Is City/County interested in partnering with GEO in serving low-income energy consumers? Yes No

GEO operates three methods for delivering easy-to-install devices to low-income households. Which approach(es) are you interested in? (Check all that apply) See descriptions on attached page for additional detail.

Home visits conducting by Youth Corps teams

Kit distribution in conjunction with Energy Outreach Colorado-provided fuel bill assistance

Kit distribution via mailing to targeted households

Each method has a different cost per household served, and a different success rate (in terms of achieving the goal of getting energy efficient devices installed).

How many households would you like to reach via each method?

Table with 3 columns: Method, #, and \$. Rows include: Via Youth Corps visits (\$150/home), Via Energy Outreach Colorado (\$110/home), Via Mail (\$35/home), and Total.

GEO is willing to fund 50% of the total budget, up to a total of \$25,000.

Is the City/County willing to fund 50%? Yes No

Is City/County interested in partnering with other local governments? Yes No

If City/County is interested in partnering with other local governments, please list all potential partner cities

Can the City/County assist in accessing data to use in targeting services? Yes No
