

CONTENTS

More detailed tables of contents are to be found within the various parts of the compendium. The following provides merely an overview.

Acknowledgments . . . . . ii  
 Introduction . . . . . iii  
 Glossary and Landmarks . . . . . v

**PART I. NUCLEIC ACID ALIGNMENTS**

Contents . . . . . I-1  
 Introduction . . . . . I-2  
 A. Nucleotide Alignment of HIV-1 Complete Genomes . . . . . I-18  
 B. Nucleotide Alignment of Primate Lentiviral Complete Genomes . . . . . I-92

**PART II. AMINO ACID ALIGNMENTS**

Introduction . . . . . II-1  
 Contents . . . . . II-4  
 A. HIV-1 Amino Acid Alignments . . . . . II-A-1  
 B. HIV-2/SIV Amino Acid Alignments . . . . . II-B-1  
 C. SIV AGM and SIV SYK Amino Acid Alignments . . . . . II-C-1

**PART III. ANALYSES**

Structure of the Core of the HIV-1 gp120 Exterior Envelope Glycoprotein . . . . . III-3  
*Richard Wyatt, Peter D. Kwong, Wayne A. Hendrickson, Joseph G. Sodroski*  
 Reference Sequences Representing the Principal Genetic Diversity of HIV-1  
 in the Pandemic . . . . . III-10  
*Jean K. Carr, Brian T. Foley, Thom Leitner, Mika Salminen, Bette Korber,  
 Francine McCu han*  
 Coreceptor Use by P7H\_§ rLentiviruses . . . . . III-20  
*Robert W. Doms, Aimee L. Edinger, John P. Mo e*  
 Mutations in Retroviral Genes Associated with Drug Resistance . . . . . III-36  
*Jennifer Hammond, Charles Calef, Brendan Larder, Raymond Schinazi,  
 John W. Mellors*  
 Sequence Quality Control . . . . . III-80  
*Carla Kuiken, Bett Korber*  
 Reagents for HIV/SIV Vaccine Studies . . . . . III-91  
*Sonia Vasil, Rama Thakallapally, S < Pillai, Carla Kuiken*  
 Numbering Positions in HIV Relative to HXB2CG . . . . . III-102  
*Bette T. Korber, Brian T. Foley, Carla L. Kuike‡ Satish K. Pillai,  
 Joseph G. Sodroski*  
 Phylogenetic Analysis of gp41 Envelope of HIV-1 G M, N, and O . . . . . III-112  
*Danuta Pieniazek, Chunfu Yang, Renu B. Lal*  
 Global Variation in the H7~1 V3 Region\* . . . . . III-118  
*Sonia Vasil, Rama Thakallapally, Bette T. Korber, Brian T. Foley*

\*See pages III-130–134 for a listing of two-letter country codes.
