Getting the Job Done for Louisiana's 3rd District

“As the Third Congressional District's voice in Washington, I have been working hard to make sure our priorities in southeast Louisiana get the funding they deserve. While my focus for the past year has been on helping families and businesses recover from Hurricanes Katrina and Rita, I have also secured over \$100 million in non-hurricane related projects for the Third District.”

Congressman Melancon talks with a constituent about the Port of St. Bernard.

✓ Melancon Helps Pass Offshore Revenue Sharing Bill To Provide Billions for Louisiana Coastal Restoration

Congressman Melancon worked with both Democratic and Republican members of the House to pass the Deep Ocean Energy Resources Act, a bill that would dramatically increase Louisiana's share of oil and gas royalties from offshore drilling.

This landmark legislation, if passed by the Senate, will guarantee Louisiana billions of dollars to restore our coast and provide better protection from future hurricanes.

✓ Melancon Secures **\$85 million** for Local Transportation Projects

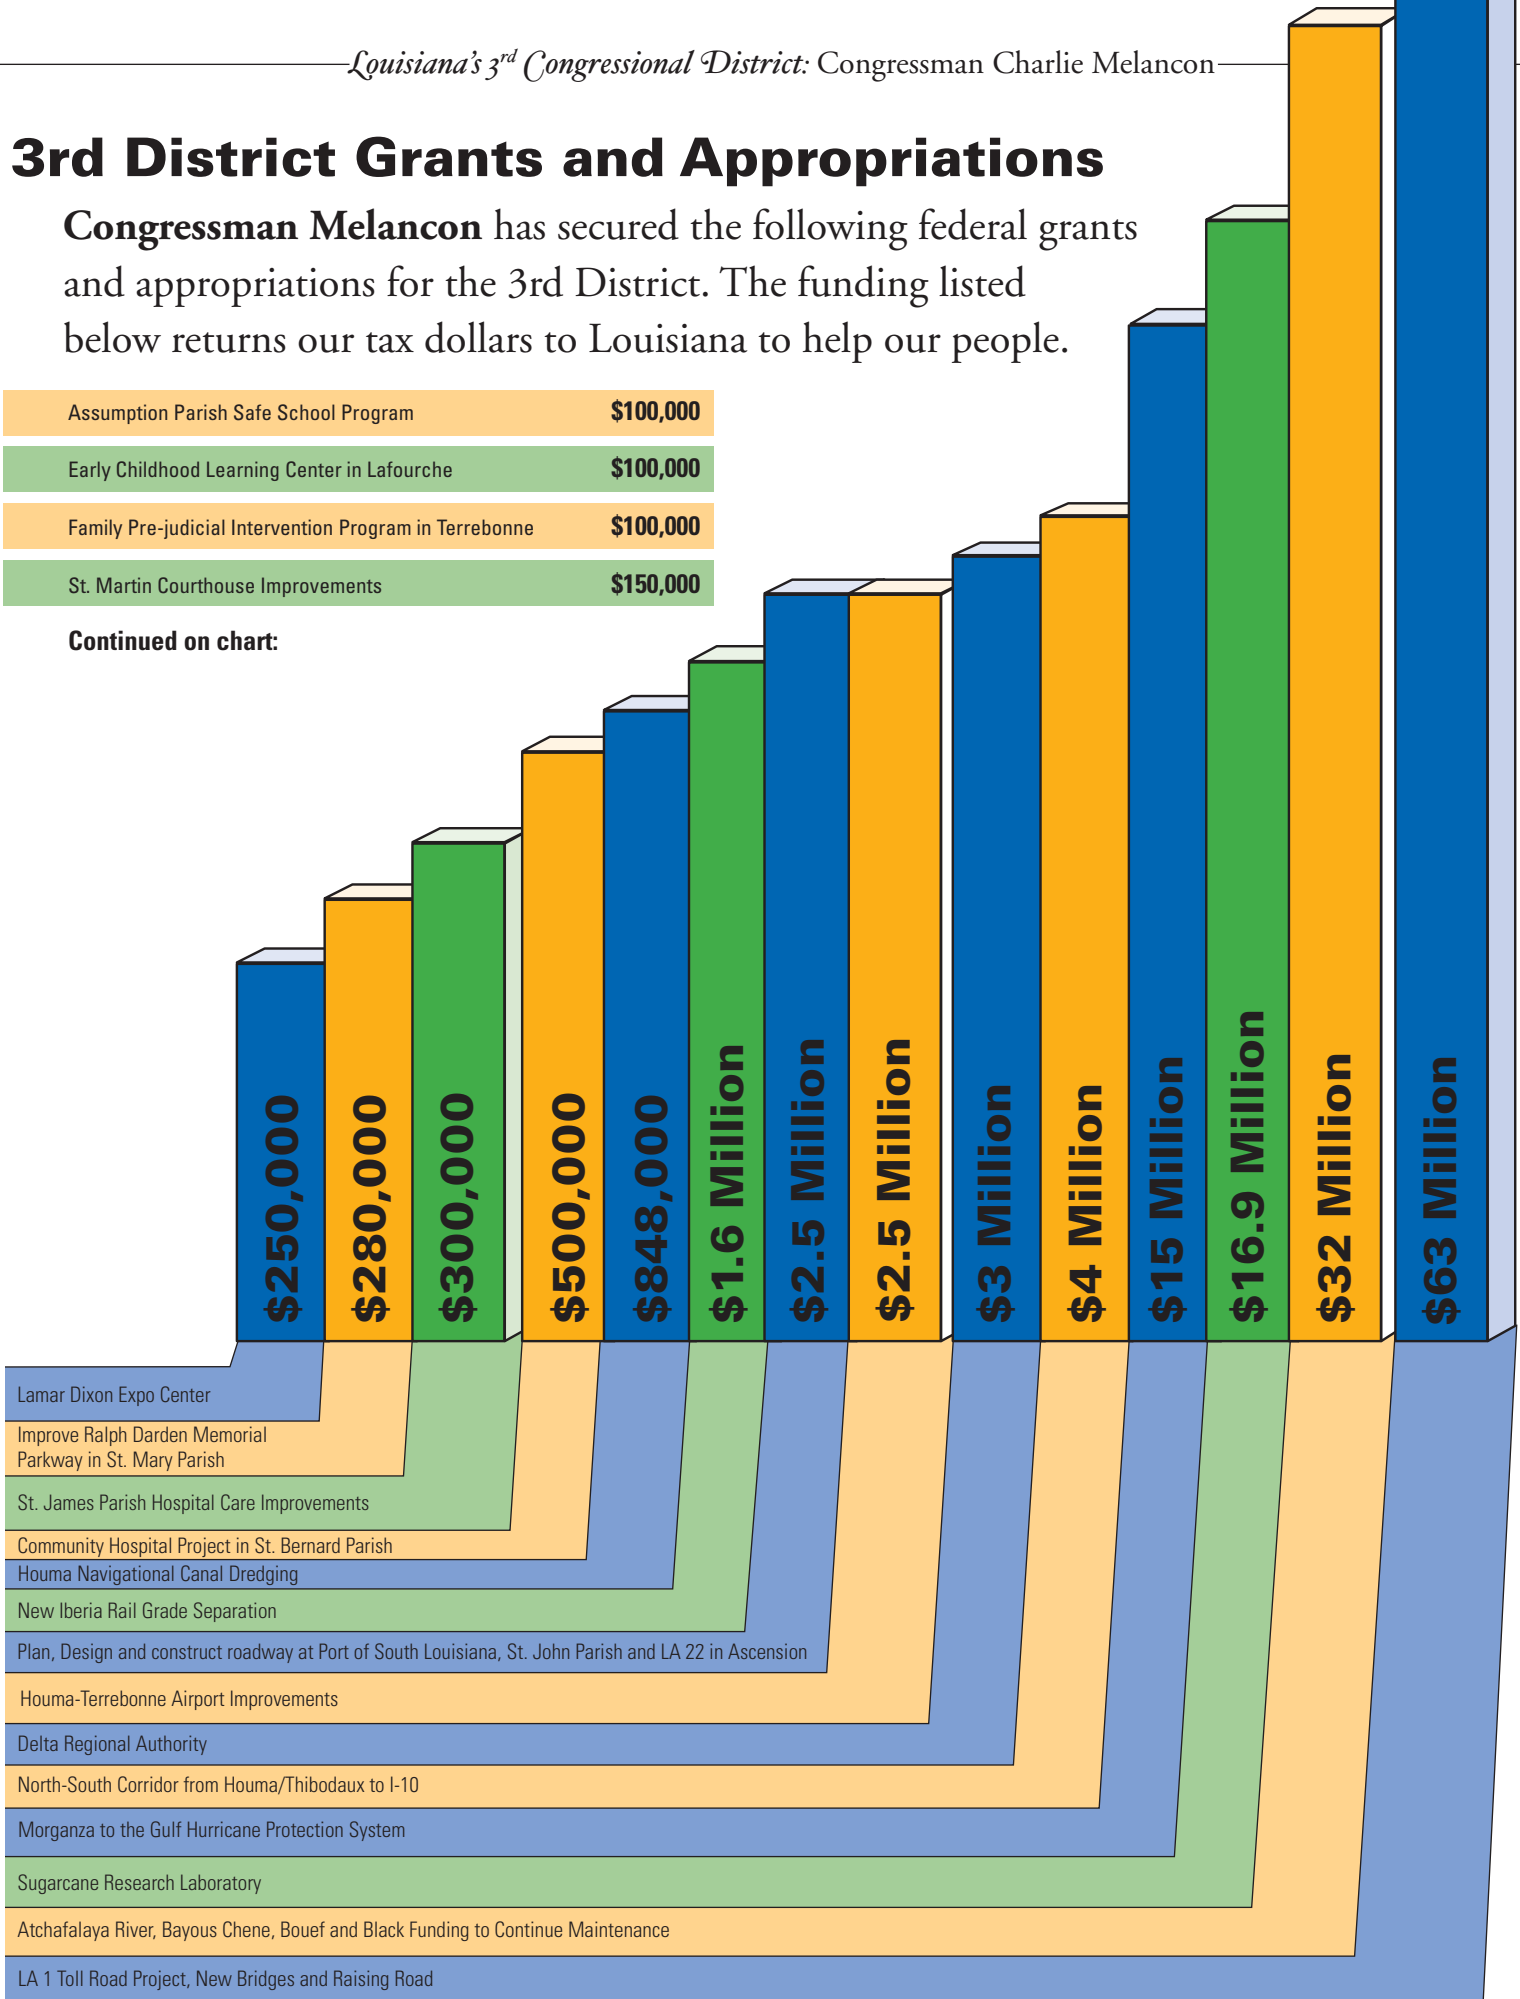

Congressman Melancon believes that in order for southern Louisiana to attract new businesses and create jobs, the local transportation infrastructure needs to be improved. In the 109th Congress, more than \$85 million has been earmarked for local road, bridge, waterway and airport improvements in the 3rd District at Congressman Melancon's request.

3rd District Grants and Appropriations
