with the terms, conditions of the Project Owner Preliminary Statement.
