“(b) DEFINITIONS.—In this section:

SEC. 598. SENSE OF CONGRESS REGARDING THE SELECTION OF OFFICERS FOR RECOMMENDATION FOR APPOINTMENT AS COMMANDER, UNITED STATES TRANSPORTATION COMMAND.

(a) FINDINGS.—Congress makes the following findings:

(1) The Goldwater-Nichols Department of Defense Reorganization Act of 1986 (Public Law 99–433) envisioned that officers would be selected for recommendation to the President for appointment as the commander of a combatant command under chapter 6 of title 10, United States Code (as added by that Act), on the basis of being the best qualified officer for that position, rather than the best qualified officer of the armed force that had historically supplied officers to serve in that position.

(2) In order to provide for greater competition among the Armed Forces for selection of officers for assignment as the

commanders of the combatant commands and assignment to certain other joint positions in the grade of general or admiral, Congress provided temporary relief from the limitation on the number of officers serving on active duty in the grade of general or admiral in section 405 of the National Defense Authorization Act for Fiscal Year 1995 and thereafter extended that relief until September 30, 2003, but has also required that the Secretary of Defense be furnished the name of at least one officer from each of the Armed Forces for consideration for appointment to each such position.

(3) Most of the positions of commanders of the combatant commands have been filled successively by officers of more than one of the Armed Forces since the enactment of the Goldwater-Nichols Department of Defense Reorganization Act of 1986.

(4) However, general officers of the Air Force with only limited experience in the transportation services have usually filled the position of commander of the United States Transportation Command.

(5) The United States Transportation Command could benefit from the appointment of future commanders selected from the Army, Navy and Marine Corps, in addition to the Air Force.

(b) SENSE OF CONGRESS.—It is the sense of Congress that the Secretary of Defense, when considering officers for recommendation to the President for appointment as commander of the United States Transportation Command, should not rely upon officers of one service which has traditionally provided officers to fill that position but should select for such recommendation the best qualified officer of the Army, Navy, Air Force, or Marine Corps.

Subtitle F—Rocky Flats National Wildlife Refuge

SEC. 3171. SHORT TITLE.

This subtitle may be cited as the “Rocky Flats National Wildlife Refuge Act of 2001”.

SEC. 3172. FINDINGS AND PURPOSES.

(a) **FINDINGS.**—Congress finds the following:

(1) The Federal Government, through the Atomic Energy Commission, acquired the Rocky Flats site in 1951 and began operations there in 1952. The site remains a Department of Energy facility. Since 1992, the mission of the Rocky Flats site has changed from the production of nuclear weapons components to cleanup and closure in a manner that is safe, environmentally and socially responsible, physically secure, and cost-effective.

(2) The majority of the Rocky Flats site has generally remained undisturbed since its acquisition by the Federal Government.

(3) The State of Colorado is experiencing increasing growth and development, especially in the metropolitan Denver Front Range area in the vicinity of the Rocky Flats site. That growth and development reduces the amount of open space and thereby diminishes for many metropolitan Denver communities the vistas of the striking Front Range mountain backdrop.

(4) Some areas of the Rocky Flats site contain contamination and will require further response action. The national interest requires that the ongoing cleanup and closure of the entire site be completed safely, effectively, and without unnecessary delay and that the site thereafter be retained by the United States and managed so as to preserve the value of the site for open space and wildlife habitat.

(5) The Rocky Flats site provides habitat for many wildlife species, including a number of threatened and endangered species, and is marked by the presence of rare xeric tallgrass prairie plant communities. Establishing the site as a unit of the National Wildlife Refuge System will promote the preservation and enhancement of those resources for present and future generations.

(b) PURPOSES.—The purposes of this subtitle are—

(1) to provide for the establishment of the Rocky Flats site as a national wildlife refuge following cleanup and closure of the site;

(2) to create a process for public input on the management of the refuge referred to in paragraph (1) before transfer of administrative jurisdiction to the Secretary of the Interior; and

(3) to ensure that the Rocky Flats site is thoroughly and completely cleaned up.
