

HSRP Comments on Findings and Recommendations (Received as of 9/22/05)

Issue: Hydrographic Survey Cost Analysis

Comments from Panel Member: Mr. Jon Dasler

Under "Therefore, the HSRP Recommends:" (last recommendation)

- NOAA should pursue the modernization of the aging NOAA surveying and mapping fleet to provide more efficient platforms and meet the needs for current and future technology

Drop this, it is mentioned in Mr. Tom Skinner's comments on "National Ocean Service Mapping and Charting Contracting Policy and Expansion Strategy and NOAA Core Capabilities," "HSRP Comments on Findings and Recommendations."

2. maintain and replace its hydrographic fleet to meet an average vessel age of less than 15 years; *(age of fleet).*"
