

The boundaries of the regular blocks are 4,800 international meters on a side and contain 2,304 hectares. The regular boundary areas are defined in terms of X and Y coordinates of the Universal Transverse Mercator Grid System based on the Geodetic Reference System (GRS) 80 Ellipsoid.

The areas of the fractional blocks abutting the Exclusive Economic Zone Limit have been determined and are as depicted on the Supplemental Official Block Diagrams.

The coordinate values appearing on this document were derived using NAD83/WGS84.

Although not shown, the 200 nautical mile Exclusive Economic Zone (EEZ) limit lies within this diagram.
