_	

2. In the window that opens, bypass the Userid and Password requests, and just click: **Register for a Userid**

3. Type in the requested information.

When you type in Userid, please record the Userid on paper and keep it in an accessible place. You will mainly use this Userid to access the system in all future sessions. Please record the Userid exactly as you have typed it into the input window.

• When you type in Password, please record the Password on paper and keep it in an accessible place. You will mainly use this Password to access the system in all future sessions. Note that the Password is case sensitive. Please record the Password exactly as you have typed it into the input window.

After selecting a question, o Don't put punctuation or unusual space use the password rules in paming via	Use a minimum of 9 characters Use a special character (QP\$% %*) Use at least one lowercase letter use at least one specials letter use at least one supercase letter use at least one numeric character do not include the userid in the password vused security questions to facilitate remembering your hint choose a simple answer that you will be able to remember, incing in the answer; in fact, a one word answer is best. Do not sim answer.
one one because a courts or particular has	yau bom?

When you type in the answer to the Security Question, please record your answer on paper and keep it in an accessible place. If you forget your password, you can use this answer to reset your password.

4. Forgot the Password?

Just click on Forgot your password?

This window is used to assign a new password if the original password has been lost or has become unavailable. The user is prompted to answer a secret question that was first determined when he / she was assigned a userid. The user will enter a new password twice following the prescribed formats in the bulleted list below. The user will then click on the Logon button.

 Use a mini Use a control 	imum of 9 characters.
 Use at least 	st one lower case letter.
 Use at least 	st one numeric character.
 Do not incl 	ude the userid in the password.

5. If you complete the instructions for SSO, after you click Submit, you will see:

At this point close your browser.

You can complete the SSO registration, as above, as an independent step. Notice that you **do not use the Mail ID and Secret Code** sent to you via email by EIA.

6. Open your Internet Browser, enter this address, and press Enter

7. Enter the Userid that you set at step 3 above.

Enter the Password that you set at step 3 above. Remember the Password is case sensitive.

8. In the next window—EIA Applications and Functions—click

9. In the next window, titled, Add Coal Survey Reporting Capability

Enter the special Mail Id and Secret Code

This is the only time you use the special Mail Id and Secret Code sent to you by EIA.

In any further sessions, you use the Userid and Password set during SSO registration to enter the system.

10. The next window should have the Coal EIA-7A as an option.

If you do not see: Coal EIA-7A

then send email immediately to

EIA-7A@eia.doe.gov

With subject line: No EIA-7A capability

Otherwise, click Coal EIA-7A

If you are responsible for submitting other forms, such as electric forms or other coal forms, you will see those options listed in this window.

In subsequent sessions, after you logon <u>using Userid and Password (as set by you)</u>, you will come to this window. You get access to your EIA-7A survey forms by clicking on:

Coal EIA-7A

11. The next window lets you access forms for your particular sites.

Or click here for a text only list of Site Ids

If you do not see a site number or a list of site numbers

then send email immediately to

EIA-7A@eia.doe.gov

With this subject line:

No site ids for the EIA-7A
