When you apply for the Oregon Health Plan, you may need to choose an OHP Managed Care Plan.

Your OHP Managed Care Plan will coordinate all of your health care needs. With managed care:

- You and your family have guaranteed access to health care, 24 hours a day, 7 days a week,
- Your health care records are kept in one place to give you and your family better service and
- Your Plan covers a "basic" set of services.

Choosing OHP Medical, Dental and Mental Health Plans

Every family member must be in the same OHP Medical Plan. However, each family member can have a different Primary Care Provider (PCP) for example, personal doctor or nurse.

Every family member must be in the same OHP Dental Plan. However, each family member can have a different Primary Care Dentist (PCD).

You do not have to choose a **Mental Health Plan.** One will be assigned to you based on the OHP Medical Plan you choose.

All Medical, Dental and Mental Health Plans must provide the same basic services.

About the Medical Plan Quality Survey

The survey information is from 2004 and it's for the medical plan's service areas throughout Oregon, it is not county specific.

The Division of Medical Assistance Programs (DMAP) manages the Oregon Health Plan. DMAP asked an independent, outside company to do a survey to find out what adults and children think of their Medical Plan and medical care.

The survey asked about things that only patients can answer, such as whether it's easy to get the care they need.

People young and old, well and sick, of different cultures, from all over Oregon answered questions about their Medical Plan and care. Adults were asked about their care; parents were asked about their child's Medical Plan and care.
