Guilford County Schools is proud of its partnership with WXLV/WUPN. This partnership has afforded us the opportunity to air Guilford County Schools' Newsbreak stories at least 4 times a week on a major network station, reaching viewers all across Guilford County and other neighboring counties. We encourage our viewers to watch the newsbreak stories on ABC 45, thus promoting the products of Guilford County Schools and WXLV. Jay Paul and I have established a wonderful working relationship that I hope will continue in the future.

Sincerely,

Tahira Stalberte
