Part 1 Instructions to Bidders

This solicitation, called the Master Solicitation for Commodity Procurements (MSCP), is used for the solicitation of bids and award of contracts for various commodities under domestic and foreign food assistance programs administered by the Kansas City Commodity Office (KCCO). KCCO will periodically issue invitations for bids (IFB), available at <http://www.fsa.usda.gov/FSA/webapp?area=home&subject=coop&topic=pas>, requesting the particular commodities being procured. Each IFB will contain a web link to the MSCP.

Bidders are required to read the MSCP, IFB, and USDA Commodity Requirements to understand the solicitation, evaluation, and award process for KCCO commodity acquisitions. The MSCP will be updated as necessary to incorporate changes in law, regulation, and acquisition policies and procedures. Bidders should not assume that a copy of the MSCP, once downloaded, will remain effective. The effective date at the top of the MSCP document will govern which version of MSCP is applicable to a particular IFB. Current changes to the MSCP will be highlighted in each version. Prior versions of the MSCP will be archived and available.

The following web sites are being provided to potential bidders to obtain the full text of the applicable Federal Acquisition Regulation (FAR), and the Agriculture Acquisition Regulation (AGAR) provisions and clauses incorporated in the contract:

Part 2 Solicitation Provisions

Section A KCCO Provisions

1. Eligibility of Bidders

To be eligible to submit a bid, the bidder shall:

- (a) Demonstrate its ability to meet the prescribed standards specified in the Government's qualification requirements located at <http://www.fsa.usda.gov/FSA/webapp?area=home&subject=coop&topic=pas-vr>. This process will determine that a potential contractor has the quality, fitness, capacity, and experience to satisfactorily perform the proposed work and has demonstrated the requisite trustworthiness. The Government reserves the right to adjust, limit, suspend or rescind any potential contractor who has been deemed qualified and placed on the Government's Qualified Bidders List based on any subsequent information. The Government reserves the right to waive any minor irregularity and/or omission in the information contained in the qualification application that has been submitted.
- (b) When specified in the IFB, meet the requirements of the Total Quality System Audit (TQSA) program. Bidders shall be allowed to bid only from plants that have received an audited score of at least 80 points (exclusive of a major nonconformance in any item of the TQSA Report Form TQ-003). A result of one major nonconformance in any item resulting in a Corrective Action Request or three or more minor nonconformances in any section of Form TQ-003 would preclude participation in commodity purchase programs until such time corrective action is determined, implemented, and verified as effective. The contracting officer will make all final decisions regarding corrective action compliance. TQSA Supplier Guidelines setting forth the requirements may be obtained at

<http://www.fsa.usda.gov/daco/pdd/tqsa.htm> or by contacting the contracting officer.

- (c) **For dairy products, have a number of dairy plants approved by Agricultural Marketing Service (AMS) sufficient to produce the quantity offered. The USDA AMS plant approval code must match the appropriate product or operation code for the commodity being offered. Additionally, when specified in the IFB, meet the requirements of the TQSA program.** Bidders shall be allowed to bid only from plants that have received an audited score of at least 80 points. However, a result of “0” in any element of the TQSA Report Form TQ-003 will require AMS commodity inspection until such time corrective action is implemented and verified as effective. The contracting officer will make all final decisions regarding corrective action compliance.
- (d) For f.o.b. vessel bulk grain shipments:
 - (i) Have a Uniform Grain and Rice Storage Agreement (UGRSA) with CCC and be on CCC’s List of Approved Warehouse, or have a put through agreement or other means to assure timely delivery through an export elevator having a UGRSA or on CCC’s List of Approved Warehouses, with the ability to load ocean-going vessels and barges from a spout that is physically attached to the storage location.
 - (ii) Have a UGRSA with CCC and be on CCC’s List of Approved Warehouses or have a put through agreement or other means to assure timely delivery through a dockside facility or a floating Mid-stream facility for exporting milled rice or soybean meal.
 - (iii) Have the ability to issue or cause to be issued export weight and grade certificates covering the exportation of the product at the location of the elevator. The certificates shall be acceptable to the FGIS.
 - (iv) Have approved loadout rates for tankers and tween-deckers.
 - (v) Trans-shipment will be allowed providing the origin of the loading is out of the Great Lakes at an approved UGRSA warehouse. The original laker vessel shall be loaded at the UGRSA and trans-shipped to a larger ocean-going vessel most commonly in the St. Lawrence Seaway.
- (e) For Instore bids, have a UGRSA and be on CCC’s List of Approved Warehouse or be recognized members of the grain industry with either direct ownership of the UGRSA warehouse named in the bid or be otherwise able to furnish negotiable warehouse receipts or certified KC-228’s issued from the approved UGRSA warehouse named in the bid.

2. Submission of Bids

- (a) Submit bids to the office specified in the IFB at or before the exact time specified in the IFB. Submission of bids by any means other than as specified in the IFB will be determined nonresponsive. Bids that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.
- (b) For regular mail or hand delivered bids, the envelope containing the bid is to be sealed and marked with the name and address of the bidder. Bids submitted by express mail shall be sealed inside a second envelope. All envelopes shall be plainly marked: “Do Not Open Until Prescribed Time Under Invitation for Bid Number (enter appropriate number).” For express mail bids, this statement shall be printed clearly on the outer express envelope, not the mailing label.

- (c) For bids submitted using electronic commerce, the bidder is responsible for choosing its own Internet Service Provider (ISP) to transmit, translate, or carry data between the bidder and the Government. The bidder is responsible for the cost of its third-party network. The Government will not be responsible for any failure attributed to the transmission of the bid data prior to being accepted and stored on the Government's web server including, but not limited to, the following:
 - (i) Any failure of the bidder's computer hardware or software;
 - (ii) Availability of the ISP;
 - (iii) Delay in transmission due to the speed of the modem;
 - (iv) Delay in transmission due to excessive volume of Internet traffic;

3. Period of Acceptance of Bids

The bidder agrees to hold the prices in its bid firm through the contract award date and time specified in the IFB.

4. Evaluation of Bids

- (a) The Government will award a contract(s) to the responsible bidder(s) whose bid(s) conforming to the solicitation will be most advantageous to the Government, price and price-related factors considered. The following factors shall be used to evaluate bids:
 - 1) For commodities purchased for domestic programs, the total cost to the Government to deliver the product to the ultimate destination, or;
 - 2) For commodities purchased for international programs, the lowest-landed cost to the Government to deliver the products to overseas destination, or;
 - 3) For commodities purchased for instore delivery, the total cost to the Government including location and storage rates.

With respect to factor number 2 above, bids for which the Government has not received matching ocean freight offers/indications shall not be considered.

- (b) HUBZone Program

The Government will award contracts to eligible HUBZone bidders in accordance with FAR Subpart 19.13, except for price evaluation preference mandated by the provisions of 15 U.S.C. 657a, 15 U.S.C.

632(p)(5)(A)(i)(III)(cc). The HUBZone price evaluation preference shall be applied as follows.

For agricultural commodities procured for international food aid programs: In accordance with 15 U.S.C. 657a, the price evaluation preference shall be 5% on the first portion of a contract to be awarded that is not greater than 20% of the total volume of each commodity being procured in a single invitation.

For agricultural commodities procured for domestic food distribution programs: In accordance with 15 U.S.C. 657a, the price evaluation preference shall be:

- 1) 10% for the portion of a contract to be awarded that is not greater than 25% of the total volume being procured for each commodity in a single invitation;

- 2) 5% for the portion of a contract to be awarded that is greater than 25%, but not greater than 40%, of the total volume being procured for each commodity in a single invitation; and
- 3) 0% for the portion of a contract to be awarded that is greater than 40% of the total volume being procured for each commodity in a single invitation.

- (i) Name and address of the contractor;
- (ii) Invoice date and number;
- (iii) Contract number;
- (iv) Description, quantity, unit of measure, unit price and extended price of the items delivered;
- (v) Terms of any discount for prompt payment offered; and
- (vi) Form KC-228 or negotiable warehouse receipts.

3. Regulatory Requirements

The commodity shall conform to the applicable provisions of the "Federal Food, Drug, and Cosmetic Act" (21 U.S.C. 301 et. seq.), as amended, and the relevant regulations. The contractor shall comply with all applicable Federal, State and local laws, executive orders, rules and regulations related to its performance under this contract.

4. Order of Precedence

Any inconsistencies in this solicitation or contract shall be resolved by giving precedence in the following order:

- (a) The Invitation for Bids

- (b) Solicitation provisions
- (c) Contract clauses
- (d) USDA Commodity Requirements
- (e) TQSA Suppliers Guidelines
- (f) Other documents, exhibits, and attachments

5. Time is of the Essence

Time is of the essence in the performance of this contract. Performance shall be strictly in accordance with the applicable quantities and schedules set forth in this contract. Whenever it appears the contractor will not meet the performance schedule, the contractor shall immediately notify the Government of the reason and length of the delay. The contractor shall make every effort to avoid or minimize the delay to the maximum extent possible including the expenditure of premium time and most expeditious transportation. Any additional cost caused by these requirements shall be borne by the contractor. If the contractor is unable to meet the required performance schedules for any reason, other than a change directed by the Government, the Government shall have the option to cancel this contract, or fill such contract or any portion thereof, from sources other than the contractor and to reduce the contractor's contract quantities accordingly at no increase in unit price, without any penalty to the Government. This condition shall not limit the Government's rights under the default provision contained herein.

6. Carrying Charges

For f.o.b. vessel contracts only (excludes bulk oils and tallow), if the Government fails to take delivery by the end of the delivery period for reasons beyond the control of the contractor, the Government will pay carrying charges, on gross metric tons (net metric tons for wheat and sorghum), at the rate of 18 cents per metric ton per day beginning on the day following the end of the delivery period and continuing through the date the vessel presents the notice of readiness. For the purpose of carrying charges, a vessel must have passed all required inspections and be ready to receive grain in the compartments required for loading and a valid Notice of Readiness (NOR) must be presented during normal business hours of 0900 to 1600 local time, Monday through Friday and on Saturday between 0900 to 1200 noon (provided it is not a holiday). If the NOR is filed after business hours, the NOR will be considered presented on the next business day.

For f.o.b. vessel contracts for bulk oil and tallow, if the Government fails to take delivery by the end of the delivery period for reasons beyond the control of the contractor, the Government will pay to the contractor a premium based on the actual (noncumulative) number of days by which the delivery period is exceeded through the date the vessel presents the notice of readiness as follows:

- (1) If exceeded by 1, 2, 3, or 4 days, ½ of 1 percent of the f.o.b. price;
- (2) If exceeded by 5 or 6 days, 1 percent of the f.o.b. price;
- (3) If exceeded by 7 or 8 days, 1 ½ percent of the f.o.b. price;
- (4) If exceeded by more than 8 days, an additional premium of ¼ of 1 percent of the f.o.b. price for each day beyond 8 days.

If the f.o.b. vessel contract contains multiple prices, the premium shall be calculated on the weighted average of the contract prices.

7. Domestic Origin

The end product delivered must be entirely produced in the United States from commodities and packaging produced in the United States. Produced in the United States means manufactured, processed, mined, harvested, or otherwise prepared for sale or distribution, from components originating in the United States, its territories or possessions, the Commonwealth of Puerto Rico, or the Trust Territories of the Pacific Islands (hereinafter referred to as the United States). Components originating in the United States that have been exported, and subsequently imported back into the United States, will not be considered as having been produced in the United States. The contractor will maintain records evidencing product origin and will make such records available for review by the Government. The domestic origin requirement for

- Vitamin A (Retinol Palmitate)
- Vitamin D
- Carageenan (stabilizing agent)
- Sorbic Acid (preservative)
- Potassium Sorbate (preservative)
- Rennet (coagulant)

is waived as these ingredients are not entirely produced domestically.

8. **Shipping and Delivery Instructions**

The Government shall issue to the contractor electronic “Notices to Deliver” via email. The contractor shall be responsible for ensuring that it is capable of receiving email communications during the course of the contract. The contractor shall ensure that it has an accurate email address on file with the Government. The Government will not be responsible for any failure of contractor receipt of electronic “Notices to Deliver” attributable to inoperable receiver equipment and/or software. The Government reserves the right, at its option, to issue “Notices to Deliver” by other means such as, but not limited to, facsimile transmission or regular mail.

9. **Shipment and Delivery**

(a) For Domestic Programs:

- (i) The State Agency, “Consign To” party shown on the KC-269, Notice to Deliver (N/D) shall be faxed on the date of shipment.
- (ii) The receiving warehouse, “Care Of” party shown on the N/D, shall be called at least 24 hours in advance to schedule an unloading appointment. This is not required for rail shipments. Contractors shall notify the contracting officer in advance if deliveries will not be made by final delivery date under the contract.

(b) For International Programs - Packaged Commodities:

- (i) The Notify Party shown on the KC-269, Notice to Deliver (N/D), shall be contacted prior to shipment.
- (ii) The contractor shall submit form KC-366, Shipment Information Log, for each N/D, annotating on the form when the shipment is complete for each N/D. The form is available at <http://www.fsa.usda.gov/FSA/webapp?area=home&subject=coop&topic=pas-ex>. The KC-366 is to be faxed as early as possible each Tuesday and Thursday, until shipping is complete, to both International Procurement Division,

KCCO (facsimile number 816-926-6767) and the Notify Party(s) on the N/D. Contractors shall notify the contracting officer in advance if shipments will not be made by the final shipment date under the contract.

10. Seals on Transportation Conveyances

Suppliers of commodities, products and/or services shall be responsible for placing a seal(s) on all doors of each transportation conveyance upon completion of loading or servicing. The seal number(s) shall be entered on the bill of lading, which must be signed or acknowledged by the carrier or its agent. Seals shall be sequentially numbered, barrier-type and meet the American Society for Testing and Materials (ASTM) Standards. Seals shall be 1/8-inch diameter cable, high security bolt, or equivalent. Information on ASTM Standards may be found at <http://www.astm.org>.

11. Miscellaneous Contract Requirements for F.o.b. Vessel Delivery

- (a) The Government will furnish the contractor at least ten (10) days advance notice of vessel readiness.
- (b) Contractor must forward original Mate's Receipt to the Government's representative within 48 hours after completion of vessel loading.
- (c) If multiple contracts are awarded on an IFB to the same contractor who has designated the same loading berth, the contractor shall complete loading in one continuous berthing. If the contractor elects not to complete loading in one continuous berthing, the contractor will be liable for any charges associated with shifting and reberthing as provided in the Charter Party.
- (d) Contractor agrees to load the Government's nominated vessels in rotation with all vessels for loading at the elevator based on when vessels file and are accepted as ready-to-load in all respects. In the event that the contractor, for its own convenience, elects to by-pass the Government's nominated vessels to load a vessel which filed and was accepted later than the Government's nominated vessel, such action will be construed as failure or refusal of the contractor to perform.
- (e) Contractor will be liable to the Government for any actual damages suffered by the Government resulting from failure or refusal of the contractor to perform, which is not excusable under the Excusable Delay clause. Such actual damages may include, but are not limited to, the cost of demurrage, inter-port vessel relocation, vessel discharge costs, reprourement costs, and claims by carriers for damages resulting from delays in loading resulting from the commodity not being available for loading, or for delays or slowness of the vessel loading.

12. Contractor Expenses

Unless stipulated otherwise in the IFB, all expenses incurred including but not limited to testing, analysis, fumigation, and certification requirements shall be the responsibility of the contractor.

52.252-4 Alterations in Contract (Apr 1984)

Portions of this contract are altered as follows:

52.246-16 Responsibility for Supplies (Apr 1984)

- (a) Title to supplies furnished under this contract shall pass to the Government upon formal acceptance, regardless of when or where the Government takes physical possession, unless the contract specifically provides for earlier passage of title.
- (b) Unless the contract specifically provides otherwise, risk of loss of or damage to supplies shall remain with the Contractor until, and shall pass to the Government upon-
 - (1) Delivery of the supplies to a carrier, if transportation is f.o.b. origin; or
 - (2) Acceptance by the Government or delivery of the supplies to the Government at the destination specified in the contract, whichever is later, if transportation is f.o.b. destination.
 - (3) Delivery of the supplies when placed alongside ocean vessel and within reach of its loading tackle or to the USDA-approved warehouse/berth/terminal/transload facility as designated by the ocean carrier, if transportation is f.a.s. vessel;
 - (4) Exception: For those f.a.s. vessel destinations excepted in subsection 3.A.1.(c) delivery of the supplies free on board the conveyance (truck or railcar) at the USDA-approved warehouse/berth/terminal/transload facility as designated by the ocean carrier.
 - (5) Delivery of the supplies on board the ocean vessel at the named port of shipment specified in the contract, if transportation is f.o.b. vessel;
 - (6) Delivery of the supplies when placed on board the conveyance at named point of origin, if transportation is Intermodal Plant;
 - (7) Delivery of the supplies to the carrier on rail cars, trucks, or carrier-supplied conveyance at the named bridge point, if transportation is Intermodal Bridge;
 - (8) Delivery of the supplies to the carrier on rail cars, trucks, or carrier-supplied conveyance at the named Great Lakes bridge-port point, if transportation is Intermodal Bridge-Port for the Great Lakes.

(9) Receipt by the Government of a warehouse receipt or a certified Form KC-228 covering supplies being delivered, if delivered Instore.

- (c) Paragraph (b) of this clause shall not apply to supplies that so fail to conform to contract requirements as to give a right of rejection. The risk of loss of or damage to such nonconforming supplies remains with the Contractor until cure or acceptance. After cure or acceptance, paragraph (b) of this clause shall apply.
- (d) Under paragraph (b) of this clause, the Contractor shall not be liable for loss of or damage to supplies caused by the negligence of officers, agents, or employees of the Government acting within the scope of their employment.
