

Free Third Saturday Event NASA Glenn Visitor Center Mr. Hubble's Telescope

Saturday, August 16, 2008
10 a.m. to 3 p.m.

"Equipped with his five senses, man explores the universe around him and calls the adventure Science!" – Edwin Powell Hubble (1889-1953)

Join us for a first-hand account of the Hubble Space Telescope's latest astronomical results and learn more about the upcoming Hubble servicing mission.

11 a.m. – "The Hubble Space Telescope: Greatest Hits"
Dr. Frank Summers: Astrophysicist, Space Telescope Science Institute

1 p.m. – "Hubble Servicing Mission #4 – Status Report"
Dr. Frank Summers: Astrophysicist, Space Telescope Science Institute

Free kids' craft activities, photos and plenty of handouts!

See Web site for details.

- Advanced registration guarantees admission to presentations. Call (216) 433-9653 to register.
- Access to the NASA Glenn Visitor Center is limited to U.S. citizens.
- All adult visitors are required to present government-issued photo identification.

Free admission always!
