

3. A waiver of section 1902(a)(10)(B) of the Act is requested to target waiver services to one of the select group(s) of individuals who would be otherwise eligible for waiver services:

a. _____ aged (age 65 and older)

b. _____ disabled

c. _____ aged and disabled

d. _____ mentally retarded

e. _____ developmentally disabled

f. X mentally retarded and developmentally disabled

g. _____ chronically mentally ill

4. A waiver of section 1902(a)(10)(B) of the Act is also requested to impose the following additional targeting restrictions (specify):

a. _____ Waiver services are limited to the following age groups (specify):

b. _____ Waiver services are limited to individuals with the following disease(s) or condition(s) (specify):

c. _____ Waiver services are limited to individuals who are mentally retarded or developmentally disabled, who currently reside in general NFs, but who have been shown, as a result of the Pre-Admission Screening and Annual Resident Review process mandated by P.L. 100-203 to require active treatment at the level of an ICF/MR.

If yes, waiver services will be furnished only to individuals in the following geographic areas or political subdivisions of the State (Specify):

Waiver services are not uniformly available in all geographical areas of the state.

10. A waiver of the amount, duration and scope of services requirements contained in section 1902(a)(10)(B) of the Act is requested, in order that services not otherwise available under the approved Medicaid State plan may be provided to individuals served on the waiver.

11. The State requests that the following home and community-based services, as described and defined in Appendix B.1 of this request, be included under this waiver:

a. _____ Case management

b. _____ Homemaker

c. _____ Home health aide services

d. _____ Personal care services

e. X Respite care

f. _____ Adult day health

g. X Habilitation

 X Residential habilitation

 X Day habilitation

 X Prevocational services

 X Supported employment services

_____ Educational services

- h. X Environmental accessibility adaptations
- i. _____ Skilled nursing
- j. X Transportation
- k. X Specialized medical equipment and supplies
- l. _____ Chore services
- m. _____ Personal Emergency Response Systems
- n. _____ Companion services
- o. _____ Private duty nursing
- p. X Family training
- q. _____ Attendant care
- r. _____ Adult Residential Care
- _____ Adult foster care

- s. X Extended State plan services (Check all that apply):
 - _____ Physician services
 - _____ Home health care services
 - X Physical therapy services
 - X Occupational therapy services
 - X Speech, hearing and language services
 - _____ Prescribed drugs
 - _____ Other (specify):

t. X Other services (specify):

In-home support services provided in an individual's home, family home or the home of others, which exceed \$20,000 annually for adults and children includes: people who come into the individual's home and assist them with activities of daily living, medical and physical health care (that can be performed by unlicensed people in accordance with Oregon's Nurse Practice Act), and behavior management; behavior consultation to develop a positive behavior support plan, implement the positive behavior support plan with the provider or family, and revise and monitor the plan as needed; licensed nurse services to assess, develop a nursing care plan, implement, train, monitor and revise the plan; and incidental services such as cooking, cleaning, and shopping. Services are provided directly to, or in support of, the individual living in his or her own home. These services enhance the independent living skills of individuals, provide for health and physical care needs, maintain skills and behaviors for the individual to continue to live in the community.

Crisis/diversion services for adults who are in jeopardy of civil commitment to a state training center, or for children who are in jeopardy of losing their living situation and no alternative resources are available. Services to maintain the individual in the community include: people who come into the individual's home and assist them with activities of daily living, medical and physical health care (that can be performed by unlicensed people in accordance with Oregon's Nurse Practice Act), and behavior management; behavior consultation to develop a positive behavior support plan, implement the positive behavior support plan with the provider or family, and revise and monitor the plan as needed; licensed nurse services to assess, develop a nursing care plan, implement, train, monitor and revise the plan; incidental services such as cooking, cleaning and shopping; and short term residential or employment services. These services may be in addition to services the individual is currently receiving or may be the only type of service provided.

u. _____ The following services will be provided to individuals with chronic mental illness:

_____ Day treatment/Partial hospitalization

_____ Psychosocial rehabilitation

_____ Clinic services (whether or not furnished in a facility)

12. The state assures that adequate standards exist for each provider of services under the waiver. The State further assures that all provider standards will be met.

13. An individual written plan of care will be developed by qualified individuals for each individual under this waiver. This plan of care will describe the medical and other services (regardless of funding source) to be furnished, their frequency, and the type of provider who will furnish each. All services will be furnished pursuant to a written plan of care. The plan of care will be subject to the approval of the Medicaid agency. FFP will not be claimed for waiver services furnished prior to the development of the plan of care. FFP will not be claimed for waiver services which are not included in the individual written plan of care.

14. Waiver services will not be furnished to individuals who are inpatients of a hospital, NF, or ICF/MR.

15. FFP will not be claimed in expenditures for the cost of room and board, with the following exception(s) (Check all that apply):

a. X When provided as part of respite care in a facility approved by the State that is not a private residence (hospital, NF, foster home, or community residential facility).

b. _____ Meals furnished as part of a program of adult day health services.

- c. _____ When a live-in personal caregiver (who is unrelated to the individual receiving care) provides approved waiver services, a portion of the rent and food that may be reasonably attributed to the caregiver who resides in the same household with the waiver recipient. FFP for rent and food for a live-in caregiver is not available if the recipient lives in the caregiver's home, or in a residence that is owned or leased by the provider of Medicaid services. An explanation of the method by which room and board costs are computed is included in Appendix G-3.

For purposes of this provision, "board" means 3 meals a day, or any other full nutritional regimen.

16. The Medicaid agency provides the following assurances to HCFA:
- a. Necessary safeguards have been taken to protect the health and welfare of persons receiving services under this waiver. Those safeguards include:
1. Adequate standards for all types of providers that furnish services under the waiver (see Appendix B);
 2. Assurance that the standards of any State licensure or certification requirements are met for services or for individuals furnishing services that are provided under the waiver (see Appendix B). The State assures that these requirements will be met on the date that the services are furnished; and
 3. Assurance that all facilities covered by section 1616(e) of the Social Security Act, in which home and community-based services will be provided,

are in compliance with applicable State standards that meet the requirements of 45 CFR Part 1397 for board and care facilities.

- b. The agency will provide for an evaluation (and periodic reevaluations, at least annually) of the need for a level of care indicated in item 2 of this request, when there is a reasonable indication that individuals might need such services in the near future (one month or less), but for the availability of home and community-based services. The requirements for such evaluations and reevaluations are detailed in Appendix D.
- c. When an individual is determined to be likely to require a level of care indicated in item 2 of this request, and is included in the targeting criteria included in items 3 and 4 of this request, the individual or his or her legal representative will be:
 - 1. Informed of any feasible alternatives under the waiver; and
 - 2. Given the choice of either institutional or home and community-based services.
- d. The agency will provide an opportunity for a fair hearing, under 42 CFR Part 431, subpart E, to persons who are not given the choice of home or community-based services as an alternative to institutional care indicated in item 2 of this request, or who are denied the service(s) of their choice, or the provider(s) of their choice.
- e. The average per capita expenditures under the waiver will not exceed 100 percent of the average per capita expenditures for the level(s) of care indicated in item 2 of this request under the State plan that would have been made in that fiscal year had the waiver not been granted.

- f. The agency's actual total expenditure for home and community-based and other Medicaid services under the waiver and its claim for FFP in expenditures for the services provided to individuals under the waiver will not, in any year of the waiver period, exceed 100 percent of the amount that would be incurred by the State's Medicaid program for these individuals in the institutional setting(s) indicated in item 2 of this request in the absence of the waiver.
- g. Absent the waiver, persons served in the waiver would receive the appropriate type of Medicaid-funded institutional care that they require, as indicated in item 2 of this request.
- h. The agency will provide HCFA annually with information on the impact of the waiver on the type, amount and cost of services provided under the State plan and on the health and welfare of the persons served on the waiver. The information will be consistent with a data collection plan designed by HCFA.
- i. The agency will assure financial accountability for funds expended for home and community-based services, provide for an independent audit of its waiver program (except as HCFA may otherwise specify for particular waivers), and it will maintain and make available to HHS, the Comptroller General, or other designees, appropriate financial records documenting the cost of services provided under the waiver, including reports of any independent audits conducted.

The State conducts a single audit in conformance with the Single Audit Act of 1984, P. L. 98-502.

a. X Yes b. No

- 17. The State will provide for an independent assessment of its waiver that evaluates the quality of care provided, access to care, and cost-neutrality. The results of the assessment will be submitted to HCFA at least 90 days prior to the

expiration of the approved waiver period and cover the first 24 months (new waivers) or 48 months (renewal waivers) of the waiver.

a. _____ Yes b. X No

18. The State assures that it will have in place a formal system by which it ensures the health and welfare of the individuals served on the waiver, through monitoring of the quality control procedures described in this waiver document (including Appendices). Monitoring will ensure that all provider standards and health and welfare assurances are continuously met, and that plans of care are periodically reviewed to ensure that the services furnished are consistent with the identified needs of the individuals. Through these procedures, the State will ensure the quality of services furnished under the waiver and the State plan to waiver persons served on the waiver. The State further assures that all problems identified by this monitoring will be addressed in an appropriate and timely manner, consistent with the severity and nature of the deficiencies.

18. An effective date of July 1, 2003 is requested.

19. The State contact person for this request is DeAnna Hartwig , who can be reached by telephone at (503) 947-1180 .

20. This document, together with Appendices A through G, and all attachments, constitutes the State's request for a home and community-based services waiver under section 1915(c) of the Social Security Act. The State affirms that it will abide by all terms and conditions set forth in the waiver (including Appendices and attachments), and certifies that any modifications to the waiver request will be submitted in writing by the State Medicaid agency. Upon approval by HCFA, this waiver request will serve as the State's authority to provide home and community services to the target group under its Medicaid plan.

21. Any proposed changes to the approved waiver will be formally requested by the State in the form of waiver amendments. The State assures that all material referenced in this waiver application (including standards, licensure and certification requirements) will be kept on file at the Medicaid agency.

and board, the cost of facility maintenance, upkeep and improvement, other than such costs for modifications or adaptations to a facility required to assure the health and safety of residents, or to meet the requirements of the applicable life safety code. Payment for residential habilitation does not include payments made, directly or indirectly, to members of the individual's immediate family. Payments will not be made for the routine care and supervision which would be expected to be provided by a family or group home provider, or for activities or supervision for which a payment is made by a source other than Medicaid. Documentation which shows that Medicaid payment does not cover these components is attached to Appendix G.

 X

Day habilitation: assistance with acquisition, retention, or improvement in self-help, socialization and adaptive skills which takes place in a non-residential setting, separate from the home or facility in which the individual resides. Services shall normally be furnished 4 or more hours per day on a regularly scheduled basis, for 1 or more days per week unless [provided as an adjunct to other day activities included] in an individual's plan of care.

Day habilitation services shall focus on enabling the individual to attain or maintain his or her maximum functional level and shall be coordinated with any physical, occupational, or speech therapies listed in the plan of care. In

addition, day habilitation services may serve to reinforce skills or lessons taught in school, therapy, or other settings.

Day Habilitation Services may be provided to the individual during the time the individual receives services from VRD.

X

Prevocational services not available under a program funded under section 110 of the Rehabilitation Act of 1973 or section 602(16) and (17) of the Individuals with Disabilities Education Act (20 U.S.C. 1401(16 and 17)). Services are aimed at preparing an individual for paid or unpaid employment, but are not job-task oriented. Services include teaching such concepts as compliance, attendance, task completion, problem solving and safety. Prevocational services are provided to persons not expected to be able to join the general work force or participate in a transitional sheltered workshop within one year (excluding supported employment programs). [Prevocational services are available only to individuals who have previously been discharged from a SNF, ICF, NF or ICF/MR].

Check one:

 Individuals will not be compensated for prevocational services.

 X When compensated, individuals are paid at less than 50 percent of the minimum wage.

Activities included in this service are not primarily directed at teaching specific job skills, but at underlying habilitative goals, such as attention span and motor

B-9

STATE: Oregon

DATE: July, 2003

skills. All prevocational services will be reflected in the individual's plan of care as directed to habilitative, rather than explicit employment objectives.

Documentation will be maintained in the file of each individual receiving this service that:

1. The service is not otherwise available under a program funded under the Rehabilitation Act of 1973, or P.L. 94-142 ; and
2. The individual has been deinstitutionalized from a SNF, ICF, NF, or ICF/MR at some prior period.

Educational services, which consist of special education and related services as defined in sections (15) and (17) of the Individuals with Disabilities Education Act, to the extent to which they are not available under a program funded by IDEA. Documentation will be maintained in the file of each individual receiving this service that:

1. The service is not otherwise available under a program funded under the Rehabilitation Act of 1973, or P.L. 94-142 ; and
2. The individual has been deinstitutionalized from a SNF, ICF, NF, or ICF/MR at some prior period.

Supported employment services, which consist of paid employment for persons for whom competitive employment at or above the minimum wage is unlikely, and who, because of their disabilities, need intensive ongoing support to perform in a work setting. Supported employment is conducted in a variety of settings, particularly work sites in which persons without disabilities are employed. Supported employment includes activities needed to sustain paid work by individuals receiving waiver services, including supervision and training. When supported employment services are provided at a work site in which persons without disabilities are employed, payment will be made only for the adaptations, supervision and training required by individuals receiving waiver services as a result of their disabilities, and will not include payment for the supervisory activities rendered as a normal part of the business setting. Co-workers who meet provider qualifications may be paid to supervise and train the individual as a result of their disabilities.

Supported employment services furnished under the waiver are not available under a program funded by either the Rehabilitation Act of 1973 or P.L. 94-142. Waiver Supported Employment Services will provide long term support for the individual after VRD services have concluded. Documentation will be maintained in the file of each individual receiving this service that:

1. The service is not otherwise available under a program funded under the Rehabilitation Act of 1973, or P.L. 94-142 ; and
2. ~~The individual has been deinstitutionalized from a SNF, ICF, NF, or ICF/MR at some prior period.~~

FFP will not be claimed for incentive payments, subsidies, or unrelated vocational training expenses such as the following:

1. Incentive payments made to an employer to encourage or subsidize the employer's participation in a supported employment program;
2. Payments that are passed through to users of supported employment programs; or
3. Payments for vocational training that is not directly related to an individual's supported employment program.

Transportation will be provided between the individual's place of residence and the site of the habilitation services, or between habilitation sites (in cases where the individual receives habilitation services in more than one place) as an incidental component part of habilitation services.

The cost of this transportation is included in the rate paid to providers of the appropriate type of habilitation services

1. X Yes 2. No

B-12

STATE: Oregon

DATE: July, 2003

Other service definition (Specify):

Residential habilitation services are designed to assist individuals in acquiring, retaining and improving skills in the following areas: activities of daily living, cooking, home maintenance, recreation, community mobility, money management, shopping, community survival skills, and communication necessary to reside successfully in home and community-based settings. Residential habilitation includes adult and children's foster care homes, adult and children's group homes, and adult supported living settings. Individuals may be supported by staff who work in shifts or a live-in caregiver. When staff are not onsite, support may be provided by means of on-call availability and by a variety of alternative supports, such as non-disabled roommates or paid neighbors.

A. Adult or Child Foster Care: any home licensed or certified by SPD, certified by the State Office for Services to Children and Families (CAF), or certified by an authorized agency in which residential care is provided to individuals who are not related to the provider by blood or marriage, or are not a legally responsible relative. Care means assistance with activities of daily living, laundry, room cleaning, managing money, shopping, and recreational activities.

B. Adult or Children Group Homes: any home licensed by SPD or CAF. Support is provided to enhance independent living skills of individuals in the areas of activities of daily living, money management, community mobility and community activities, home maintenance, cooking, shopping, social skills, behavior and health.

C. Supported Living Services: Any program licensed or certified by SPD. Services include assistance with behavior, health and activities of daily living, maintenance of community skills and behaviors, social skills, shopping, cleaning, cooking.

Support may be provided by staff who work in shifts, on-call staff, non-disabled roommates or paid neighbors.

Payments for residential habilitation are not made for room and board, the cost of

facility maintenance, upkeep and improvement, other than such costs for modifications or adaptations to a facility required to assure the health and safety of residents, or to meet the requirements of the applicable life safety code. Payment for residential habilitation does not include payments made, directly or indirectly, to members of the individual's immediate family. Payments will not be made for the routine care and supervision which would be expected to be provided by a family or group home provider, or for activities or supervision for which a payment is made by a source other than Medicaid. Medicaid will not be billed, or pay for, any service that could be covered by Title IV-E funds. Documentation which shows that Medicaid payment does not cover these components is attached to Appendix G.

The State requests the authority to provide the following additional services, not specified in the statute. The State assures that each service is cost-effective and necessary to prevent institutionalization. The cost neutrality of each service is demonstrated in Appendix G. Qualifications of providers are found in Appendix B-2.

h. X Environmental accessibility adaptations:

 X Those physical adaptations to the home, required by the individual's plan of care, which are necessary to ensure the health, welfare and safety of the individual, or which enable the individual to function with greater independence in the home, and without which, the individual would require institutionalization. Such adaptations may include the installation of ramps and grab-bars, removing or widening of doorways, handrails, electric door openers, adaptations of kitchen cabinets/sinks, modifications of bathroom facilities, individual room air conditioners to maintain stable temperature as required by the individual's medical condition, installation of non-skid surfaces, overhead track systems to assist with lifting or transferring of individuals, or installation of specialized electric and plumbing systems which are necessary to accommodate the medical equipment and supplies which are necessary for the welfare of the individual.

Excluded are those adaptations or improvements to the home which are of general utility, and are not of direct medical or remedial benefit to the individual, such as carpeting, roof repair, central air conditioning, etc. Adaptations which add to the total square footage of the home are excluded from this benefit. All services shall be provided in accordance with applicable State or local building codes. Environmental modification consultation necessary to evaluate the home and make plans to modify the home to ensure the health and safety of the individual is included.

 Other service definition (Specify):

i. _____ Skilled nursing:

_____ Services listed in the plan of care which are within the scope of the State's Nurse Practice Act and are provided by a registered professional nurse, or licensed practical or vocational nurse under the supervision of a registered nurse, licensed to practice in the State.

_____ Other service definition (Specify):

j. X Transportation:

_____ Service offered in order to enable individuals served on the waiver to gain access to waiver and other community services, activities and resources, specified by the plan of care. This service is offered in addition to medical transportation required under 42 CFR 431.53 and transportation services under the State plan, defined at 42 CFR 440.170(a) (if applicable), and shall not replace them. Transportation services under the waiver shall be offered in accordance with the individual's plan of care. Whenever possible, family, neighbors, friends, or community agencies which can provide this service without charge will be utilized.

X Other service definition (Specify):
Transportation of individuals to leisure activities, day habilitation services, non-medical appointments, and various related services in accordance with the individual's plan of care. Purchase or lease of agency vehicles for transporting individuals, insurance, maintenance and operational expenses of agency/staff vehicles, and reimbursement for transportation of individuals in residential staff or family vehicles not to exceed established rates.

No payment will be made to a spouse or a parent of a minor child for these services; the cost of purchasing or leasing family vehicles will not be charged to the waiver. Cost associated with transportation services rendered by residential or employment providers may be included in the rate established for such services.

This service is offered in addition to medical transportation required under 42 CFR 431.53 and transportation services under the State plan, defined at 42 CFR 440.170(a) (if applicable), and shall not replace them. Transportation services under the waiver shall be offered in accordance with the individual's plan of care.

Medicaid will be charged only for the costs of transporting waiver participants; if non-waiver individuals benefit from the transportation service, the associated costs will be excluded from FFP and not claimed under the waiver.

k. X Specialized Medical Equipment and Supplies:

 X Specialized medical equipment and supplies to include devices, controls, or appliances, specified in the plan of care, which enable individuals to increase their abilities to perform activities of daily living, or to perceive, control, or communicate with the environment in which they live.

This service also includes items necessary for life support, ancillary supplies and equipment necessary to the proper functioning of such items, and durable and non-durable medical equipment not available under the Medicaid State plan. Items reimbursed with waiver funds shall be in addition to any medical equipment and supplies furnished under the State plan and shall exclude those items which are not of direct medical or remedial benefit to the individual.

B-17

STATE: Oregon

DATE: July, 2003

All items shall meet applicable standards of manufacture, design and installation.

_____ Other service definition (Specify):

1. _____ Chore services:

_____ Services needed to maintain the home in a clean, sanitary and safe environment. This service includes heavy household chores such as washing floors, windows and walls, tacking down loose rugs and tiles, moving heavy items of furniture in order to provide safe access and egress. These services will be provided only in cases where neither the individual, nor anyone else in the household, is capable of performing or financially providing for them, ND where no other relative, caregiver, landlord, community/volunteer agency, or third party payer is capable of or responsible for their provision. In the case of rental property, the responsibility of the landlord, pursuant to the lease agreement, will be examined prior to any authorization of service.

_____ Other service definition (Specify):

m. _____ Personal Emergency Response Systems (PEERS)

_____ PERS is an electronic device which enables certain individuals at high risk of institutionalization to secure help in an emergency. The individual may also wear a portable "help" button to allow for mobility. The system is connected to the person's phone and programmed to signal a response center once a "help" button is activated.

The response center is staffed by trained professionals, as specified in Appendix B-2. PERS services are limited to those individuals who live alone, or who are alone for significant parts of the day, and have no regular caregiver for extended periods of time, and who would otherwise require extensive routine supervision.

_____ Other service definition (Specify):

n. _____ Adult companion services:

_____ Non-medical care, supervision and socialization, provided to a functionally impaired adult. Companions may assist or supervise the individual with such tasks as meal preparation, laundry and shopping, but do not perform these activities as discrete services. The provision of companion services does not entail hands-on nursing care. Providers may also perform light housekeeping tasks which are incidental to the care and supervision of the individual. This service is provided in accordance with a therapeutic goal in the plan of care, and is not purely diversional in nature.

_____ Other service definition (Specify):

o. _____ Private duty nursing:

_____ Individual and continuous care (in contrast to part time or intermittent care) provided by licensed nurses within the scope of State law. These services are provided to an individual at home.

_____ Other service definition (Specify):

p. X Family training:

 X Training and counseling services for the families of individuals served on this waiver. For purposes of this service, "family" is defined as the persons who live with or provide care to a person served on the waiver, and may include a parent, spouse, children, relatives, foster family, or in-laws. "Family" does not include individuals who are employed to care for the consumer. Training includes instruction about treatment regimens and use of equipment specified in the plan of care, and shall include updates as necessary to safely maintain the individual at home; All family training must be included in the individual's written plan of care.

 Other service definition (Specify):

q. Attendant care services:

 Hands-on care, of both a supportive and health-related nature, specific to the needs of a medically stable, physically handicapped individual. Supportive services are those which substitute for the absence, loss, diminution, or impairment of a physical or cognitive function. this service may include skilled or nursing care to the extent permitted by State law. Housekeeping activities which are incidental to the performance of care may also be furnished as part of this activity.

Supervision (Check all that apply):

 Supervision will be provided by a Registered Nurse, licensed to practice in the State. The frequency and intensity of supervision will be specified in

the individual's written plan of care.

_____ Supervision may be furnished directly by the individual, when the person has been trained to perform this function, and when the safety and efficacy of consumer-provided supervision has been certified in writing by a registered nurse or otherwise as provided in State law. This certification must be based on direct observation of the consumer and the specific attendant care provider, during the actual provision of care. Documentation of this certification will be maintained in the consumer's individual plan of care.

_____ Other supervisory arrangements (Specify):

_____ Other service definition (Specify):

r. _____ Adult Residential Care (Check all that apply):

_____ Adult foster care: Personal care and services, homemaker, chore, attendant care and companion services medication oversight (to the extent permitted under State law) provided in a licensed (where applicable) private home by a principal care provider who lives in the home. Adult foster care is furnished to adults who receive these services in conjunction with residing in the home. the total number of individuals (including persons served in the waiver)

living in the home, who are unrelated to the principal care provider, cannot exceed____). Separate payment will not be made for homemaker or chore services furnished to an individual receiving adult foster care services, since these services are integral to and inherent in the provision of adult foster care services.

Assisted living: Personal care and services, homemaker, chore, attendant care, companion services, medication oversight (to the extent permitted under State law), therapeutic social and recreational programming, provided in a home-like environment in a licensed (where applicable) community care facility, in conjunction with residing in the facility. This service includes 24 hour on-site response staff to meet scheduled or unpredictable needs in a way that promotes maximum dignity and independence, and to provide supervision, safety and security. Other individuals or agencies may also furnish care directly, or under arrangement with the community care facility, but the care provided by these other entities supplements that provided by the community care facility and does not supplant it.

Personalized care is furnished to individuals who reside in their own living units (which may include dually occupied units when both occupants consent to the arrangement) which may or may not include kitchenette and/or living rooms and which contain bedrooms and toilet facilities. The consumer has a right to privacy. Living units may be locked at the discretion of the consumer, except when a physician or mental health professional has certified in writing that the consumer is sufficiently cognitively impaired as to be a danger to self or others if given the opportunity to lock the door. (This requirement does not apply where it conflicts with fire code.) Each living unit is separate and distinct from each other. The

facility must have a central dining room, living room or parlor, and common activity center(s) (which may also serve as living rooms or dining rooms). The consumer retains the right to assume risk, tempered only by the individual's ability to assume responsibility for that risk. Care must be furnished in a way which fosters the independence of each consumer to facilitate aging in place.

Routines of care provision and service delivery must be consumer-driven to the maximum extent possible, and treat each person with dignity and respect.

Assisted living services may also include (Check all that apply):

- Home health care
- Physical therapy
- Occupational therapy
- Speech therapy
- Medication administration
- Intermittent skilled nursing services
- Transportation specified in the plan of care
- Periodic nursing evaluations
- Other (Specify)

However, nursing and skilled therapy services (except periodic nursing evaluations if specified above) are incidental, rather than integral to the provision of assisted living services. Payment will not be made for 24-hour skilled care or supervision. FFP is not available in the cost of room and board furnished in conjunction with residing in an assisted living facility.

B-23

STATE: Oregon

_____ Other service definition (Specify):

Payments for adult residential care services are not made for room and board, items of comfort or convenience, or the costs of facility maintenance, upkeep and improvement.

Payment for adult residential care services does not include payments made, directly or indirectly, to members of the consumer's immediate family. The methodology by which payments are calculated and made is described in Appendix G.

s. X Other waiver services which are cost-effective and necessary to prevent institutionalization (Specify):

In-home support services provided in an individual's home, family home or the home of others, which exceed \$20,000 annually for adults and children includes: people who come into the individual's home and assist them with activities of daily living, medical and physical health care(that can be performed by unlicensed people in accordance with Oregon's Nurse Practice Act), and behavior management; behavior consultation to develop a positive behavior support plan, implement the positive behavior support plan with the provider or family, and revise and monitor the plan as needed; licensed nurse services to assess, develop a nursing care plan, implement, train, monitor and revise the plan; and incidental services such as cooking, cleaning, and shopping. Services are provided directly to, or in support of, the individual living in his or her own home. These services enhance the independent living skills of individuals, provide for health and physical care needs, maintain skills and behaviors for the individual to continue to live in the community.

Crisis/diversion services for adults who are in jeopardy of civil commitment to a state training center, or for children who are in jeopardy of losing their living situation and no alternative resources are available. Services to maintain the individual in the community include: people who come into the individual's home and assist them with activities of daily living, medical and physical health care(that can be performed by unlicensed people in accordance with Oregon's Nurse Practice Act), and behavior management; behavior consultation to develop a positive behavior support plan, implement the positive behavior support plan with the provider or family, and revise and monitor the plan as needed; licensed nurse services to assess, develop a nursing care plan, implement, train, monitor and revise the plan; incidental services such as cooking, cleaning and shopping; and short term

residential or employment services. These services may be in addition to services the individual is currently receiving or may be the only type of service provided.

 X Extended State plan services:

The following services, available through the approved State plan, will be provided, except that the limitations on amount, duration and scope specified in the plan will not apply. Services will be as defined and described in the approved State plan. The provider qualifications listed in the plan will apply, and are hereby incorporated into this waiver request by reference. These services will be provided under the State plan until the plan limitations have been reached. Documentation of the extent of services and cost-effectiveness are demonstrated in Appendix G. (Check all that apply):

- Physician services
- Home health care services
- X Physical therapy services
- X Occupational therapy services
- X Speech, hearing and language services
- Prescribed drugs
- Other State plan services (Specify):

u. Services for individuals with chronic mental illness, consisting of (Check one):

 Day treatment or other partial hospitalization services (Check one):

 Services that are necessary for the diagnosis or treatment of the individual's mental illness. These

services consist of the following elements:

- a. individual and group therapy with physicians or psychologists (or other mental health professionals to the extent authorized under State law),
- b. occupational therapy, requiring the skills of a qualified occupational therapist,
- c. services of social workers, trained psychiatric nurses, and other staff trained to work with individuals with psychiatric illness,
- d. drugs and biologicals furnished for therapeutic purposes,
- e. individual activity therapies that are not primarily recreational or diversionary,
- f. family counseling (the primary purpose of which is treatment of the individual's condition),
- g. training and education of the individual (to the extent that training and educational activities are closely and clearly related to the individual's care and treatment), and
- h. diagnostic services.

Meals and transportation are excluded from reimbursement under this service. The purpose of this

service is to maintain the individual's condition and functional level and to prevent relapse or hospitalization.

_____ Other service definition (Specify):

_____ Psychosocial rehabilitation services (Check one):

_____ Medical or remedial services recommended by a physician or other licensed practitioner under State law, for the maximum reduction of physical or mental disability and the restoration of maximum functional level. Specific services include the following:

- a. restoration and maintenance of daily living skills (grooming, personal hygiene, cooking, nutrition, health and mental health education, medication management, money management and maintenance of the living environment);
- b. social skills training in appropriate use of community services;
- c. development of appropriate personal support networks, therapeutic recreational services (which are focused on therapeutic intervention, rather than diversion); and
- d. telephone monitoring and counseling services.

The following are specifically excluded from Medicaid payment for

psychosocial rehabilitation services:

- a. vocational services,
- b. prevocational services,
- c. supported employment services, and
- d. room and board.

OTHER STANDARD

Protection of the health and welfare of individuals receiving waiver services is ensured through local community developmental disability programs (CDDP's), or family approval of providers who are not subject to Department Administrative Rules for licensure or certification, and providers who are not subject to professional standards of practice. The CDDP or family determines whether providers not subject to Department licensing or certification standards or professional standards of practice meet the qualifications to provide services. Documentation that qualifications are met are maintained by the CDDP or family. SPD will monitor this process to ensure that proper procedures were followed and standards applied by the CDDP or family.

Respite, In-Home Support, Crisis Diversion Services, Family Trainers: People providing direct services in the family home or working alone with a waiver recipient must pass a Criminal History Check conducted by the state. The CDDP or the family will check the license status of any professional providing services to verify the license is current and unencumbered.

People providing direct services in the family home or working alone with a waiver recipient must be at least 18 years of age; have ability and sufficient education to follow oral and written instructions and keep simple records; have training of a nature and type sufficient to ensure that the person has knowledge of emergency procedures specific to the individual being cared for; understand requirements of maintaining confidentiality and safeguarding individual information; display capacity to provide good care for the individual; and have the ability to communicate with the individual. People providing transportation must also have a valid driver's license, a good driving record, and proof of insurance.

A representative of the CDDP or family will verify that the person can provide the care needed by the individual. The family is responsible for informing and training regarding the specific care needs of the individual.

With cause, providers may be subject to investigation or inquiries by the CDDP or the Department.

Environmental Accessibility Adaptations: Environmental accessibility adaptations will be done by licensed and bonded contractors.

Transportation: Transportation provided by common carriers, taxicab or bus will be in accordance with standards established for those entities. Individuals providing transportation must have a valid driver's license, a good driving record, and proof of insurance.

In-Home Support, Crisis Diversion Services, Family Trainers, Family Training: Family training will be done by licensed providers, contracted training and technical assistance agencies, or individuals with documented specialty experience. Payment for families to attend organized workshops and conferences is limited to topics that are related to the individual's disability, identified support needs, or specialized medical or behavior support needs.

Specialized Medical Equipment and Supplies: Specialized medical equipment or supplies will be obtained from authorized vendors.

B. ASSURANCE THAT REQUIREMENTS ARE MET

The State assures that the standards of any State licensure or certification requirements are met for services or for individuals furnishing services provided under the waiver.

C. PROVIDER REQUIREMENTS APPLICABLE TO EACH SERVICE

For each service for which standards other than, or in addition to State licensure or certification must be met by providers, the applicable educational, professional, or other standards for service provision or for service providers are attached to this Appendix, tabbed and labeled with the name of the service(s) to which they apply.

When the qualifications of providers are set forth in State or Federal law or regulation, it is not necessary to provide copies of the applicable documents. However, the documents must be on file with the State Medicaid agency, and the licensure and certification chart at the head of this Appendix must contain the precise citation indicating where the standards may be found.

D. FREEDOM OF CHOICE

The State assures that each individual found eligible for the waiver will be given free choice of all qualified providers of each service included in his or her written plan of care.

APPENDIX B-3

KEYS AMENDMENT STANDARDS FOR BOARD AND CARE FACILITIES

KEYS AMENDMENT ASSURANCE:

The State assures that all facilities covered by section 1616(e) of the Social Security Act, in which home and community-based services will be provided, are in compliance with applicable State standards that meet the requirements for board and care facilities.

APPLICABILITY OF KEYS AMENDMENT STANDARDS:

Check one:

Home and community-base services will not be provided in facilities covered by section 1616(e) of the Social Security Act. Therefore, no standards are provided.

A copy of the standards applicable to each type of facility identified above is maintained by the Medicaid agency.

APPENDIX C-Eligibility and Post-Eligibility

Appendix C-1--Eligibility

MEDICAID ELIGIBILITY GROUPS SERVED

Individuals receiving services under this waiver are eligible under the following eligibility group(s) in your State plan. The State will apply all applicable FFP limits under the plan. **(Check all that apply.)**

1. Low income families with children as described in section 1931 of the Social Security Act.

2. SSI recipients (SSI Criteria States and 1634 States).

3. Aged, blind or disabled in 209(b) States who are eligible under § 435.121 (aged, blind or disabled who meet requirements that are more restrictive than those of the SSI program).

4. Optional State supplement recipients

5. Optional categorically needy aged and disabled who have income at (Check one):
 - a. 100% of the Federal poverty level (FPL)
 - b. % Percent of FPL which is lower than 100%.

6. X The special home and community-based waiver group under 42 CFR 435.217 (Individuals who would be eligible for Medicaid if they were in an institution, who have been determined to need home and community-based services in order to remain in the community, and who are covered under the terms of this waiver).

Spousal impoverishment rules are used in determining eligibility for the special home and community-based waiver group at 42 CFR 435.217.

X A. Yes ___ B. No

Check one:

a. ___ The waiver covers all individuals who would be eligible for Medicaid if they were in a medical institution and who need home and community-based services in order to remain in the community; or

b. X Only the following groups of individuals who would be eligible for Medicaid if they were in a medical institution and who need home and community-based services in order to remain in the community are included in this waiver: (check all that apply):

(1) X A special income level equal to:

X 300% of the SSI Federal benefit (FBR)

___ % of FBR, which is lower than 300% (42 CFR 435.236)

\$ ___ which is lower than 300%

(2) ___ Aged, blind and disabled who meet requirements that are more restrictive than those of the SSI program. (42 CFR 435.121)

(3) ___ Medically needy without spenddown in States which also provide Medicaid to recipients of SSI. (42 CFR 435.320, 435.322, and 435.324.)

(4) ___ Medically needy without spenddown in 209(b) States.
(42 CFR 435.330)

(5) ___ Aged and disabled who have income at:

a. ___ 100% of the FPL

b. ___ % which is lower than 100%.

8. X Other (Include only statutory reference to reflect additional groups under your plan that you wish to include under this waiver.)

1902 (a) (10) (A) (ii) (XIII) of the Social Security Act. This eligibility group includes working disabled individuals whose net family income is below 250 percent of the Federal poverty level for a family of the size involved and who, except for earned income, meet all criteria for receiving benefits under the SSI program.

Appendix C-2--Post-Eligibility

GENERAL INSTRUCTIONS

ALL Home and Community-Based waiver recipients found eligible under 435.217 are subject to post-eligibility calculations.

Eligibility and post-eligibility are two separate processes with two separate calculations. Eligibility determines whether a person may be served on the waiver. Post-eligibility determines the amount (if any) by which Medicaid reduces its payment for services furnished to a particular individual. By doing so, post-eligibility determines the amount (if any) for which an individual is liable to pay for the cost of waiver services.

An eligibility determination (and periodic redetermination) must be made for each person served on the waiver.

Post-eligibility calculations are made ONLY for persons found eligible under 435.217.

Post-eligibility determinations must be made for all groups of individuals who would be eligible for Medicaid if they were in a medical institution and need home and community-based services in order to remain in the community (435.217). For individuals whose eligibility is not determined under the spousal rules (1924 of the Social Security Act), the State must use the regular post-eligibility rules at 435.726 and 435.735. However, for persons found eligible for Medicaid using the spousal impoverishment rules, the State has two options concerning the application of post-eligibility rules:

OPTION 1: The State may use the post-eligibility (PE) rules under 42 CFR 435.726 and 435.735 just as it does for other individuals found eligible under 435.217 or;

OPTION 2: it may use the spousal post-eligibility rules under 1924.

REGULAR POST-ELIGIBILITY RULES--435.726 and 435.735

- The State must provide an amount for the maintenance needs of the individual. This amount must be based upon a reasonable assessment of the individual's needs in the community.
- If the individual is living with his or her spouse, or if the individual is living in the community and the spouse is living at home, the State must protect an additional amount for the spouse's maintenance. This amount is limited by the highest appropriate income standard for cash assistance, or the medically needy standard. The State may choose which standard to apply.
- If the individual's spouse is not living in the individual's home, no maintenance amount is protected for that spouse's needs.
- If other family members are living with the individual, an additional amount is protected for their needs. This amount is limited by the AFDC need standard for a family of the same size or by the appropriate medically needy standard for a family of the same size. The State may choose which standard to apply.

STATE: Oregon

DATE: July, 2003

SPOUSAL POST-ELIGIBILITY--§1924

When a person who is eligible as a member of a 42 CFR 435.217 group has a community spouse, the State may treat the individual as if he or she is institutionalized and apply the post-eligibility rules of §1924 of the Act (protection against spousal impoverishment) instead of the post-eligibility rules under 42 CFR 435.726 and 435.735. The §1924 post-eligibility rules provide for a more generous community spouse and family allowance than the rules under 42 CFR 435.726 and 435.735. Spousal impoverishment post-eligibility rules can only be used if the State is using spousal impoverishment eligibility rules.

The spousal protection rules also provide for protecting a personal needs allowance (PNA) "described in §1902(q)(1)" for the needs of the institutionalized individual. This is an allowance which is reasonable in amount for clothing and other personal needs of the individual . . . while in an institution." For institutionalized individuals this amount could be as low as \$30 per month. Unlike institutionalized individuals whose room and board are covered by Medicaid, the personal needs of the home and community-based services recipient must include a reasonable amount for food and shelter as well as for clothing. The \$30 PNA is not a sufficient amount for these needs when the individual is living in the community.

Therefore, States which elect to treat home and community-based services waiver participants with community spouses under the §1924 spousal impoverishment post-eligibility rules must use as the personal needs allowance either the maintenance amount which the State has elected under 42 CFR 435.726 or 42 CFR 435.735, or an amount that the State can demonstrate is a reasonable amount to cover the individual's maintenance needs in the community.

POST ELIGIBILITY

SPOUSAL POST ELIGIBILITY

2. X The State uses the post-eligibility rules of §1924(d) of the Act (spousal impoverishment protection) to determine the individual's contribution toward the cost of home and community-based care if it determines the individual's eligibility under §1924 of the Act. There shall be deducted from the individual's monthly income a personal needs allowance (as specified below), and a community spouse's allowance, a family allowance, and an amount for incurred expenses for medical or remedial care, as specified in the State Medicaid plan.

(A) Allowance for personal needs of the individual:

ENTRANCE PROCEDURES AND REQUIREMENTS

APPENDIX D-1

a. EVALUATION OF LEVEL OF CARE

The agency will provide for an evaluation (and periodic reevaluations) of the need for the level(s) of care indicated in item 2 of this request, when there is a reasonable indication that individuals might need such services in the near future, but for the availability of home and community-based services.

b. QUALIFICATIONS OF INDIVIDUALS PERFORMING INITIAL EVALUATION

The educational/professional qualifications of persons performing initial evaluations of level of care for waiver participants are (Check all that apply):

- Discharge planning team
- Physician (M.D. or D.O.)
- Registered Nurse, licensed in the State
- Licensed Social Worker
- Qualified Mental Retardation Professional, as defined in 42 CFR 483.430(a); OR
- Other (Specify):
Bachelor's degree and two years work experience in human resources or five years equivalent training and work experience

APPENDIX D-2

a. REEVALUATIONS OF LEVEL OF CARE

Reevaluations of the level of care required by the individual will take place (at a minimum) according to the following schedule (Specify):

- Every 3 months
- Every 6 months
- Every 12 months
- Other (Specify):

b. QUALIFICATIONS OF PERSONS PERFORMING REEVALUATIONS

Check one:

- The educational/professional qualifications of person(s) performing reevaluations of level of care are the same as those for persons performing initial evaluations.
- The educational/professional qualifications of persons performing reevaluations of level of care differ from those of persons performing initial evaluations. The following qualifications are met for individuals performing reevaluations of level of care (Specify):
 - Physician (M.D. or D.O.)
 - Registered Nurse, licensed in the State
 - Licensed Social Worker

_____ Qualified Mental Retardation Professional, as defined
in 42 CFR 483.430(a)

_____ Other (Specify):

c. PROCEDURES TO ENSURE TIMELY REEVALUATIONS

The State will employ the following procedures to ensure timely reevaluations of level of care (Check all that apply):

_____ "Tickler" file

_____ Edits in computer system

X Component part of case management

_____ Other (Specify):

APPENDIX D-3

a. MAINTENANCE OF RECORDS

1. Records of evaluations and reevaluations of level of care will be maintained in the following location(s) (Check all that apply):

- By the Medicaid agency in its central office
- By the Medicaid agency in district/local offices
- By the agency designated in Appendix A as having primary authority for the daily operations of the waiver program (initial evaluations only)
- By the case managers (initial evaluations and re-evaluations)
- By the persons or agencies designated as responsible for the performance of evaluations and re-evaluations
- By service providers
- Other (Specify):

2. Written documentation of all evaluations and reevaluations will be maintained as described in this Appendix for a minimum period of 3 years.

b. COPIES OF FORMS AND CRITERIA FOR EVALUATION/ASSESSMENT

A copy of the written assessment instrument(s) to be used in the evaluation and reevaluation of an individual's need for a level of care indicated in item 2 of this request is attached to this Appendix.

For persons diverted rather than deinstitutionalized, the State's evaluation process must provide for a more detailed description of their evaluation and screening procedures for individuals to ensure that waiver services will be limited to persons who would otherwise receive the level of care specified in item 2 of this request.

Check one:

 X The process for evaluating and screening diverted individuals is the same as that used for deinstitutionalized persons.

 The process for evaluating and screening diverted individuals differs from that used for deinstitutionalized persons. Attached is a description of the process used for evaluating and screening diverted individuals.

All individuals considered for the waiver are evaluated for ICF/MR level of care using the Title XIX Waiver Form. This applies to individuals being discharged from an ICF/MR and to those being considered for admission. The SPD Diagnosis and Evaluation (D&E) Coordinator signs all Title XIX Waiver forms and designates approval or disapproval of ICF/MR level of care. The Title XIX Waiver form is completed for individuals discharged from an ICF/MR and for those considered for admission. Diagnostic evaluations establish the presence of developmental disability(ies), including mental retardation. These may include evaluations by physicians, social workers, psychologists, and speech and hearing specialists. After the developmental disability has been established, the Title XIX Waiver form is completed to establish ICF/MR level of care. The D&E Coordinator determines the need for ICF/MR level of care. The D&E Coordinator must be a Qualified Mental Retardation Specialist with extensive knowledge of DD and DD services, with at least two years experience in program evaluation.

APPENDIX D-4

a. FREEDOM OF CHOICE AND FAIR HEARING

1. When an individual is determined to be likely to require a level of care indicated in item 2 of this request, the individual or his or her legal representative will be:
 - a. informed of any feasible alternatives under the waiver; and
 - b. given the choice of either institutional or home and community-based services.
2. The agency will provide an opportunity for a fair hearing under 42 CFR Part 431, subpart E, to individuals who are not given the choice of home or community-based services as an alternative to the institutional care indicated in item 2 of this request or who are denied the service(s) of their choice, or the provider(s) of their choice.
3. The following are attached to this Appendix:
 - a. A copy of the form(s) used to document freedom of choice and to offer a fair hearing;
 - b. A description of the agency's procedure(s) for informing eligible individuals (or their legal representatives) of the feasible alternatives available under the waiver;
 - c. A description of the State's procedures for allowing individuals to choose either institutional or home and community-based services; and
 - d. A description of how the individual (or legal representative) is offered the opportunity to request a fair hearing under 42 CFR Part 431, Subpart E.

Informing Beneficiaries of Choice

Oregon assures that individuals who are eligible for services under the waiver will be informed, during the assessment and eligibility process, of feasible alternatives for long-term care and given a choice as to which type of service to receive. When an individual is determined to require the level of care provided in an ICF/MR, the individual or his or her legal representative will be: 1) informed of any feasible alternatives available under the waiver and 2) given the choice of either institutional or home and community-based services. Institutional discharge staff or case managers document the offer of choice on the Title XIX Waiver Form. The offer of choice is given before an individual enters a waiver service. The Title XIX Waiver Form is used to document that the offer of choice was presented to the individual or his/her legal representative, and how the individual or his/her legal representative indicated their choice of service. The individual's or his/her legal representative's signature is obtained when possible. If it is not possible to obtain the individual's or legal representative's signature on the form, confirmation of the choice can be documented in the following manner: witnessed mark of the individual or legal representative, letter from the legal representative indicating choice, or witnessed and documented phone conversation with the individual or legal representative regarding choice.

Informing Beneficiaries of Fair Hearing

When individuals or their legal representatives are given the choice of institutional or community-based services, a document titled "Applicable Laws and Rules" is provided which explains their fair hearing rights and how to exercise them. Receipt of this document is evidenced by the client or legal representative's signature on the Title XIX Waiver Form. All individuals eligible for services under this waiver may request a

hearing as described in 42 CFR, Part 431, Subpart E. The hearings are conducted in accordance with Oregon Revised Statutes and Administrative Rules. All individuals, regardless of eligibility determination, have access to a hearing under these procedures. Oregon Assures HCFA that it will provide an opportunity for a fair hearing under 42 CFR 431, Subpart E, to individuals who are not given the choice of home and community-based services, are denied the service of their choice, denied the amount of service of their choice, or are denied the provider of their choice.

b. FREEDOM OF CHOICE DOCUMENTATION

Specify where copies of this form are maintained:

Copies of the Title XIX Waiver Form and the Applicable Laws and Rules document are kept in the waiver recipients permanent case file at the local CDDP office; copies of the Title XIX Waiver Form are kept in SPD waiver files.

APPLICABLE LAWS AND RULES

If you do not agree with this decision and you believe that it is based in error, **you have the right to request a hearing** before an impartial hearing officer with 30 days following the effective date of this decision. You must request a hearing on AFS form 443 (Rev.5/01). You may obtain AFS 443 form from your local CHS office, Area Agency on Aging or Disability Services Office. Address your hearing request to: SPD Waiver Coordinator, Planning and Resource Development, 500 Summer Street, NE, Salem, OR 97310-101.

You have the right to a hearing with any of the following: 1) denial of your choice between institutional care or home and community based care; 2) denial of your choice of type of service; 3) denial of the amount of service; or 4) denial of your provider of choice.

If you ask for a hearing you may have witnesses to testify on your behalf and have legal counsel or other representation, including (but not limited to) relatives and friends. We cannot pay the expense of bringing witnesses or of an attorney. You may be able to get legal services through a legal aid office or the local bar association.

If you choose to contest this ruling, agency files on the subject of the case matter being contested will become part of the contested case record.

This notice will become a final order should the individual or the individual's legal representative fail to request a hearing within a 30-day period from the date of the notice of denial.

The individual or his/her legal representative shall be offered the opportunity for an informal case review by the SPD Waiver Coordinator or by a designee.

APPENDIX E - PLAN OF CARE

APPENDIX E-1

a. PLAN OF CARE DEVELOPMENT

1. The following individuals are responsible for the preparation of the plans of care:

- Registered nurse, licensed to practice in the State
- Licensed practical or vocational nurse, acting within the scope of practice under State law
- Physician (M.D. or D.O.) licensed to practice in the State
- Social Worker (qualifications attached to this Appendix)
- Case Manager
- Other (specify):
24 Hour Residential, Supported Living, Foster Care, Employment and Alternatives to Employment providers; professional consultants; individuals and/or their legal representatives; advocates; and families have input into the content of the plan of care.

Case managers prepare the written plan of care. If the case manager is unable to attend the plan of care meeting, the person selected as the team leader is responsible for the writing of the plan. The plan is always sent to the case manager; if the case manager does not believe the plan meets the requirements of all applicable administrative rules, the case manager can reconvene the team.

2. Copies of written plans of care will be maintained for a minimum period of 3 years. Specify each location where copies of the plans of care will be maintained.

- At the Medicaid agency central office
- At the Medicaid agency county/regional offices
- By case managers
- By the agency specified in Appendix A
- By consumers
- Other (specify):
24 Hour Residential, Supported Living, Foster Care, Employment and Alternative to Employment providers;

3. The plan of care is the fundamental tool by which the State will ensure the health and welfare of the individuals served under this waiver. As such, it will be subject to periodic review and update. These reviews will take place to determine the appropriateness and adequacy of the services, and to ensure that the services furnished are consistent with the nature and severity of the individual's disability. The minimum schedule under which these reviews will occur is:

- Every 3 months
- Every 6 months
- Every 12 months
- Other (specify):

APPENDIX E-2

a. MEDICAID AGENCY APPROVAL

The following is a description of the process by which the plan of care is made subject to the approval of the Medicaid agency: Case managers are designated by the Intergovernmental Agreement between the State and CDDP's, and administrative rule, as the staff responsible to approve plans of care. Staff from SPD routinely review plans of care developed and implemented by community providers during licensing or certification onsite reviews. Case manager case files are periodically reviewed by state staff to assure compliance with state administrative rules. Plans of care are available to staff of the Medicaid Agency/Department of Human Services/SPD upon request.

b. STATUTORY REQUIREMENTS AND COPY OF PLAN OF CARE

1. The plan of care will contain, at a minimum, the type of services to be furnished, the amount, the frequency and duration of each service, and the type of provider to furnish each service.
2. A copy of the plan of care form to be utilized in this waiver is attached to this Appendix.

Recently the state developed, field tested, trained casemanagers and provider staff, and implemented new plan of care (Individual Support Plan {ISP}) processes and forms for 24-hour residential programs, and adult and child foster home programs. Administrative rules for these programs, and the ISP rule, are being revised to include these new processes and forms. Adults in these programs who receive employment or alternative to employment services have these included on the applicable forms. The new process and forms are being phased in statewide.

Current administrative rules govern existing plans of care (ISP's) until they are converted to the new process and format. Current administrative rules do not require a standard plan of care form. However, the state administrative rules for services included under the waiver contain requirements for plan of care content that meet the requirements of (b)(1). The new processes and forms for 24-hour residential programs, and adult and child foster home programs, conform to and expand upon these requirements.

Supported living programs have plan of care requirements in the administrative rule governing that service. Counties and providers can use their own formats for supported living services as long as they address support needs identified through the plan of care process and the requirements of (b)(1).

In addition to administrative rules governing service provision, the ISP rule contains requirements for the content of the plan. This rule requires that the plan include each service provider's program plan for the individual (type and amount of service furnished, frequency of service); documentation of the need for additional evaluations or other services to be obtained and the person or provider responsible for assuring these are obtained; documentation of the specialized health care needs, health maintenance services and the person or provider responsible for assuring that these services are provided; documentation of the person's safety skills; documentation of the reasons any preference of the individual, legal representative and or family members cannot be honored; and documentation of the role and responsibility of each participant in implementing the plan. The new processes and forms for 24-hour residential programs, and adult and child foster home programs, continue these requirements but with a more person centered focus utilizing required forms.

APPENDIX F - AUDIT TRAIL

a. DESCRIPTION OF PROCESS

- 1. As required by sections 1905(a) and 1902(a)(32) of the Social Security Act, payments will be made by the Medicaid agency directly to the providers of waiver and State plan services.
- 2. As required by section 1902(a)(27) of the Social Security Act, there will be a provider agreement between the Medicaid agency and each provider of services under the waiver.
- 3. Method of payments (check one):

_____ Payments for all waiver and other State plan services will be made through an approved Medicaid Management Information System (MMIS).

 X Payments for some, but not all, waiver and State plan services will be made through an approved MMIS. A description of the process by which the State will maintain an audit trail for all State and Federal funds expended, and under which payments will be made to providers is attached to this Appendix.

_____ Payment for waiver services will not be made through an approved MMIS. A description of the process by which payments are made is attached to this Appendix, with a description of the process by which the State will maintain an audit trail for all State and Federal funds expended.

_____ Other (Describe in detail):

b. BILLING AND PROCESS AND RECORDS RETENTION

1. Attached is a description of the billing process. This includes a description of the mechanism in place to assure that all claims for payment of waiver services are made only:

- a. When the individual was eligible for Medicaid waiver payment on the date of service;
- b. When the service was included in the approved plan of care;
- c. In the case of supported employment, prevocational or educational services included as part of habilitation services, when the individual was eligible to receive the services and the services were not available to the individual through a program funded under section 602(16) or (17) of the Individuals with Disabilities Education Act (P.L. 94-142) or section 110 of the Rehabilitation Act of 1973.

 X Yes

 No. These services are not included in this waiver.

2. The following is a description of all records maintained in connection with an audit trail. Check one:

 All claims are processed through an approved MMIS.

 X MMIS is not used to process all claims. Attached is a description of records maintained with an indication of where they are to be found.

3. Records documenting the audit trail will be maintained by the Medicaid agency, the agency specified in Appendix A (if applicable), and providers of waiver services for a minimum period of 3 years.

F. AUDIT TRAIL

The following describes the process and method of payment utilized by SPD to pay for waived services through a non-MMIS payment system. This description includes the billing process and records retention. Medicaid is the payor of last resort for all services described below.

Residential and Day Habilitation (Adult and Children's Group Homes, Supported Living, Prevocational, Supported Employment)

To document payments to providers of these waived services, SPD central office and providers will maintain monthly reports by service by provider that are generated from the Client Process Monitoring System (CPMS). CPMS documents contract utilization and provides financial information for auditing contract performance. The CPMS enrollment form supplies information and data about an individual and tracks the delivery of service. CPMS produces the following reports from this data: Client Termination and Service Adjustment Recording Form; Client Offset Report (residential habilitation only); Provider Financial Statements; and Fiscal Year Reports. These reports include names of individuals served, their Medicaid ID number, dates of service, and total amount billed for each individual. Reports are sent monthly to providers and CDDP's. SPD maintains this information in a computerized data base, and reconciles the information monthly and annually to provider payment information maintained in SPD accounting records. This document trail will allow tracking of all waiver funds to individual clients. IV-E funds will be used for all services that can be covered under IV-E.

Non-Relative Foster Care (Adult and Children's Foster Care)

Non-relative foster care payments for adults and children are made through the SPD's Community Based Care Payment (CBC) System. The CBC includes an automatic payment authorization form (the 512) that acts as an agreement between the provider and the State regarding the services the individual is to be provided, the amount of compensation the provider is to receive for providing the services, and the source of the funds. The 512 is also used to establish Medicaid eligibility. The 512 is generated monthly and includes the provider's name, address, and provider number; a summary by individual of the current room and board amount, the service amount, any client contribution, and the amount the state will pay. All service payments for adult or child foster home individuals are combined into one check that is issued to the provider. The Remittance Advice Form provides a detailed summary of each of the payments included in the check, all adjustments to that payment, and a year-to-date summary of provider payments. IV-E funds will be used for all services that can be covered under IV-E.

In-Home Supports; Environmental Accessibility Adaptations, Specialized Medical Equipment and Supplies, Respite, Family Training, Physical Therapy, Occupational Therapy, Speech Therapy

Payments to these providers of waived services will be documented in SPD's Client Process Monitoring System (CPMS). An enrollment form is completed for each individual receiving services. The CPMS contains data about individuals and tracks the delivery of services.

A sample CPMS form is attached that illustrates the type of data maintained. The CPMS billing form that is used to document services under this waiver is attached and includes the name of the individual served, their Medicaid ID number, type of service received, dates of service, and total amount billed for each service. SPD maintains this information in a non-mainframe computerized data base. This document trail will allow tracking of all waiver funds to individual clients.

This data base was developed to document the level of detail required to report the type of service received by waived individuals. Expenditures for each category of service in Appendix B s. will be entered into this data base. Each record in the data base will contain the client identifiers, waiver eligibility, demographic information, type of service, the dates of service, and the cost of each service. A summarized record from this data base will be uploaded to the mainframe CPMS.

The data base produces reports that calculate the total cost and the number of individuals served in each service category. CPMS will then be used to verify that the total expenditures are accurate. This information will be reported annually on the HCFA 372 Report.

Payment to providers of in-home services is based on reimbursement for actual allowable expenses as approved by the SPD. SPD Program Staff will review utilization reports monthly and costs annually. Any potential financial irregularities will be referred to the Department's Audit Unit.

Payment to providers of crisis services is based on reimbursement for actual expenditures resulting from delivery of services except that payment is limited to the cumulative biennial total authorized for crisis services.

Transportation Services

Individuals receiving waived transportation services must be enrolled on CPMS. Monthly CPMS reports document names of individuals served, Medicaid ID number, dates of service, and total amount billed. Payment for transportation services is based on the amount specified in contract between SPD and CMHP.

Health Plan Services

Payments to providers for prescribed medications, laboratory, dental, hospital, physician, and other services paid with Title XIX funds outside of waiver funds are monitored by the MMIS system. These payments may be tracked to individual waived clients by matching Medicaid ID numbers from the MMIS system with the computerized SPD data base just described.

c. PAYMENT ARRANGEMENTS

1. Check all that apply:

- The Medicaid agency will make payments directly to providers of waiver services.
- The Medicaid agency will pay providers through the same fiscal agent used in the rest of the Medicaid program.
- The Medicaid agency will pay providers through the use of a limited fiscal agent who functions only to pay waiver claims
- Providers may *voluntarily* reassign their right to direct payments to the following governmental agencies (specify):

Providers who choose not to voluntarily reassign their right to direct payments will not be required to do so. Direct payments will be made using the following method:

County governments act as the State's fiscal agent in administrating community-based services as provided by 42 CFR 434.10. When the county subcontracts for delivery of service, all funds received from SPD are passed directly on to the subcontractor. This is a direct pass through of funds. No portion of these payments may be retained by the county for its administrative expenses. If there is need to recover

funds from the provider, the county carries out this activity.

No portion of these funds are retained by the county; all funds recovered by the county are returned to the State and Federal governments. In other words, SPD retains complete control over payments all the way to the provider, and back again when needed.

2. Interagency agreement(s) reflecting the above arrangements are on file at the Medicaid agency.

METHODS USED TO EXCLUDE PAYMENTS FOR ROOM AND BOARD

The purpose of this Appendix is to demonstrate that Medicaid does not pay the cost of room and board furnished to an individual under the waiver.

The following service(s), other than respite care*, are furnished in residential settings other than the natural home of the individual (e.g., foster homes, group homes, supervised living arrangements, assisted living facilities, personal care homes, or other types of congregate living arrangements).
(Specify):

24 Hour Residential, Supported Living, Foster Care. Medicaid does not pay the cost of room and board. Room and board costs are covered by an individual's SSI, SSB, SSDI, Veteran's Benefit or other source of income that is not Medicaid waiver funds. If an individual does not have sufficient income to pay the costs of room and board, sources other than Medicaid are used.

Respite may include the cost of room and board when it is provided in a Medicaid certified NF or ICF/MR, or when it is provided in a foster home or community residential facility that meets state standards specified in this waiver.

*NOTE: FFP may be claimed for the cost of room and board when provided as part of respite care in a Medicaid certified NF or ICF/MR, or when it is provided in a foster home or community residential facility that meets State standards specified in this waiver.)

B. The following service(s) are furnished in the home of a paid caregiver. (Specify):

In Home Support (including respite); Crisis Diversion (including respite). Respite does not include a room and board component when it is provided in a private residence.

STATE: Oregon

DATE: July, 2003

Attached is an explanation of the method used by the State to exclude Medicaid payment for room and board.

The source of payment for room and board is an individual's SSI, SSB, SSDI, Veteran's benefit, or other non-Medicaid waiver source. Room and board payments are collected by the residential provider from the individual each month for all adults who are served in community based residential services (24-hour residential, foster home, and supported living programs).

Payment for residential habilitation services (staffing, consultation, program administration, services and supplies) comes from the State and is passed through the county to the provider.

SPD receives the SSI, SSDI, SSB, or Veteran's benefit check for individuals living in state operated community group homes. SPD's Financial Services Section uses these funds for the room and board costs of individuals in each of the state operated community group homes. This section also pays the residential habilitation services costs for individuals in each of the state operated community group homes.

The SPD is the representative payee for children served in children's foster care and children's residential programs. SPD receives the SSI, SSDI, or Veteran's benefit check each month for the children in service. SPD sends a check monthly to the child foster care or residential provider for the room and board costs of the child(ren) in service. SPD sends a separate check monthly to the child foster care or residential provider for the residential habilitation service payment for the child(ren) in service.

By definition, in home support and crisis/diversion are habilitation services, not room and board. Billing for these services excludes reimbursement for costs that are room and board and are covered by SSI, SSB, SSDI, or Veteran's benefits, etc. Respite is the only service that includes a room and board component and only when provided in a setting that is not a private residence.

METHODS USED TO MAKE PAYMENT FOR RENT AND FOOD EXPENSES OF AN
UNRELATED LIVE-IN CAREGIVER

Check one:

 X The State will not reimburse for the rent and food expenses of an unrelated live-in personal caregiver who lives with the individual(s) served on the waiver.

 The State will reimburse for the additional costs of rent and food attributable to an unrelated live-in personal caregiver who lives in the home or residence of the individual served on the waiver. The service cost of the live-in personal caregiver and the costs attributable to rent and food are not reflected separately in the computation of factor D (cost of waiver services) in Appendix G-2 of this waiver request.

Attached is an explanation of the method used by the State to apportion the additional costs of rent and food attributable to the unrelated live-in personal caregiver that are incurred by the individual served on the waiver.

STATE: Oregon DATE: July, 2003

FACTOR D'

LOC: ICF/MR

NOTICE: On July 25, 1994, HCFA published regulations which changed the definition of factor D'. The new definition is:

"The estimated annual average per capita Medicaid cost for all other services provided to individuals in the waiver program."

Include in Factor D' the following:

The cost of all State plan services (including home health, personal care and adult day health care) furnished in addition to waiver services WHILE THE INDIVIDUAL WAS ON THE WAIVER.

The cost of short-term institutionalization (hospitalization, NF, or ICF/MR) which began AFTER the person's first day of waiver services and ended BEFORE the end of the waiver year IF the person returned to the waiver.

Do NOT include the following in the calculation of Factor D':

If the person did NOT return to the waiver following institutionalization, do NOT include the costs of institutional care.

Do NOT include institutional costs incurred BEFORE the person is first served under the waiver in this waiver year.

If institutional respite care is provided as a service under this waiver, calculate its costs under Factor D. Do not duplicate these costs in your calculation of Factor D'.

FACTOR G

LOC: ICF/MR

The July 25, 1994 final regulation defines Factor G as:

"The estimated annual average per capita Medicaid cost for hospital, NF, or ICF/MR care that would be incurred for individuals served in the waiver, were the waiver not granted."

Provide data ONLY for the level(s) of care indicated in item 2 of this waiver request.

Factor G is computed as follows:

_____ Based on institutional cost trends shown by HCFA Form 2082 (relevant pages attached). Attached is an explanation of any adjustments made to these numbers.

_____ Based on trends shown by HCFA Form 372 for year _____ of waiver _____, which reflect costs for an institutionalized population at this LOC. Attached is an explanation of any adjustments made to these numbers.

_____ Based on actual case histories of individuals institutionalized with this disease or condition at this LOC. Documentation attached.

_____ Based on State DRGs for the disease(s) or condition(s) indicated in item 3 of this request, plus outlier days. Descriptions, computations, and an explanation of any adjustments are attached to this Appendix.

 X Other (specify):
 Costs from the Department's Institutional Revenue Section

If institutional respite care is provided as a service under this waiver, calculate its costs under Factor D. Do not duplicate these costs in your calculation of Factor G.

FACTOR G'

LOC: ICF/MR

The July 25, 1994 final regulation defines Factor G' as:

"The estimated annual average per capita Medicaid costs for all services other than those included in Factor G for individuals served in the waiver, were the waiver not granted.

Include in Factor G' the following:

The cost of all State plan services furnished WHILE THE INDIVIDUAL WAS INSTITUTIONALIZED.

The cost of short-term hospitalization (furnished with the expectation that the person would return to the institution) which began AFTER the person's first day of institutional services.

If institutional respite care is provided as a service under this waiver, calculate its costs under Factor D. Do not duplicate these costs in your calculation of Factor G'.
