

Table 5c. Economic and Physical Indicators for the Aluminum Industry, 1985-1998
Aluminum -- (SIC 3334, 3353-4, 3357, 3399; NAICS 3313)

Physical Units (thousand tons)	1985	1988	1991	1994	1998
Primary Aluminum Smelting	3,500	3,945	4,121	3,299	2,713
Secondary Aluminum Smelting	1,762	2,122	2,286	3,086	3,442
Imports Processing	1,332	1,467	1,398	3,136	3,264
Total	6,594	7,534	7,805	9,521	9,419

Nominal Economic Indicators (current \$ billion) ¹

Value of Shipments	n/a	n/a	n/a	39.0	31.5
Value Added	n/a	n/a	n/a	13.8	10.8

Real Economic Indicators (1998 \$ billion)

Value of Shipments ²	n/a	n/a	n/a	39.9	31.5
Value Added ³	n/a	n/a	n/a	14.3	10.8

¹ Data for 1994 and 1998 corresponds to SIC 3334, 3353, 3354, 3357, and 3399.

² Value of shipments in 1998 dollars was converted using gross output implicit price deflators for SIC 33.

³ Value added in 1998 dollars was converted using GDP implicit price deflators for SIC 33.
