Subject: RE: Schedule for April 8

Thank you for making these arrangements. We can confirm the times now. I will send a separate email with room numbers.

As discussed, please ask the AEY briefers, in addition to the information already contemplated based on the letter, to provide information on the following:

1. Information on the US Embassy in Albania's interactions with AEY or its representatives (perhaps involving embassy officials Robert Newsome and Vic Meyer)
2. Information on the Embassy's interactions with the Albanian government (Ministry of Defense, MEICO) regarding AEY's contract and activities;
3. Information on any intervention in November or December 2007 by US officials (DOD or State) into AEY's subcontractor's ammunition packaging operation at the airport near Tirana, perhaps involving shutting down the packaging operation because of violations of US laws regarding the country of origin of weapons.

Thanks.
