-  Urban Growth Boundaries
-  Major Highways
-  Rivers
-  Township/Range Lines
-  Section Lines

Oregon Water Resources Department Data

-  Limited Groundwater Restricted Area
-  Water Rights - Place of Use

DRAFT MAP

Properties shown in color on this map represent Measure 37 applications received by Yamhill County as of December 4, 2006. Please note that not all of these properties will be approved for Measure 37 claims and some have already been denied. In addition, if the Measure 37 claim is approved, in most cases a land use application will be required to be processed in order for the property to be developed. Depending on the year of the claim, development may only allow division into parcels of 20 acres, 40 acres or larger lots. Some will be allowed to be divided into parcels ranging from one to ten acres. However, in all cases health and safety standards will need to be complied with, which may limit the density of development.
