I am an individual or corporation making a qualified donation to a gleaning cooperative, food bank, or other charitable organization of a crop that I have grown. The organization receiving the donation is engaged in the distribution of food without charge and the crop is usable as food for human consumption. The donation is available because (check one):

- I have supplied my contract quota with the wholesale or retail buyer.
- I was party to a contingent supply contract. The buyer reduced my crop quota below what I expected to supply.
- I have determined that I am making a donation of apparently wholesome food intended for human consumption.

Determination of Wholesale Market Price

The wholesale market price for each crop being donated is determined by either:

- The amount paid to the grower by the last previous cash buyer, or
- If there is no previous cash buyer, the market price of the nearest wholesale buyer or the regional u-pick market price.

DONATION AND CALCULATION OF CREDIT. To be completed by the grower.

INSTRUCTIONS FOR CROP DONATION TAX CREDIT

Oregon allows a tax credit for crops donated to a glean-ing cooperative, food bank, or other charitable orga-nization engaged in the distribution of food without charge. The organization receiving the donation must have a principal or ongoing purpose of distribution of food to children or homeless, unemployed, elderly, or low-income individuals. The organization must be located in Oregon and be exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code.

To qualify for this credit, you must be in the business of growing the crop to be sold for cash. The crop must be fit for human consumption. The food must meet all quality and labeling standards imposed by federal, state, or local laws, even though the food may not be readily marketable due to appearance, age, freshness, grade, size, surplus, or other condition. Eligible crops include, but are not limited to, bedding plants that pro-duce food, orchard stock intended for the production of food, and livestock that may be processed into food for human consumption. Donated food meeting the above qualifications will meet the definition of *appar-ently wholesome food* as required for this credit.

How much is the credit?

The credit is 10 percent of the value of the quantity of the crop donated, computed at the wholesale market price at the time of donation. The wholesale market price is determined by either:

- The amount paid to the grower by the last pre-vious cash buyer of the particular crop, or
- In the event there is no previous cash buyer, a market price based upon the market price of the nearest regional wholesale buyer or regional u-pick market price.

Example: 5,000 pounds of potatoes @ \$0.10/lb.
 $5,000 \times 0.10 = \$500$ (market value)
 $10\% (0.10) \times \$500 = \50 (credit allowed)

How to claim the credit

Keep your completed Form 150-101-240, *Crop Dona-tion Tax Credit*, with your tax records to verify your donation. If there was a previous cash buyer, you must keep a copy of an invoice or other statement identi-fying the price received for crops of comparable grade or quality.

Individuals, partners, S corporation shareholders, or corporations can take the credit. S corporation share-holders or partners may claim the credit based on their pro rata share of the value of the donated crop.

Part-year residents and nonresidents. You are allowed the credit subject to the same limitations as a credit allowed a resident. Prorate the credit by mul-tiplying your total credit by your Oregon percentage to figure the amount you can claim on your Oregon return.

Carryforward. Your credit cannot be more than your tax liability for Oregon. You can carry forward any unused credit for the next three years. If the credit is not used within three years, it is lost.
