

America, UNITE in Prayer

"If my people, who are called by my name will humble themselves and pray, and seek my face and turn from their wicked ways, then will I hear from heaven, forgive their sin and heal their land." - 2 Chronicles 7:14

God sees the desperation in our culture. He knows our needs and He's given us a solution for rescue.

If – the condition

my people – corporately

who are called by my name – the Church

will humble themselves – submit to His will

and pray – ask for His intercession

and seek my face - desire for His sovereignty

and turn from their wicked ways – confess and repent

then I will hear – God's commitment

I will forgive - His response

and I will heal their land. - That's His promise.

-2 Chronicles 7:14

How will we respond?

There has never been a more desperate time for God's people to rise up in unity and fall down in repentance. Only then can we stand firm on God's promise to redeem, restore, and revive our broken nation. When our founding fathers first laid the blueprints for *One Nation, Under God*, they knew that man's greatest accomplishments would fail without the unshakable cover of His hand. This truth has not changed. What has changed is that we, His people, have ceased to be salt and light. We want Him to change our nation but we're unwilling to change ourselves. We've written Him out of the framework of our lives. But there is hope for our crumbling foundations.

If My People...

The momentum has started. God's solution is here. It's time.

Humility. Desperation. Repentance. Prayer.
