\*Plus Taxes and Government fees

## Debit Phone Rates

All sites	Setup fee	Each Minute
Local	\$1.75	0
IntraLATA (Inside the LATA)	\$1.46	\$0.09

  

GTL long distance Rate – All Sites	Setup fee	Each Minute
InterLATA / Intrastate (Portland LATA to Boise or Eugene LATA)	\$2.35	\$0.45
InterLATA / Interstate (e.g. out of state)	\$2.35	\$0.55

(This LATA map may contain errors. Contact the phone company for the latest information.)

- Intra-LATA calls are calls where both parties are within a single “LATA”\*  
 \*(Local Access Transport Area)  
 (For example Pendleton to Salem is Intra-LATA because both cities are in the Portland LATA)
- 
- Inter-LATA calls are calls that cross a LATA boundary.  
 (Salem to Albany is Inter-LATA because it goes from the Portland LATA to the Eugene LATA)
- 
- Please note that SRCI is in the Boise LATA. All Oregon calls from SRCI that are not local will be Inter-LATA. (But not Inter-state)
- 
- Inter-State calls cross a state line.
- 
- LATA boundaries do not always follow state lines. Note that Ontario is in the Boise, Idaho LATA and part of southern Washington is in the Portland LATA. While some phone companies charge a separate rate for areas that cross both a LATA boundary and a state line, FSH does not. Calls from Portland to the Washington part of the Portland LATA are charged as if they were in Oregon.
