NOVEMBER 20 (legislative day of NOVEMBER 19), 2004.—Ordered to be printed

Mr. YOUNG of Florida, from the committee of conference,
submitted the following

CONFERENCE REPORT

[To accompany H.R. 4818]

The committee of conference on the disagreeing votes of the two Houses on the amendment of the Senate to the bill (H.R. 4818) “making appropriations for foreign operations, export financing, and related programs for the fiscal year ending September 30, 2005, and for other purposes”, having met, after full and free conference, have agreed to recommend and do recommend to their respective Houses as follows:

That the House recede from its disagreement to the amendment of the Senate, and agree to the same with an amendment, as follows:

In lieu of the matter stricken and inserted by said amendment, insert:

TITLE I

AGRICULTURAL PROGRAMS

PRODUCTION, PROCESSING, AND MARKETING

OFFICE OF THE SECRETARY

For necessary expenses of the Office of the Secretary of Agriculture, \$5,124,000: Provided, That not to exceed \$11,000 of this amount shall be available for official reception and representation expenses, not otherwise provided for, as determined by the Secretary.

EXECUTIVE OPERATIONS

CHIEF ECONOMIST

For necessary expenses of the Chief Economist, including economic analysis, risk assessment, cost-benefit analysis, energy and new uses, and the functions of the World Agricultural Outlook Board, as authorized by the Agricultural Marketing Act of 1946 (7 U.S.C. 1622g), \$10,317,000.

NATIONAL APPEALS DIVISION

For necessary expenses of the National Appeals Division, \$14,331,000.

TITLE I—DEPARTMENT OF LABOR
EMPLOYMENT AND TRAINING ADMINISTRATION
TRAINING AND EMPLOYMENT SERVICES

The conference agreement includes \$5,361,957,000 for training and employment services, instead of \$5,112,728,000 as proposed by the House and \$5,377,662,000 as proposed by the Senate. Of the amount appropriated, \$2,463,000,000 is an advance appropriation for fiscal year 2006, as proposed by the House and the Senate.

The Secretary of Labor shall take no action to amend, through regulatory or administration action, the definition established in 20 CFR 667.220 for functions and activities under title I of the Workforce Investment Act until such time as legislation reauthorizing the Act is enacted.

For Adult Employment and Training Activities, the conferees provide \$898,107,000 as proposed by the Senate, instead of \$900,000,000 as proposed by the House.

For Youth Training, the conferees provide \$994,242,000 as proposed by the Senate instead of \$1,000,965,000 as proposed by the House.

The conference agreement includes \$1,479,419,000 for the Dislocated Worker program, as proposed by both the House and the Senate. The conferees override the formula that provides that 80 percent of the funds provided will be used for State formula grants and 20 percent in a National Reserve Account. For fiscal year 2005 the conferees provide \$1,196,048,000 for the State formula grants and \$283,371,000 for the National Reserve Account.

The conference agreement includes bill language giving the Secretary of Labor authority to use dislocated worker national reserve funds to provide assistance to a State for statewide or local use in order to address cases where there have been worker dislocations across multiple sectors or across multiple local areas. The conferees urge the Secretary, when determining competitive awards under this authority, to give favorable consideration to the applications of assistance to States that have sustained worker dislocation in such a manner and can demonstrate the capacity to respond effectively in a coordinated fashion across multiple sectors or local areas.

The conferees concur with language in the Senate report regarding the length of time it takes for the Department to approve applications for National Emergency Grants. The conferees request that the Government Accountability Office examine the administration of this program, and make recommendations for improvement.

The conference agreement includes \$54,675,000 for Native Americans as proposed by the House instead of \$55,000,000 as proposed by the Senate.

The conference agreement includes \$1,559,804,000 for Job Corps. Within the total, \$1,443,483,000 is provided for continuing operations of the program and \$116,321,000 is for renovation and construction of Job Corps centers. The conference recommendation includes an increase of \$10,000,000 over the budget request to begin the process of establishing additional Job Corps centers, fol-

lowing up on directions contained in the conference report accompanying Public Law 108–199.

The conference recommendation includes funding to support a demonstration partnership with the Transportation Security Administration (TSA) at multiple Job Corps sites so that the Job Corps can help to fill unmet needs by providing TSA access to an expanded pool of job applicants. This funding will pay costs of both parties. The Department of Labor and the Department of Homeland Security are encouraged to develop a cooperative agreement that would help to leverage Federal resources, to provide TSA with an expanded pool of potential job applications and to utilize Job Corps facilities as appropriate to support the needs of TSA, including those of qualified private screening companies under contract to TSA.

The conferees note that Section 171 of the Workforce Investment Act requires the Secretary, every two years, to publish a plan that describes the demonstration and pilot project priorities of the Labor Department, and expects the next such plan to be completed and published by March 31, 2005.

The conferees further direct that the Department submit an operating plan that outlines the planned allocation by major project and activity (excluding Congressionally-directed projects) of fiscal year 2005 funds for pilots, demonstrations, and research. This plan should be provided to the House and Senate Appropriations Committees no later than May 31, 2005.

The conferees recognized the effectiveness of the Family Enrichment Center in Chicago, Illinois and encourages the Department of Labor to continue its partnership with Haymarket Center in order to enhance efforts to train individuals with severe employment barriers.

With respect to the projects listed below for pilots and demonstrations, the conferees encourage the Department to ensure that these projects are coordinated with local Workforce Investment Boards. The conferees also encourage the Department to ensure that project performance is adequately documented and evaluated. The conference agreement includes the following amounts for the following projects and activities:

Workforce Resource, Inc in Menomonie, WI for incumbent health care worker training	150,000
WorkNet Pinellas, Clearwater, FL	200,000
Wrightco Technologies, Ebensburg, PA to provide security systems installation and high-tech communications training to clients across PA	100,000
Wrightco Technologies, Inc., Claysburg, PA to support job-training program with UMWA	100,000

The conference agreement includes \$50,000,000 for Responsible Reintegration of Youthful Offenders as proposed by the Senate. The House did not recommend funds for this activity. The conference agreement also provides \$20,000,000 for the prisoner re-entry initiative, instead of \$40,000,000 as proposed by the Senate. The House did not recommend funds for this activity. Within the amount provided for prisoner re-entry, the conferees encourage the Department to partner with organizations with a proven history of reducing recidivism by helping individuals exiting prison make the successful transition to employment.

The conference agreement includes \$250,000,000 requested by the administration to carry out the Community College/Community-Based Job Training Grant initiative. Of this amount, bill language provides that \$125,000,000 is to be allocated from National Emergency Grant funds available under section 132(a)(2)(A) of the Workforce Investment Act, overriding the limitation otherwise imposed under section 171(d). The Secretary is expected to initially use resources from the National Emergency Grants account for these awards that are designated for non-emergencies under sections 171(d) and 170(b) of the Workforce Investment Act. Community-Based Job Training Grant awards will also be subject to the limitations of sections 171(c)(4)(A) through 171(c)(4)(C) of the Workforce Investment Act to ensure that these grants are awarded competitively. Funds used for this initiative should strengthen partnerships between workforce investment boards, community colleges, and employers, to train workers for high growth, high demand industries in the new economy.

The conferees provide \$7,000,000 for the Denali Commission for job training instead of \$8,000,000 as proposed by the Senate. The House recommendation did not include funds for this activity.

STATE UNEMPLOYMENT INSURANCE AND EMPLOYMENT SERVICE OPERATIONS

The conference agreement appropriates \$3,666,235,000 for State Unemployment Insurance and Employment Service Operations, instead of \$3,582,848,000 as proposed by the House and \$3,636,235,000 as proposed by the Senate. For unemployment insurance services, the bill provides \$2,695,214,000 instead of \$2,701,214,000 as proposed by the House and \$2,665,214,000 as proposed by the Senate. The conference agreement includes \$2,684,714,000 for UI State Operations instead of \$2,690,714,000 as proposed by the House and \$2,654,714,000 as proposed by the Senate. The agreement includes a contingency reserve amount should the unemployment workload exceed an average weekly insured claims volume of 3,227,000 instead of 3,327,000 as proposed by the House.

For the Employment Service grants to states, the agreement includes \$786,887,000 as proposed by the Senate instead of \$696,000,000 as proposed by the House. This includes \$23,300,000 in general funds as proposed by the House instead of \$23,163,000 as proposed by the Senate and \$763,587,000 from the "Employment Security Administration" account of the unemployment trust fund instead of \$672,700,000 as proposed by the House and \$763,724,000 as proposed by the Senate.

For Employment Service national activities the agreement includes \$65,500,000 as proposed by the Senate, instead of \$67,000,000 as proposed by the House.

PROGRAM ADMINISTRATION

The conference agreement appropriates \$171,473,000 for Program Administration, instead of \$168,854,000 as proposed by the House and \$177,615,000 as proposed by the Senate. The detailed table at the end of this joint statement reflects the activity distribution agreed to by the conferees.

EMPLOYMENT STANDARDS ADMINISTRATION

SALARIES AND EXPENSES

The conference agreement includes \$404,345,000 for the Employment Standards Administration, salaries and expenses, instead of \$402,818,000 as proposed by the House and \$405,870,000 as proposed by the Senate. The detailed table at the end of this joint statement reflects the activity distribution agreed to by the conferees.

OCCUPATIONAL SAFETY AND HEALTH ADMINISTRATION

SALARIES AND EXPENSES

The conference agreement includes \$468,109,000 for the Occupational Safety and Health Administration instead of \$461,599,000 as proposed by the House and \$468,645,000 as proposed by the Senate. The detailed table at the end of this joint statement reflects the activity distribution agreed to by the conferees.

The conferees concur with the House bill and report language regarding OSHA's enforcement of the Respiratory Standard as it applies to tuberculosis. The conferees advise OSHA to take no further action with regard to respiratory protection for occupational exposure to TB until such time as the CDC has completed the ongoing revisions of its TB guidelines.

The conferees concur with the Senate bill and report language that not less than \$3,200,000 is to be used to extend funding for the Institutional Competency Building training grants provided that a grantee has demonstrated satisfactory performance.

MINE SAFETY AND HEALTH ADMINISTRATION

SALARIES AND EXPENSES

The conference agreement includes \$281,535,000 for the Mine Safety and Health Administration instead of \$275,567,000 as proposed by the House and \$280,002,000 as proposed by the Senate. The detailed table at the end of this joint statement reflects the activity distribution agreed to by the conferees.

Within the total, the conference agreement includes \$2,000,000 to be available for mine rescue and recovery activities on a non-contingency basis as proposed by the Senate.

The conferees expect the Mine Safety and Health Administration to keep it fully and currently informed of A-76 competitions, and that any competitions will be conducted fairly and equitably.

permanent capacity to monitor and report regularly and in-depth to the Congress on the extent to which foreign countries with trade and investment agreements with the United States respect internationally-recognized worker rights and effectively promote core labor standards. The conference agreement also includes \$11,000,000 for Federal administration and other ILAB programs.

The conference agreement includes \$2,000,000 for the purpose of assisting the International Labor Organization in implementing a program to confront HIV/AIDS in the workplace. The primary purpose of this program shall be to promote workplace policies which combat HIV-related stigma and discrimination, and promote prevention on the basis of tripartite partnerships among workers, employers and governments around the world.

The conferees are disturbed that the Department of Labor transferred fiscal year 2004 funds to augment activities for which funds were previously denied and to initiate new activities for which both the House and Senate Appropriations Committees denied funding. The Appropriations Committees have provided authority to reprogram and transfer funds in order to provide flexibility to the Department to address unforeseen needs and emergencies. However, the Department, instead, has used these flexibilities to circumvent funding decisions made by the Congress. Therefore, the conferees have included bill language to clarify reprogramming and transfer procedures.

VETERANS EMPLOYMENT AND TRAINING

The conference agreement includes \$224,648,000 for Veterans Employment and Training instead of \$225,648,000 as proposed by the House and \$226,781,000 as proposed by the Senate. The detailed table at the end of this joint statement reflects the activity distribution agreed to by the conferees.

The conference agreement includes \$13,198,000 for activities under the Uniformed Services Employment and Reemployment Rights Act. The conferees intend that the additional resources over FY 2004 be used for additional investigations and educational outreach to employers about reemployment rights of uniformed service members departing from and returning to work.

WORKING CAPITAL FUND

The conference agreement includes \$10,000,000 for the Working Capital Fund the same as proposed by the House instead of \$15,000,000 as proposed by the Senate.

GENERAL PROVISIONS

ONE PERCENT TRANSFER AUTHORITY

The conference agreement modifies a provision proposed by the Senate limiting the authority to transfer funds between a program, project or activity and requiring a 15 day notification of any transfer.

Division F,
Labor, HHS,
Educ, etc.,
Title I, Labor,
General
Provisions

EXECUTIVE ORDER 13126

The conference agreement includes a provision proposed by the Senate that none of the funds appropriated in this Act shall be obligated or expended for the procurement of goods produced by forced or indentured child labor. The House bill contained no similar provision.

DENALI COMMISSION

The conference agreement includes a provision proposed by the Senate that authorizes to be appropriated such sums as may be necessary to the Denali Commission to conduct job training where Denali Commission projects will be constructed. The House bill contained no similar provision.

TRANSIT SUBSIDY

The conference agreement includes a provision directing the Secretary to provide, within 45 days, to the Department of Labor employees in the National Capital Region the full transit subsidy that they are eligible to receive.

CONGRESSIONAL JUSTIFICATIONS

The conference agreement includes bill language requiring the Department of Labor to submit its fiscal year 2006 congressional budget justifications in the traditional budget structure rather than in a "performance" budget structure. The Department is directed to return to preparing the traditional congressional justifications as they were prepared prior to fiscal year 2003, with separate sections for each appropriations account, providing detailed information on the prior year, current year, and requested budget year funding and Federal staffing levels for each program, project, or activity funded within each account; a detailed narrative description of each program, project, or activity; and budget and measurement information should be submitted as a separate appendix in the budget justification material.

The conferees support the Department's effort to integrate program performance more prominently into its budget formulation and to display that information more thoroughly in the justification, but the conferees direct that technical account and program information be prominent in each agency's budget justifications similar to the Department's budget justifications prior to fiscal year 2003 so that information can be found easily and quickly. The Department is directed to delineate materials by appropriation account, providing detailed information on the prior year, current year, and requested budget year funding and Federal staffing levels for each program, project, or activity funded within each account; a narrative description of each program, project, or activity; and any proposed changes to such program, project, or activity. The Department is encouraged to continue using outcome and performance measures as the primary management tool for resource allocation and the evaluation of programs and individuals.

OVERTIME REGULATION

The conference agreement deletes without prejudice language proposed by the House and Senate stating that none of the funds provided may be used to implement or administer any changes to regulations regarding overtime compensation in effect on July 14, 2004.

TITLE II—DEPARTMENT OF HEALTH AND HUMAN SERVICES

HEALTH RESOURCES AND SERVICES ADMINISTRATION

HEALTH RESOURCES AND SERVICES

The conference agreement includes \$6,881,624,000 for health resources and services, of which \$6,856,624,000 is provided as budget authority and \$25,000,000 is made available from the Public Health Service policy evaluation set-aside, instead of \$6,330,333,000 as proposed by the House and \$6,966,280,000 as proposed by the Senate.

The conference agreement includes resolution of two technical bill language differences: the Social Security Act is cited once as proposed by the House rather than twice as proposed by the Senate; the citation of the Poison Control Center Act is expanded as proposed by the Senate.

The conference agreement includes bill language providing \$484,629,000 for construction and renovation (including equipment) of health care and other facilities and other health-related activities. The Senate included bill language providing \$371,536,000 for this purpose; no funding was provided by the House. These funds are to be used for the following projects:

A.O. Fox Memorial Hospital, Oneonta, NY for facilities and equipment	\$250,000
Aberdeen Area Tribal Chairmen's Health Board in Rapid City, South Dakota for Northern Plains Healthy Start	300,000
Abington Memorial Hospital, Abington, PA	350,000
Access Center, Inc., Vienna, VA for facilities and equipment	350,000
Advanced Technology Institute, Charleston, SC for a demonstration program for delivery of diabetes diagnostic and care services through telehealth technology	275,000
Adventist HealthCare, Rockville, MD for facilities and equipment	750,000
Akron General Medical Center, Akron, OH for facilities and equipment for the Edwin Shaw Rehabilitation Hospital	250,000
Alabama Association of Area Agencies on Aging, Montgomery, AL for facilities and equipment	175,000
Alamance Regional Medical Center, Burlington, NC for facilities and equipment	125,000
Alaska Family Practice Residency Program, Anchorage, AK to support its family practice residency programs	500,000
Alaska Federal Health Care Access Network, Anchorage, AK to support activities of the Alaska Telemedicine Advisory Committee	300,000
Alaska Native Medical Center, Anchorage, AK	1,000,000
Alaska Psychiatric Institute, Anchorage, AK for its Telebehavioral Health Project	400,000
Albert Einstein Healthcare Network, Philadelphia, PA	1,000,000
Alice Hyde Medical Center, Malone, NY, for facilities and equipment	100,000
Alivio Medical Center, Chicago	250,000

(SOCIAL SECURITY ADMINISTRATION)

(SUPPLEMENTAL SECURITY INCOME PROGRAM)

(The conference agreement includes \$28,710,829,000 for the Supplemental Security Income Program instead of \$28,702,829,000 as proposed by the House and \$25,451,949,000 as proposed by the Senate. The conference agreement also includes an advance appropriation of \$10,930,000,000, as proposed by the House, for the first quarter of fiscal year 2006, to ensure uninterrupted benefit payments. The Senate proposed an advance appropriation of \$14,130,000,000. Also within the total, \$2,986,900,000 is included for the administrative costs of the program as proposed by the House. The Senate included \$2,928,020,000 for administrative costs.)

(Within the funds provided, the conference agreement includes \$8,000,000, as proposed by the Senate, for outreach efforts and assistance to homeless persons and other underserved populations. The House bill did not contain this funding.)

(The conference agreement does not include a provision proposed by the Senate that changes the date of an SSI benefit payment from fiscal year 2005 to 2006. The House did not include this provision.)

(LIMITATION ON ADMINISTRATIVE EXPENSES)

(The conference agreement includes \$8,798,296,000 for the limitation on administrative expenses rather than \$8,798,100,000 as proposed by the House and \$8,622,818,000 as proposed by the Senate. Included in the conference agreement is bill language to allow SSA to collect fees as authorized by the Social Security Protection Act for certification of non-attorney representatives of claimants.)

(OFFICE OF INSPECTOR GENERAL)

(INCLUDING TRANSFER OF FUNDS)

(The conference agreement includes \$91,107,000 for the office of inspector general as proposed by the House rather than \$92,000,000 as proposed by the Senate.)

(UNITED STATES INSTITUTE OF PEACE)

(The conference agreement does not include funding for the United States Institute of Peace in this title. The Senate bill proposed \$22,099,000 for this program while the House included funding for this program in the Commerce, Justice, and State, the Judiciary, and Related Agencies Appropriations bill. Funding for this program is provided in Division B.)

TITLE V—GENERAL PROVISIONS

MADE IN AMERICA

The conference agreement deletes without prejudice a general provision as proposed by the Senate pertaining to the purchase of American-made products and equipment with funds made available in this Act. The House bill did not propose a similar provision.

Division F,
Labor, HHS,
Educ, etc.,
Title V,
General
Provisions

WELDON AMENDMENT

The conference agreement includes language as proposed by the House in section 509 of H.R. 5006. The Senate bill contained no similar provision.

LIMITATION ON LIBRARIES

The conference agreement includes a limitation on the ability of a library to access library funding provided under this Act unless the library is in compliance with the Children's Internet Protections Act, as proposed by the House. The Senate bill contained no similar provision.

LIMITATION ON SCHOOLS

The conference agreement includes a limitation on the ability of an elementary or secondary school to access technology funding provided under this Act unless the school is in compliance with the Children's Internet Protections Act, as proposed by the House. The Senate bill contained no similar provision.

RRB LIMITATION

The conference agreement concurs with House language limiting the availability of funds to the Railroad Retirement Board to enter into an arrangement with a nongovernmental financial institution to serve as disbursing agent for benefits payable under the Railroad Retirement Act of 1974. The Senate bill proposed similar language.

LIMITATIONS ON THE USE OF FUNDS

The conference agreement modifies a general provision as proposed by the House pertaining to the reprogramming of funds. As per the requirement of this section, the conferees reiterate the instruction that the Departments and agencies funded through this Division make a written request to the House and Senate Committees on Appropriations at least 15 days prior to the reprogramming of funds in excess of \$500,000, or 10%, whichever is less.

PBGCLIMITATION

The conference agreement deletes without prejudice a general provision proposed by the House that none of the funds appropriated by this Act may be used by the Pension Benefit Guaranty Corporation to enforce section 4010(c) of the Employee Retirement Income Security Act. The Senate bill did not propose similar language.

FOREIGN CONFERENCES

The conference agreement does not include a general provision as proposed by the House pertaining to the attendance of HHS employees at foreign conferences. The Senate bill did not contain a similar provision. The conferees are pleased that in the current constrained fiscal environment, the Secretary of HHS has taken steps to monitor and limit travel by HHS agency employees to international conferences. The Secretary should, however, ensure

that all necessary U.S. scientists are permitted to attend important international scientific meetings to present their research findings and to learn about research being conducted in other countries.

NIMH GRANTS

The conference agreement does not include a general provision as proposed by the House regarding NIMH grants. The Senate bill did not contain a similar provision. The conferees reiterate their support of the two-tiered peer review process used by NIH to judge research grant applications and continue to expect NIH to ensure that its funds are allocated to research that is both scientifically meritorious and has high potential public health impact.

OVERTIME REGULATIONS

The conference agreement deletes without prejudice language proposed by the House and Senate stating that none of the funds provided may be used to implement or administer any changes to regulations regarding overtime compensation in effect on July 14, 2004.

HIGHER EDUCATION SPECIAL ALLOWANCE FOR 9.5% LOANS

The conference agreement does not include a provision that prohibits the use of funds for the Secretary to administer or pay any special allowance under sections of the Higher Education Act of 1965 pursuant to provisions of the regulations of the Department of Education. The Senate bill contains no similar provision.

IMMIGRATION LIMITATION

The conference agreement does not include a provision that prohibits the use of funds by the Department of Education in contravention of sections of the Illegal Immigration Reform and Responsibility Act of 1996. The Senate bill contains no similar provision.

NATIVE HAWAIIAN GOVERNING ENTITY RECOGNITION

The conference agreement does not include a provision, proposed by the Senate, recognizing the Native Hawaiian governing entity as the representative governing body of the Native Hawaiian people. The House did not propose a similar provision.

NORTHERN LIGHTS BOULEVARD PROPERTY

The conference agreement includes a provision conveying the property at 1818 W. Northern Lights Boulevard in Anchorage, Alaska from the U.S. Government to the Southcentral Foundation for a replacement Head Start facility. The House bill contains no similar provision.

ACROSS-THE-BOARD SALARIES AND EXPENSES REDUCTION

The conference agreement includes a new provision to reduce salaries and expenses of the Departments of Labor, Health and Human Services, and Education by \$18,000,000.

Sec. 107. The conference agreement includes the following technical correction to the Military Construction Appropriations Act, 2005:

Mississippi

Navy: Gulfport, Vehicle Maintenance Facility	-\$4,350,000
Naval Reserve: Gulfport, Vehicle Maintenance Facility	+4,350,000

Sec. 108. The conferees agree to include a new general provision, section 108, which provides the Department of the Navy with \$2,000,000 to acquire an historic vessel, with Coast Guard registration number 225115.

Sec. 122. The conference agreement includes a 0.83 percent across-the-board rescission to discretionary budgetary resources provided in fiscal year 2005 regular appropriations Act (except Defense, Military Construction, and Homeland Security), as well as to any previously enacted fiscal year 2005 advance appropriation and to any contract authority subject to limitation.

TAPS QUALITY BANK

Congress has concerns regarding the Federal Energy Regulatory Commission Administrative Law Judge's decision dated August 31, 2004 in Docket No. OR89-2-017; Docket No. OR96-14-006; Docket No. OR98-24-002; Docket No. ISO3-137-001; Docket No. ISO3-141-001; Docket No. ISO3-142-001; Docket No. ISO3-143-001; Docket No. ISO3-144-001. Considering the specific equities of this case, the general importance of continued domestic refinery activity in order to protect national fuel supplies and the need to limit business uncertainty associated with the use of the Trans Alaska Pipeline System, Congress expects the Federal Energy Regulatory Commission to evaluate carefully the disputed Resid valuation and related retroactive Resid refund matter affecting the TAPS Quality Bank Adjustments. Except where the parties have otherwise stipulated, Congress is particularly concerned about the equity of assigning retroactive refunds beyond a term of 15 months.
