## Students

The following tables, which summarize headcount and Full-Time Equivalency (FTE) enrollment of Oregon community college students, were obtained from the Oregon Community College Unified Reporting System (OCCURS).

**Definitions used in the following tables are listed below (see Pg. 55 for additional definitions):**

<b>FTE:</b>	Full-time equivalent students. Annualized FTE equals 510 clock hours.
<b>LDC:</b>	Lower Division Collegiate. Courses which parallel the offerings of the first two years of the four-year institutions and carry regular college credit.
<b>Professional Technical:</b>	Includes Preparatory, Supplemental and Apprenticeship.
<b>Preparatory:</b>	Courses/programs which prepare students for a career in a professional technical field.
<b>Supplemental:</b>	Courses which students can take to improve or upgrade themselves in their current career field.
<b>Apprenticeship:</b>	A minimum of 2000 hours in a skilled trade customarily learned in a practical way through related training and work on-the-job.
<b>Developmental Ed:</b>	Composed of five types of instruction: <ul style="list-style-type: none"><li>ESL English as a Second Language</li><li>ABE Adult Basic Education</li><li>GED General Educational Development (high school equivalency)</li><li>AHS Adult High School (yields HS diploma)</li><li>PSR Post-secondary Remedial</li></ul>
<b>COD:</b>	Contracted Out-of-District. Areas of Oregon outside of community college districts which contract with community colleges for instructional services.
<b>Non-reimbursable:</b>	Hobby and recreational courses for which no state reimbursement is provided.
<b>Self Improvement:</b>	These are courses which do not lead to a baccalaureate degree. As a general rule, these courses are designed to serve as parts of programs of study for adults and are planned to aid the student in attaining an optimum degree of self-development.
<b>Border States:</b>	Just before the Winter 1998 term, an amendment to ORS 341.528 took effect, permitting the enrollments of students who are residents
<b>Enrollments:</b>	of Oregon's four "Border States" (Idaho, Washington, California and Nevada) to be reimbursed to the colleges in the same way as those of Oregon residents. Prior to Winter term, 1998, only enrollments of Oregon residents, Idaho residents, and Washington residents up to each college's "reciprocity cap" were reimbursable.

**Resident and Non-Resident Headcount Totals**

---

Starting in 2000-01, information was no longer be provided in Table 11. This table's in- and out-of-district residency isn't as relevant as it once was since only one college now has out-of-district tuition rates different from in-district rates. Instead we utilize Table 15 which lists Oregon students by the county in which they reside. Table 15 will also now lists the numbers of international students, which previously were provided in Table 11.

## Finances

Financial information for Oregon's community colleges is collected in the Revenue and Expenditure Report that is submitted to the CCWD each February; in audits, completed for the previous academic year; and in budgets, provided to the CCWD when adopted.

Oregon's community colleges account for their revenues and expenditures in a fund accounting system. The **General Fund** includes all activities directly associated with carrying out operations related to the college's basic educational objectives. The **Special Revenue Fund** is used to account for proceeds of specific revenue sources which are restricted to expenditure for specific purposes. **Other Funds** are revenues from funds other than the General and Special Revenue Funds. The three funds are used in calculating cost per FTE as given in Table 33. [Prior to 2000-01, only FTE generating funds were used to calculate cost per FTE. Starting with 2000-01, a lack of a need for the split and the time needed to sort out the funds, they were no longer sorted into FTE and non-FTE generating categories.]

Cost centers isolated by the colleges include:

- Instruction - direct costs of providing classes
- Instructional support - instructional deans, faculty development, libraries, etc.
- Student services - counseling, registrar, placement, records, etc.
- College support - business and personnel office, president and board, etc.
- Community services - rodeos, museums, concerts, Small Business Development Centers, etc.
- Plant operations and maintenance - facilities

Oregon's community colleges receive the bulk of funding from state support, local property taxes, and student tuition and fees. Federal and private grants and contributions provide a small percentage of revenues. Information regarding each revenue source is set out in the following tables.
