

LAND AND WATER CONSERVATION FUND
DESCRIPTION AND NOTIFICATION FORM

Table with columns: State, Grant #, Amend #, Date Received, Date Approved, Expiration Date, Start Date

Grant Name:
Element Name:
Sponsor Name:
Address:

Type: A = Acquisition, D = New development, R = Renovation development
Sponsor: L = Local, C = County, S = State

Table with columns: Acreage Acquired, Donated Acres, Acquisition Assistance, Number of Park Sites*

Financial Data Estimates: Total Cost, Fund Amount
Source Of Match: Fed, State, Local

PARK INFORMATION
Park Name #1, County Name, City Name, Cong Dist, Zip Code
GPS Coordinates, Latitude, Longitude
Prior LWCF Assistance? Yes/No
Fiscal Year, New 6(f) Acres at Park, Enhanced 6(f) Acres at Park, Total Number of 6(f) Acres at Park

SPECIAL INDICES
A. Lease land - private, B. Leased land - federal, C. Coastal Grant, D. Leased land - expired lease, E. Former federal surplus property, F. Flood plain, G. Lands transferred to federal agency, I. Indian sponsored, J. National Historic Register property, K. National Natural Landmarks, L. Less than fee acquisition, M. Mined land, N. National Historic Landmarks, O. National Heritage Areas, Q. Railroad - R-O-W, R. National river, S. School park, T. National trail, U. Utility - R-O-W, V. American Heritage Rivers, W. Wetlands, X. Grant involved conversion, Y. Endangered species, Z. Contingency reserve

FACILITY CODES
A. 00. CAMPGROUNDS, B. 00. PICNIC AREAS, C. 00. SPORTS & PLAYFIELDS, D. 00. GOLF COURSE, E. 00. SWIMMING FACILITIES, F. 00. BOATING FACILITIES, G. 00. FISHING FACILITIES, H. 00. TRAILS, J. 00. WINTER SPORTS FACILITIES, K. 00. ENCLOSED SHELTER, L. 00. SHELTERED ICE RINK, M. 00. HUNTING, N. 00. NATURAL AREA, P. 00. PASSIVE PARKS, Q. 00. SUPPORT FACILITY, R. 00. AMPHITHEATER/ BAND SHELL, S. 00. LAKE IMPOUNDMENT, T. 00. VISITOR INFORMATION CENTER, U. 00. INTERPRETIVE CENTER, V. 00. OTHER

*Attach continuation sheet(s) for grants with 2 or more sites (one per additional site)

Estimated Burden Statement: The public reporting burden for this collection of information is estimated to average 1 hour per response including time for reviewing instructions, gathering and maintaining data, and completing and reviewing the form. Direct comments regarding this burden estimate or any aspect of this form should be sent to the National Park Service, State and Local Assistance Programs Division, 1849 C Street NW, Washington, DC 20240.

Paperwork Reduction Act Statement: This form is necessary to provide data input into an NPS project database which provides timely data on projects funded over the life of the program. Such data is used to monitor project progress and to analyze program trends. A Federal Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Any comments on the burden estimate or other aspects of this collection of information may be addressed to the National Park Service, State and Local Assistance Programs Division, 1849 C Street NW, Washington, DC 20240.

INSTRUCTIONS
DNF Form (v. Oct. 2004)

The Description and Notification Form (DNF) is used to capture information about LWCF grants and those parks and recreation areas assisted through either approval of a new grant or an amendment to an existing grant. This information is used for administrative purposes as well as to aid in reporting the performance of the program to members of Congress and the American people. Accordingly accuracy in reporting information is crucial. The following directions are provided to assist you.

For amendments only relevant portions are to be completed or as noted below.

GRANT INFORMATION	Summary information for the entire grant or amendment regardless of number of specific park areas or parcels involved.
State	Enter the appropriate two-digit State identifier, e.g. 06.
Grant No.	Enter the five digit number for the Grant, e.g., 00456 (to be verified by NPS)
Amendment No.	Enter the sequential Amendment Number (to be verified by NPS).
Date Received	Enter the date on which an <u>actionable</u> project or amendment is received in the regional office. If the information received is returned to the State as incomplete and subsequently resubmitted, the date the resubmitted project was received shall be entered (to be completed by NPS).
Approval Date	Enter the date the project or amendment was approved as shown on the project agreement or amendment form (to be completed by NPS).
Expiration Date	Enter the grant expiration date as shown on the project agreement or amendment form (to be verified by NPS).
Start Date	The Start Date is the same as the Approval Date unless an earlier Start Date results from a previously approved Waiver of Retroactivity; if so, the waiver date is the Start Date.
Grant Name	Enter Project Title from the agreement document in all caps not to exceed 50 characters.
Element Name	Leave blank unless a consolidated project is being amended in all caps not to exceed 50 characters.
Sponsor Name	Enter name of Grantee or sub-grantee.
Address	Enter address of Grantee or sub-grantee.
Type	Enter the appropriate letter for type of grant. Use the definition below for guidance. A= Acquisition: grants for the acquisition of lands and waters D= New Development: grants where the majority of the assistance is devoted to development of new recreation or eligible support facilities. R= Redevelopment: grants primarily involving renovations, rehabilitation, replacement or retrofitting of existing recreation and support facilities. P= Planning: grants related to the development of a SCORP document. C= Combination: grants involving both acquisition and development. M= Other: if authorized.

Sponsor	Enter appropriate letter for sponsor type. L= Local: a local unit of government (including tribes) other than a county or parish. C= County or Parish. S= State
Acreage Acquired	When the project type is either A or C, enter the total numbers of acres to be acquired to the nearest tenth regardless of number of parcels or their location (purchased acres + donated acreage)
Donated Acres	Indicate to the nearest tenth of an acre that portion of the total acreage being donated if any.
Acquisition Assistance	Enter the Fund assistance provided to cover actual cash outlay for real property purchased, including project administration and relocation costs. For C projects, administration costs will be prorated between development and acquisition. If all the acres acquired are donated, i.e., total acres acquired = donated acres acquired, there is no acquisition cost and this field should remain empty. If the total acres acquired are larger than the donated acres acquired, acquisition assistance is to be entered.
No. of Park Sites	Identify the number of separate park sites (distinct park units) being assisted under this project. Park information for each site is to be completed below. For conversions, the total number of park sites associated with the grant as a result of a conversion should be entered (e.g., enter 1 for a total conversion and replacement; enter 2 for a partial conversion with one replacement site).
Total Cost	Enter the estimated total cost of project as shown on the grant agreement For amendments enter the total cost of the amendment.
Fund Amount	Enter the LWCF dollar share of the total cost, not to exceed 50 percent. For amendments enter the LWCF dollar share of the amendment.
Source of Match	Identify the source of the non-LWCF share of the project cost by selecting the appropriate box. Other federal programs authorized by law to match LWCF grants will be considered "Federal" (i.e., CDBG). Note: the application of a negotiated indirect cost rate requires a State contribution and must be so identified.

PARK INFORMATION	Information related to each park or recreation area impacted by the grant (or added through a conversion). For projects involving more than one park/area, attach a Continuation sheet for each. This information does not apply to planning and program administration grants.
Park Name	Enter the official name of the park or recreation area (XYZ Park, Recreation Area, State Natural Area, Playground, Field, Preserve, etc.). If unknown, enter a generic name as a place holder for subsequent correction. Do not repeat descriptors often found in the Grant Name which are not designated park names such as "development", "improvement", "Phase II," etc. If the funded

	development is a named facility within a park (e.g., ABC Tennis Courts within XYZ Park), XYZ Park is to be entered.
County Name	Enter the county in which the funded park or recreation area is located. If in more than one county, show all.
City Name	Enter name of city (township, etc.) in which funded park or recreation area is located. For projects not located within a sub-county jurisdiction, enter name of jurisdiction located nearest to actual park site.
Congressional District	Enter the 2-digit number for the Congressional District in which the funded park or recreation area is located. If physically located in more than one district, enter number of each district in which located.
Zip Code	Enter 9-digit zip code in which the funded park or recreation area is located (00000-0000).
Prior LWCF Assistance	Check appropriate box to indicate whether this park or recreation area has ever received LWCF assistance before. If XYZ Park has neither been acquired in total or in part nor previously developed through a prior LWCF grant, enter "No".
GPS Coordinates	Enter the geo-reference coordinates in degree, minutes, seconds, and direction for the park or recreation area. This point should refer to the approximate center point of the 6(f) area as is feasible. In all cases, the coordinates should correspond to area <u>within</u> the 6(f) boundary. For projects involving linear parks, such as trails, the reference point should relate to the middle section of the trail.
Fiscal Year	This is the federal Fiscal Year in which new grants and amendments are "approved" by NPS and the contract document is executed. Fiscal Year is not the date submitted to NPS.
New 6(f) Acres at Park	Enter the total acreage of the 6(f) area that is newly protected under this grant through either acquisition, new development, redevelopment or a combination of either. The area should be clearly shown on the 6(f) boundary map and in most cases will include the acreage of the entire park. For amendments, new acres will only be shown if there is an increase in the Federal share for the purpose of adding additional acres to the <u>project scope</u> .
Enhanced 6(f) Acres at Park	Enter the previously protected 6(f) acreage at the park or recreation area that is now receiving "development" assistance (enhancement) through a new development, renovation development or combination project. In other words, the park area is receiving further improvement in addition to what has been received through prior LWCF assistance. The acreage enhanced is not limited to the footprint of the development being funded but includes the total acreage previously protected through prior grants and identified on the pre-existing 6(f) boundary map. For amendments, enhanced acres will only be shown for amendments which increase the Federal share <u>for the specific purpose of adding new scope items within the 6(f) area</u> .
Total Number of 6(f) acres at Park	Enter the total number of 6(f) acres now protected as a result of the current and all previous grants or amendments at the site. It is intended to capture the size of the LWCF- protected recreation

	estate at the facility as a result of both current and past LWCF involvement. This number should reflect changes resulting from conversions.
Special Indices	<p>These indices reflect special/unusual features of a proposal. Select all that are relevant.</p> <p>For amendments which add or delete special indices previously entered, overwrite the special indices originally entered with all those applicable as of the latest amendment.</p>
Facility Codes	<p>Select as many facility codes (Primary plus subcodes) as necessary to describe the specific facilities being developed. For acquisition projects, select only primary codes (A00, B00, etc.) which represent the planned use of the site. For combination projects, select the primary codes plus the appropriate subcodes.</p> <p>For amendments which add or delete facility codes previously entered, overwrite the facility codes originally entered with all those applicable as of the latest amendment.</p>
Creation of a New Park or Recreation Area (Reserved)	Indicate whether this LWCF grant will result in the acquisition or development of a facility providing outdoor recreation opportunity that previously did not previously exist. New acres added or new development at a previously existing facility are not included under this definition (this information is currently being collected by NPS and will be added to the next revision of the DNF).
