1 **SEC. 2. FINDINGS.**

2 The Congress finds the following:

3 (1) The use of tobacco products by the Nation's
4 children is a pediatric disease of considerable pro-
5 portions that results in new generations of tobacco-
6 dependent children and adults.

7 (2) A consensus exists within the scientific and
8 medical communities that tobacco products are in-
9 herently dangerous and cause cancer, heart disease,
10 and other serious adverse health effects.

11 (3) Nicotine is an addictive drug.

12 (4) Virtually all new users of tobacco products
13 are under the minimum legal age to purchase such
14 products.

15 (5) Tobacco advertising and marketing con-
16 tribute significantly to the use of nicotine-containing
17 tobacco products by adolescents.

18 (6) Because past efforts to restrict advertising
19 and marketing of tobacco products have failed ade-
20 quately to curb tobacco use by adolescents, com-
21 prehensive restrictions on the sale, promotion, and
22 distribution of such products are needed.

23 (7) Federal and State governments have lacked
24 the legal and regulatory authority and resources
25 they need to address comprehensively the public

1 health and societal problems caused by the use of to-
2 bacco products.

3 (8) Federal and State public health officials,
4 the public health community, and the public at large
5 recognize that the tobacco industry should be subject
6 to ongoing oversight.

7 (9) Under article I, section 8 of the Constitu-
8 tion, the Congress is vested with the responsibility
9 for regulating interstate commerce and commerce
10 with Indian tribes.

11 (10) The sale, distribution, marketing, adver-
12 tising, and use of tobacco products are activities in
13 and substantially affecting interstate commerce be-
14 cause they are sold, marketed, advertised, and dis-
15 tributed in interstate commerce on a nationwide
16 basis, and have a substantial effect on the Nation's
17 economy.

18 (11) The sale, distribution, marketing, adver-
19 tising, and use of such products substantially affect
20 interstate commerce through the health care and
21 other costs attributable to the use of tobacco prod-
22 ucts.

23 (12) It is in the public interest for Congress to
24 enact legislation that provides the Food and Drug
25 Administration with the authority to regulate to-

1 bacco products and the advertising and promotion of
2 such products. The benefits to the American people
3 from enacting such legislation would be significant
4 in human and economic terms.

5 (13) Tobacco use is the foremost preventable
6 cause of premature death in America. It causes over
7 400,000 deaths in the United States each year and
8 approximately 8,600,000 Americans have chronic ill-
9 nesses related to smoking.

10 (14) Reducing the use of tobacco by minors by
11 50 percent would prevent well over 10,000,000 of to-
12 day's children from becoming regular, daily smokers,
13 saving over 3,000,000 of them from premature
14 death due to tobacco induced disease. Such a reduc-
15 tion in youth smoking would also result in approxi-
16 mately \$75,000,000,000 in savings attributable to
17 reduced health care costs.

18 (15) Advertising, marketing, and promotion of
19 tobacco products have been especially directed to at-
20 tract young persons to use tobacco products and
21 these efforts have resulted in increased use of such
22 products by youth. Past efforts to oversee these ac-
23 tivities have not been successful in adequately pre-
24 venting such increased use.

1 (16) In 2003, the cigarette manufacturers
2 spent more than \$15,000,000,000 to attract new
3 users, retain current users, increase current con-
4 sumption, and generate favorable long-term atti-
5 tudes toward smoking and tobacco use.

6 (17) Tobacco product advertising often
7 misleadingly portrays the use of tobacco as socially
8 acceptable and healthful to minors.

9 (18) Tobacco product advertising is regularly
10 seen by persons under the age of 18, and persons
11 under the age of 18 are regularly exposed to tobacco
12 product promotional efforts.

13 (19) Through advertisements during and spon-
14 sorship of sporting events, tobacco has become
15 strongly associated with sports and has become por-
16 trayed as an integral part of sports and the healthy
17 lifestyle associated with rigorous sporting activity.

18 (20) Children are exposed to substantial and
19 unavoidable tobacco advertising that leads to favor-
20 able beliefs about tobacco use, plays a role in leading
21 young people to overestimate the prevalence of to-
22 bacco use, and increases the number of young people
23 who begin to use tobacco.

24 (21) The use of tobacco products in motion pic-
25 tures and other mass media glamorizes its use for

1 young people and encourages them to use tobacco
2 products.

3 (22) Tobacco advertising expands the size of
4 the tobacco market by increasing consumption of to-
5 bacco products including tobacco use by young peo-
6 ple.

7 (23) Children are more influenced by tobacco
8 marketing than adults: more than 80 percent of
9 youth smoke three heavily marketed brands, while
10 only 54 percent of adults, 26 and older, smoke these
11 same brands.

12 (24) Tobacco company documents indicate that
13 young people are an important and often crucial seg-
14 ment of the tobacco market. Children, who tend to
15 be more price-sensitive than adults, are influenced
16 by advertising and promotion practices that result in
17 drastically reduced cigarette prices.

18 (25) Comprehensive advertising restrictions will
19 have a positive effect on the smoking rates of young
20 people.

21 (26) Restrictions on advertising are necessary
22 to prevent unrestricted tobacco advertising from un-
23 dermining legislation prohibiting access to young
24 people and providing for education about tobacco
25 use.

1 (27) International experience shows that adver-
2 tising regulations that are stringent and comprehen-
3 sive have a greater impact on overall tobacco use
4 and young people's use than weaker or less com-
5 prehensive ones.

6 (28) Text only requirements, although not as
7 stringent as a ban, will help reduce underage use of
8 tobacco products while preserving the informational
9 function of advertising.

10 (29) It is in the public interest for Congress to
11 adopt legislation to address the public health crisis
12 created by actions of the tobacco industry.

13 (30) The final regulations promulgated by the
14 Secretary of Health and Human Services in the Au-
15 gust 28, 1996, issue of the Federal Register (61
16 Fed. Reg. 44615–44618) for inclusion as part 897
17 of title 21, Code of Federal Regulations, are con-
18 sistent with the First Amendment to the United
19 States Constitution and with the standards set forth
20 in the amendments made by this subtitle for the reg-
21 ulation of tobacco products by the Food and Drug
22 Administration and the restriction on the sale and
23 distribution, including access to and the advertising
24 and promotion of, tobacco products contained in

1 such regulations are substantially related to accom-
2 plishing the public health goals of this Act.

3 (31) The regulations described in paragraph
4 (30) will directly and materially advance the Federal
5 Government's substantial interest in reducing the
6 number of children and adolescents who use ciga-
7 rettes and smokeless tobacco and in preventing the
8 life-threatening health consequences associated with
9 tobacco use. An overwhelming majority of Americans
10 who use tobacco products begin using such products
11 while they are minors and become addicted to the
12 nicotine in those products before reaching the age of
13 18. Tobacco advertising and promotion plays a cru-
14 cial role in the decision of these minors to begin
15 using tobacco products. Less restrictive and less
16 comprehensive approaches have not and will not be
17 effective in reducing the problems addressed by such
18 regulations. The reasonable restrictions on the ad-
19 vertising and promotion of tobacco products con-
20 tained in such regulations will lead to a significant
21 decrease in the number of minors using and becom-
22 ing addicted to those products.

23 (32) The regulations described in paragraph
24 (30) impose no more extensive restrictions on com-
25 munication by tobacco manufacturers and sellers

1 than are necessary to reduce the number of children
2 and adolescents who use cigarettes and smokeless to-
3 bacco and to prevent the life-threatening health con-
4 sequences associated with tobacco use. Such regula-
5 tions are narrowly tailored to restrict those adver-
6 tising and promotional practices which are most like-
7 ly to be seen or heard by youth and most likely to
8 entice them into tobacco use, while affording tobacco
9 manufacturers and sellers ample opportunity to con-
10 vey information about their products to adult con-
11 sumers.

12 (33) Tobacco dependence is a chronic disease,
13 one that typically requires repeated interventions to
14 achieve long-term or permanent abstinence.

15 (34) Because the only known safe alternative to
16 smoking is cessation, interventions should target all
17 smokers to help them quit completely.

18 (35) Tobacco products have been used to facili-
19 tate and finance criminal activities both domestically
20 and internationally. Illicit trade of tobacco products
21 has been linked to organized crime and terrorist
22 groups.

23 (36) It is essential that the Food and Drug Ad-
24 ministration review products sold or distributed for
25 use to reduce risks or exposures associated with to-

1 bacco products and that it be empowered to review
2 any advertising and labeling for such products. It is
3 also essential that manufacturers, prior to marketing
4 such products, be required to demonstrate that such
5 products will meet a series of rigorous criteria, and
6 will benefit the health of the population as a whole,
7 taking into account both users of tobacco products
8 and persons who do not currently use tobacco prod-
9 ucts.

10 (37) Unless tobacco products that purport to
11 reduce the risks to the public of tobacco use actually
12 reduce such risks, those products can cause substan-
13 tial harm to the public health to the extent that the
14 individuals, who would otherwise not consume to-
15 bacco products or would consume such products less,
16 use tobacco products purporting to reduce risk.
17 Those who use products sold or distributed as modi-
18 fied risk products that do not in fact reduce risk,
19 rather than quitting or reducing their use of tobacco
20 products, have a substantially increased likelihood of
21 suffering disability and premature death. The costs
22 to society of the widespread use of products sold or
23 distributed as modified risk products that do not in
24 fact reduce risk or that increase risk include thou-

1 sands of unnecessary deaths and injuries and huge
2 costs to our health care system.

3 (38) As the National Cancer Institute has
4 found, many smokers mistakenly believe that “low
5 tar” and “light” cigarettes cause fewer health prob-
6 lems than other cigarettes. As the National Cancer
7 Institute has also found, mistaken beliefs about the
8 health consequences of smoking “low tar” and
9 “light” cigarettes can reduce the motivation to quit
10 smoking entirely and thereby lead to disease and
11 death.

12 (39) Recent studies have demonstrated that
13 there has been no reduction in risk on a population-
14 wide basis from “low tar” and “light” cigarettes and
15 such products may actually increase the risk of to-
16 bacco use.

17 (40) The dangers of products sold or distrib-
18 uted as modified risk tobacco products that do not
19 in fact reduce risk are so high that there is a com-
20 pelling governmental interest in insuring that state-
21 ments about modified risk tobacco products are com-
22 plete, accurate, and relate to the overall disease risk
23 of the product.

24 (41) As the Federal Trade Commission has
25 found, consumers have misinterpreted advertise-

1 ments in which one product is claimed to be less
2 harmful than a comparable product, even in the
3 presence of disclosures and advisories intended to
4 provide clarification.

5 (42) Permitting manufacturers to make unsub-
6 stantiated statements concerning modified risk to-
7 bacco products, whether express or implied, even if
8 accompanied by disclaimers would be detrimental to
9 the public health.

10 (43) The only way to effectively protect the
11 public health from the dangers of unsubstantiated
12 modified risk tobacco products is to empower the
13 Food and Drug Administration to require that prod-
14 ucts that tobacco manufacturers sold or distributed
15 for risk reduction be approved in advance of mar-
16 keting, and to require that the evidence relied on to
17 support approval of these products is rigorous.

18 **SEC. 3. PURPOSE.**

19 The purposes of this Act are—

20 (1) to provide authority to the Food and Drug
21 Administration to regulate tobacco products under
22 the Federal Food, Drug, and Cosmetic Act (21
23 U.S.C. 301 et seq.), by recognizing it as the primary
24 Federal regulatory authority with respect to the

1 manufacture, marketing, and distribution of tobacco
2 products;

3 (2) to ensure that the Food and Drug Adminis-
4 tration has the authority to address issues of par-
5 ticular concern to public health officials, especially
6 the use of tobacco by young people and dependence
7 on tobacco;

8 (3) to authorize the Food and Drug Adminis-
9 tration to set national standards controlling the
10 manufacture of tobacco products and the identity,
11 public disclosure, and amount of ingredients used in
12 such products;

13 (4) to provide new and flexible enforcement au-
14 thority to ensure that there is effective oversight of
15 the tobacco industry's efforts to develop, introduce,
16 and promote less harmful tobacco products;

17 (5) to vest the Food and Drug Administration
18 with the authority to regulate the levels of tar, nico-
19 tine, and other harmful components of tobacco prod-
20 ucts;

21 (6) in order to ensure that consumers are better
22 informed, to require tobacco product manufacturers
23 to disclose research which has not previously been
24 made available, as well as research generated in the

1 future, relating to the health and dependency effects
2 or safety of tobacco products;

3 (7) to continue to permit the sale of tobacco
4 products to adults in conjunction with measures to
5 ensure that they are not sold or accessible to under-
6 age purchasers;

7 (8) to impose appropriate regulatory controls on
8 the tobacco industry;

9 (9) to promote cessation to reduce disease risk
10 and the social costs associated with tobacco related
11 diseases; and

12 (10) to strengthen legislation against illicit
13 trade in tobacco products.

14 **SEC. 4. SCOPE AND EFFECT.**

15 (a) INTENDED EFFECT.—Nothing in this Act (or an
16 amendment made by this Act) shall be construed to—

17 (1) establish a precedent with regard to any
18 other industry, situation, circumstance, or legal ac-
19 tion; or

20 (2) affect any action pending in Federal, State,
21 or Tribal court, or any agreement, consent decree, or
22 contract of any kind.

23 (b) AGRICULTURAL ACTIVITIES.—The provisions of
24 this Act (or an amendment made by this Act) which au-
25 thorize the Secretary to take certain actions with regard

1 to tobacco and tobacco products shall not be construed to
2 affect any authority of the Secretary of Agriculture under
3 existing law regarding the growing, cultivation, or curing
4 of raw tobacco.

5 **SEC. 5. SEVERABILITY.**

6 If any provision of this Act, the amendments made
7 by this Act, or the application of any provision of this Act
8 to any person or circumstance is held to be invalid, the
9 remainder of this Act, the amendments made by this Act,
10 and the application of the provisions of this Act to any
11 other person or circumstance shall not be affected and
12 shall continue to be enforced to the fullest extent possible.

13 **TITLE I—AUTHORITY OF THE**

23 uct made or derived from tobacco that is intended for

16 bination with any other article or product regulated under
17 this Act (including a drug, biologic, food, cosmetics, med-
18 ical device, or a dietary supplement).”.

19 (b) FDA AUTHORITY OVER TOBACCO PRODUCTS.—
20 The Federal Food, Drug, and Cosmetic Act (21 U.S.C.
21 301 et seq.) is amended—

22 (1) by redesignating chapter IX as chapter X;

23 (2) by redesignating sections 901 through 909
24 as sections 1001 through 1009;

1 (3) in section 1009 (as so redesignated), by
2 striking “section 908” and inserting “section 1008”;
3 and

4 (4) by inserting after chapter VIII the fol-
5 lowing:

25 be disclosed, except that the information may be disclosed

1 to other officers or employees concerned with carrying out
2 this chapter, or when relevant in any proceeding under
3 this chapter.

4 “(d) RESTRICTIONS.—

5 “(1) IN GENERAL.—The Secretary may by reg-
6 ulation require restrictions on the sale and distribu-
7 tion of a tobacco product, including restrictions on
8 the access to, and the advertising and promotion of,
9 the tobacco product, if the Secretary determines that
10 such regulation would be appropriate for the protec-
11 tion of the public health. The Secretary may by reg-
12 ulation impose restrictions on the advertising and
13 promotion of a tobacco product consistent with and
14 to full extent permitted by the first amendment to
15 the Constitution. The finding as to whether such
16 regulation would be appropriate for the protection of
17 the public health shall be determined with respect to
18 the risks and benefits to the population as a whole,
19 including users and non-users of the tobacco prod-
20 uct, and taking into account—

21 “(A) the increased or decreased likelihood
22 that existing users of tobacco products will stop
23 using such products; and

1 “(B) the increased or decreased likelihood
2 that those who do not use tobacco products will
3 start using such products.

4 No such regulation may require that the sale or dis-
5 tribution of a tobacco product be limited to the writ-
6 ten or oral authorization of a practitioner licensed
7 by law to prescribe medical products.

8 “(2) LABEL STATEMENTS.—The label of a to-
9 bacco product shall bear such appropriate state-
10 ments of the restrictions required by a regulation
11 under subsection (a) as the Secretary may in such
12 regulation prescribe.

13 “(3) LIMITATIONS.—

14 “(A) IN GENERAL.—No restrictions under
15 paragraph (1) may—

16 “(i) prohibit the sale of any tobacco
17 product in face-to-face transactions by a
18 specific category of retail outlets; or

19 “(ii) establish a minimum age of sale
20 of tobacco products to any person older
21 than 18 years of age.

22 “(B) MATCHBOOKS.—For purposes of any
23 regulations issued by the Secretary, matchbooks
24 of conventional size containing not more than
25 20 paper matches, and which are customarily

1 given away for free with the purchase of to-
2 bacco products shall be considered as adult
3 written publications which shall be permitted to
4 contain advertising. Notwithstanding the pre-
5 ceeding sentence, if the Secretary finds that such
6 treatment of matchbooks is not appropriate for
7 the protection of the public health, the Sec-
8 retary may determine by regulation that match-
9 books shall not be considered adult written pub-
10 lications.

11 “(e) GOOD MANUFACTURING PRACTICE REQUIRE-
12 MENTS.—

13 “(1) METHODS, FACILITIES, AND CONTROLS TO
14 CONFORM.—

15 “(A) IN GENERAL.—The Secretary may, in
16 accordance with subparagraph (B), prescribe
17 regulations (which may differ based on the type
18 of tobacco product involved) requiring that the
19 methods used in, and the facilities and controls
20 used for, the manufacture, pre-production de-
21 sign validation (including a process to assess
22 the performance of a tobacco product), packing
23 and storage of a tobacco product, conform to
24 current good manufacturing practice, as pre-
25 scribed in such regulations, to assure that the

1 public health is protected and that the tobacco
2 product is in compliance with this chapter.
3 Good manufacturing practices may include the
4 testing of raw tobacco for pesticide chemical
5 residues regardless of whether a tolerance for
6 such chemical residues has been established.

7 “(B) REQUIREMENTS.—The Secretary
8 shall—

9 “(i) before promulgating any regula-
10 tion under subparagraph (A), afford the
11 Tobacco Products Scientific Advisory Com-
12 mittee an opportunity to submit rec-
13 ommendations with respect to the regula-
14 tion proposed to be promulgated;

15 “(ii) before promulgating any regula-
16 tion under subparagraph (A), afford oppor-
17 tunity for an oral hearing;

18 “(iii) provide the Tobacco Products
19 Scientific Advisory Committee a reasonable
20 time to make its recommendation with re-
21 spect to proposed regulations under sub-
22 paragraph (A); and

23 “(iv) in establishing the effective date
24 of a regulation promulgated under this
25 subsection, take into account the dif-

1 ferences in the manner in which the dif-
2 ferent types of tobacco products have his-
3 torically been produced, the financial re-
4 sources of the different tobacco product
5 manufacturers, and the state of their exist-
6 ing manufacturing facilities, and shall pro-
7 vide for a reasonable period of time for
8 such manufacturers to conform to good
9 manufacturing practices.

10 “(2) EXEMPTIONS; VARIANCES.—

11 “(A) PETITION.—Any person subject to
12 any requirement prescribed under paragraph
13 (1) may petition the Secretary for a permanent
14 or temporary exemption or variance from such
15 requirement. Such a petition shall be submitted
16 to the Secretary in such form and manner as
17 the Secretary shall prescribe and shall—

18 “(i) in the case of a petition for an ex-
19 emption from a requirement, set forth the
20 basis for the petitioner’s determination
21 that compliance with the requirement is
22 not required to assure that the tobacco
23 product will be in compliance with this
24 chapter;

1 “(ii) in the case of a petition for a
2 variance from a requirement, set forth the
3 methods proposed to be used in, and the
4 facilities and controls proposed to be used
5 for, the manufacture, packing, and storage
6 of the tobacco product in lieu of the meth-
7 ods, facilities, and controls prescribed by
8 the requirement; and

9 “(iii) contain such other information
10 as the Secretary shall prescribe.

11 “(B) REFERRAL TO THE TOBACCO PROD-
12 UCTS SCIENTIFIC ADVISORY COMMITTEE.—The
13 Secretary may refer to the Tobacco Products
14 Scientific Advisory Committee any petition sub-
15 mitted under subparagraph (A). The Tobacco
16 Products Scientific Advisory Committee shall
17 report its recommendations to the Secretary
18 with respect to a petition referred to it within
19 60 days after the date of the petition’s referral.
20 Within 60 days after—

21 “(i) the date the petition was sub-
22 mitted to the Secretary under subpara-
23 graph (A); or

1 “(ii) the day after the petition was re-
2 ferred to the Tobacco Products Scientific
3 Advisory Committee,
4 whichever occurs later, the Secretary shall by
5 order either deny the petition or approve it.

6 “(C) APPROVAL.—The Secretary may ap-
7 prove—

8 “(i) a petition for an exemption for a
9 tobacco product from a requirement if the
10 Secretary determines that compliance with
11 such requirement is not required to assure
12 that the tobacco product will be in compli-
13 ance with this chapter; and

14 “(ii) a petition for a variance for a to-
15 bacco product from a requirement if the
16 Secretary determines that the methods to
17 be used in, and the facilities and controls
18 to be used for, the manufacture, packing,
19 and storage of the tobacco product in lieu
20 of the methods, controls, and facilities pre-
21 scribed by the requirement are sufficient to
22 assure that the tobacco product will be in
23 compliance with this chapter.

24 “(D) CONDITIONS.—An order of the Sec-
25 retary approving a petition for a variance shall

1 prescribe such conditions respecting the meth-
2 ods used in, and the facilities and controls used
3 for, the manufacture, packing, and storage of
4 the tobacco product to be granted the variance
5 under the petition as may be necessary to as-
6 sure that the tobacco product will be in compli-
7 ance with this chapter.

8 “(E) HEARING.—After the issuance of an
9 order under subparagraph (B) respecting a pe-
10 tition, the petitioner shall have an opportunity
11 for an informal hearing on such order.

12 “(3) COMPLIANCE.—Compliance with require-
13 ments under this subsection shall not be required be-
14 fore the period ending 3 years after the date of en-
15 actment of the Family Smoking Prevention and To-
16 bacco Control Act.

17 “(f) RESEARCH AND DEVELOPMENT.—The Secretary
18 may enter into contracts for research, testing, and dem-
19 onstrations respecting tobacco products and may obtain
20 tobacco products for research, testing, and demonstration
21 purposes without regard to section 3324(a) and (b) of title
22 31, United States Code, and section 5 of title 41, United
23 States Code.

24 **“SEC. 907. TOBACCO PRODUCT STANDARDS.**

25 “(a) IN GENERAL.—

1 “(1) SPECIAL RULE FOR CIGARETTES.—A ciga-
2 rette or any of its component parts (including the
3 tobacco, filter, or paper) shall not contain, as a con-
4 stituent (including a smoke constituent) or additive,
5 an artificial or natural flavor (other than tobacco or
6 menthol) or an herb or spice, including strawberry,
7 grape, orange, clove, cinnamon, pineapple, vanilla,
8 coconut, licorice, cocoa, chocolate, cherry, or coffee,
9 that is a characterizing flavor of the tobacco product
10 or tobacco smoke. Nothing in this subparagraph
11 shall be construed to limit the Secretary’s authority
12 to take action under this section or other sections of
13 this Act applicable to menthol or any artificial or
14 natural flavor, herb, or spice not specified in this
15 paragraph.

16 “(2) REVISION OF TOBACCO PRODUCT STAND-
17 ARDS.—The Secretary may revise the tobacco prod-
18 uct standards in paragraph (1) in accordance with
19 subsection (b).

20 “(3) TOBACCO PRODUCT STANDARDS.—The
21 Secretary may adopt tobacco product standards in
22 addition to those in paragraph (1) if the Secretary
23 finds that a tobacco product standard is appropriate
24 for the protection of the public health. This finding
25 shall be determined with respect to the risks and

1 benefits to the population as a whole, including
2 users and non-users of the tobacco product, and tak-
3 ing into account—

4 “(A) the increased or decreased likelihood
5 that existing users of tobacco products will stop
6 using such products; and

7 “(B) the increased or decreased likelihood
8 that those who do not use tobacco products will
9 start using such products.

10 “(4) CONTENT OF TOBACCO PRODUCT STAND-
11 ARDS.—A tobacco product standard established
12 under this section for a tobacco product—

13 “(A) shall include provisions that are ap-
14 propriate for the protection of the public health,
15 including provisions, where appropriate—

16 “(i) for the reduction of nicotine
17 yields of the product;

18 “(ii) for the reduction or elimination
19 of other constituents, including smoke con-
20 stituents, or harmful components of the
21 product; or

22 “(iii) relating to any other require-
23 ment under subparagraph (B);

24 “(B) shall, where appropriate for the pro-
25 tection of the public health, include—

1 “(i) provisions respecting the con-
2 struction, components, ingredients, addi-
3 tives, constituents, including smoke con-
4 stituents, and properties of the tobacco
5 product;

6 “(ii) provisions for the testing (on a
7 sample basis or, if necessary, on an indi-
8 vidual basis) of the tobacco product;

9 “(iii) provisions for the measurement
10 of the tobacco product characteristics of
11 the tobacco product;

12 “(iv) provisions requiring that the re-
13 sults of each or of certain of the tests of
14 the tobacco product required to be made
15 under clause (ii) show that the tobacco
16 product is in conformity with the portions
17 of the standard for which the test or tests
18 were required; and

19 “(v) a provision requiring that the
20 sale and distribution of the tobacco prod-
21 uct be restricted but only to the extent
22 that the sale and distribution of a tobacco
23 product may be restricted under a regula-
24 tion under section 906(d); and

1 “(C) shall, where appropriate, require the
2 use and prescribe the form and content of label-
3 ing for the proper use of the tobacco product.

4 “(5) PERIODIC RE-EVALUATION OF TOBACCO
5 PRODUCT STANDARDS.—The Secretary shall provide
6 for periodic evaluation of tobacco product standards
7 established under this section to determine whether
8 such standards should be changed to reflect new
9 medical, scientific, or other technological data. The
10 Secretary may provide for testing under paragraph
11 (4)(B) by any person.

12 “(6) INVOLVEMENT OF OTHER AGENCIES; IN-
13 FORMED PERSONS.—In carrying out duties under
14 this section, the Secretary shall endeavor to—

15 “(A) use personnel, facilities, and other
16 technical support available in other Federal
17 agencies;

18 “(B) consult with other Federal agencies
19 concerned with standard-setting and other na-
20 tionally or internationally recognized standard-
21 setting entities; and

22 “(C) invite appropriate participation,
23 through joint or other conferences, workshops,
24 or other means, by informed persons represent-
25 ative of scientific, professional, industry, agri-

1 cultural, or consumer organizations who in the
2 Secretary's judgment can make a significant
3 contribution.

4 “(b) ESTABLISHMENT OF STANDARDS.—

5 “(1) NOTICE.—

6 “(A) IN GENERAL.—The Secretary shall
7 publish in the Federal Register a notice of pro-
8 posed rulemaking for the establishment, amend-
9 ment, or revocation of any tobacco product
10 standard.

11 “(B) REQUIREMENTS OF NOTICE.—A no-
12 tice of proposed rulemaking for the establish-
13 ment or amendment of a tobacco product stand-
14 ard for a tobacco product shall—

15 “(i) set forth a finding with sup-
16 porting justification that the tobacco prod-
17 uct standard is appropriate for the protec-
18 tion of the public health;

19 “(ii) set forth proposed findings with
20 respect to the risk of illness or injury that
21 the tobacco product standard is intended
22 to reduce or eliminate; and

23 “(iii) invite interested persons to sub-
24 mit an existing tobacco product standard
25 for the tobacco product, including a draft

1 or proposed tobacco product standard, for
2 consideration by the Secretary.

3 “(C) STANDARD.—Upon a determination
4 by the Secretary that an additive, constituent
5 (including smoke constituent), or other compo-
6 nent of the product that is the subject of the
7 proposed tobacco product standard is harmful,
8 it shall be the burden of any party challenging
9 the proposed standard to prove that the pro-
10 posed standard will not reduce or eliminate the
11 risk of illness or injury.

12 “(D) FINDING.—A notice of proposed rule-
13 making for the revocation of a tobacco product
14 standard shall set forth a finding with sup-
15 porting justification that the tobacco product
16 standard is no longer appropriate for the pro-
17 tection of the public health.

18 “(E) CONSIDERATION BY SECRETARY.—
19 The Secretary shall consider all information
20 submitted in connection with a proposed stand-
21 ard, including information concerning the coun-
22 tervailing effects of the tobacco product stand-
23 ard on the health of adolescent tobacco users,
24 adult tobacco users, or non-tobacco users, such
25 as the creation of a significant demand for con-

1 traband or other tobacco products that do not
2 meet the requirements of this chapter and the
3 significance of such demand, and shall issue the
4 standard if the Secretary determines that the
5 standard would be appropriate for the protec-
6 tion of the public health.

7 “(F) COMMENT.—The Secretary shall pro-
8 vide for a comment period of not less than 60
9 days.

10 “(2) PROMULGATION.—

11 “(A) IN GENERAL.—After the expiration of
12 the period for comment on a notice of proposed
13 rulemaking published under paragraph (1) re-
14 specting a tobacco product standard and after
15 consideration of such comments and any report
16 from the Tobacco Products Scientific Advisory
17 Committee, the Secretary shall—

18 “(i) promulgate a regulation estab-
19 lishing a tobacco product standard and
20 publish in the Federal Register findings on
21 the matters referred to in paragraph (1);
22 or

23 “(ii) publish a notice terminating the
24 proceeding for the development of the

1 standard together with the reasons for
2 such termination.

3 “(B) EFFECTIVE DATE.—A regulation es-
4 tablishing a tobacco product standard shall set
5 forth the date or dates upon which the standard
6 shall take effect, but no such regulation may
7 take effect before 1 year after the date of its
8 publication unless the Secretary determines
9 that an earlier effective date is necessary for
10 the protection of the public health. Such date or
11 dates shall be established so as to minimize,
12 consistent with the public health, economic loss
13 to, and disruption or dislocation of, domestic
14 and international trade.

15 “(3) POWER RESERVED TO CONGRESS.—Be-
16 cause of the importance of a decision of the Sec-
17 retary to issue a regulation establishing a tobacco
18 product standard—

19 “(A) banning all cigarettes, all smokeless
20 tobacco products, all little cigars, all cigars
21 other than little cigars, all pipe tobacco, or all
22 roll your own tobacco products; or

23 “(B) requiring the reduction of nicotine
24 yields of a tobacco product to zero,

25 Congress expressly reserves to itself such power.

1 “(4) AMENDMENT; REVOCATION.—

2 “(A) AUTHORITY.—The Secretary, upon
3 the Secretary’s own initiative or upon petition
4 of an interested person may by a regulation,
5 promulgated in accordance with the require-
6 ments of paragraphs (1) and (2)(B), amend or
7 revoke a tobacco product standard.

8 “(B) EFFECTIVE DATE.—The Secretary
9 may declare a proposed amendment of a to-
10 bacco product standard to be effective on and
11 after its publication in the Federal Register and
12 until the effective date of any final action taken
13 on such amendment if the Secretary determines
14 that making it so effective is in the public inter-
15 est.

16 “(5) REFERENCE TO ADVISORY COMMITTEE.—

17 “(A) IN GENERAL.—The Secretary may
18 refer a proposed regulation for the establish-
19 ment, amendment, or revocation of a tobacco
20 product standard to the Tobacco Products Sci-
21 entific Advisory Committee for a report and
22 recommendation with respect to any matter in-
23 volved in the proposed regulation which requires
24 the exercise of scientific judgment.

1 “(B) INITIATION OF REFERRAL.—The Sec-
2 retary may make a referral under this para-
3 graph—

4 “(i) on the Secretary’s own initiative;
5 or

6 “(ii) upon the request of an interested
7 person that—

8 “(I) demonstrates good cause for
9 the referral; and

10 “(II) is made before the expira-
11 tion of the period for submission of
12 comments on the proposed regulation.

13 “(C) PROVISION OF DATA.—If a proposed
14 regulation is referred under this paragraph to
15 the Tobacco Products Scientific Advisory Com-
16 mittee, the Secretary shall provide the Advisory
17 Committee with the data and information on
18 which such proposed regulation is based.

19 “(D) REPORT AND RECOMMENDATION.—
20 The Tobacco Products Scientific Advisory Com-
21 mittee shall, within 60 days after the referral of
22 a proposed regulation under this paragraph and
23 after independent study of the data and infor-
24 mation furnished to it by the Secretary and
25 other data and information before it, submit to

1 the Secretary a report and recommendation re-
2 specting such regulation, together with all un-
3 derlying data and information and a statement
4 of the reason or basis for the recommendation.

5 “(E) PUBLIC AVAILABILITY.—The Sec-
6 retary shall make a copy of each report and rec-
7 ommendation under subparagraph (D) publicly
8 available.

9 **“SEC. 908. NOTIFICATION AND OTHER REMEDIES.**

10 “(a) NOTIFICATION.—If the Secretary determines
11 that—

12 “(1) a tobacco product which is introduced or
13 delivered for introduction into interstate commerce
14 for commercial distribution presents an unreasonable
15 risk of substantial harm to the public health; and

16 “(2) notification under this subsection is nec-
17 essary to eliminate the unreasonable risk of such
18 harm and no more practicable means is available
19 under the provisions of this chapter (other than this
20 section) to eliminate such risk,

21 the Secretary may issue such order as may be necessary
22 to assure that adequate notification is provided in an ap-
23 propriate form, by the persons and means best suited
24 under the circumstances involved, to all persons who
25 should properly receive such notification in order to elimi-

1 nate such risk. The Secretary may order notification by
2 any appropriate means, including public service announce-
3 ments. Before issuing an order under this subsection, the
4 Secretary shall consult with the persons who are to give
5 notice under the order.

6 “(b) NO EXEMPTION FROM OTHER LIABILITY.—
7 Compliance with an order issued under this section shall
8 not relieve any person from liability under Federal or
9 State law. In awarding damages for economic loss in an
10 action brought for the enforcement of any such liability,
11 the value to the plaintiff in such action of any remedy
12 provided under such order shall be taken into account.

13 “(c) RECALL AUTHORITY.—

14 “(1) IN GENERAL.—If the Secretary finds that
15 there is a reasonable probability that a tobacco prod-
16 uct contains a manufacturing or other defect not or-
17 dinarily contained in tobacco products on the market
18 that would cause serious, adverse health con-
19 sequences or death, the Secretary shall issue an
20 order requiring the appropriate person (including
21 the manufacturers, importers, distributors, or retail-
22 ers of the tobacco product) to immediately cease dis-
23 tribution of such tobacco product. The order shall
24 provide the person subject to the order with an op-
25 portunity for an informal hearing, to be held not

1 later than 10 days after the date of the issuance of
2 the order, on the actions required by the order and
3 on whether the order should be amended to require
4 a recall of such tobacco product. If, after providing
5 an opportunity for such a hearing, the Secretary de-
6 termines that inadequate grounds exist to support
7 the actions required by the order, the Secretary shall
8 vacate the order.

9 “(2) AMENDMENT OF ORDER TO REQUIRE RE-
10 CALL.—

11 “(A) IN GENERAL.—If, after providing an
12 opportunity for an informal hearing under
13 paragraph (1), the Secretary determines that
14 the order should be amended to include a recall
15 of the tobacco product with respect to which the
16 order was issued, the Secretary shall, except as
17 provided in subparagraph (B), amend the order
18 to require a recall. The Secretary shall specify
19 a timetable in which the tobacco product recall
20 will occur and shall require periodic reports to
21 the Secretary describing the progress of the re-
22 call.

23 “(B) NOTICE.—An amended order under
24 subparagraph (A)—

1 “(i) shall not include recall of a to-
2 bacco product from individuals; and

3 “(ii) shall provide for notice to per-
4 sons subject to the risks associated with
5 the use of such tobacco product.

6 In providing the notice required by clause (ii),
7 the Secretary may use the assistance of retail-
8 ers and other persons who distributed such to-
9 bacco product. If a significant number of such
10 persons cannot be identified, the Secretary shall
11 notify such persons under section 705(b).

12 “(3) REMEDY NOT EXCLUSIVE.—The remedy
13 provided by this subsection shall be in addition to
14 remedies provided by subsection (a) of this section.

15 **“SEC. 909. RECORDS AND REPORTS ON TOBACCO PROD-**
16 **UCTS.**

17 “(a) IN GENERAL.—Every person who is a tobacco
18 product manufacturer or importer of a tobacco product
19 shall establish and maintain such records, make such re-
20 ports, and provide such information, as the Secretary may
21 by regulation reasonably require to assure that such to-
22 bacco product is not adulterated or misbranded and to
23 otherwise protect public health. Regulations prescribed
24 under the preceding sentence—

1 “(1) may require a tobacco product manufac-
2 turer or importer to report to the Secretary when-
3 ever the manufacturer or importer receives or other-
4 wise becomes aware of information that reasonably
5 suggests that one of its marketed tobacco products
6 may have caused or contributed to a serious unex-
7 pected adverse experience associated with the use of
8 the product or any significant increase in the fre-
9 quency of a serious, expected adverse product experi-
10 ence;

11 “(2) shall require reporting of other significant
12 adverse tobacco product experiences as determined
13 by the Secretary to be necessary to be reported;

14 “(3) shall not impose requirements unduly bur-
15 densome to a tobacco product manufacturer or im-
16 porter, taking into account the cost of complying
17 with such requirements and the need for the protec-
18 tion of the public health and the implementation of
19 this chapter;

20 “(4) when prescribing the procedure for making
21 requests for reports or information, shall require
22 that each request made under such regulations for
23 submission of a report or information to the Sec-
24 retary state the reason or purpose for such request

1 and identify to the fullest extent practicable such re-
2 port or information;

3 “(5) when requiring submission of a report or
4 information to the Secretary, shall state the reason
5 or purpose for the submission of such report or in-
6 formation and identify to the fullest extent prac-
7 ticable such report or information; and

8 “(6) may not require that the identity of any
9 patient or user be disclosed in records, reports, or
10 information required under this subsection unless re-
11 quired for the medical welfare of an individual, to
12 determine risks to public health of a tobacco prod-
13 uct, or to verify a record, report, or information sub-
14 mitted under this chapter.

15 In prescribing regulations under this subsection, the Sec-
16 retary shall have due regard for the professional ethics of
17 the medical profession and the interests of patients. The
18 prohibitions of paragraph (6) continue to apply to records,
19 reports, and information concerning any individual who
20 has been a patient, irrespective of whether or when he
21 ceases to be a patient.

22 “(b) REPORTS OF REMOVALS AND CORRECTIONS.—

23 “(1) IN GENERAL.—Except as provided in para-
24 graph (2), the Secretary shall by regulation require
25 a tobacco product manufacturer or importer of a to-

1 tobacco product to report promptly to the Secretary
2 any corrective action taken or removal from the
3 market of a tobacco product undertaken by such
4 manufacturer or importer if the removal or correc-
5 tion was undertaken—

6 “(A) to reduce a risk to health posed by
7 the tobacco product; or

8 “(B) to remedy a violation of this chapter
9 caused by the tobacco product which may
10 present a risk to health.

11 A tobacco product manufacturer or importer of a to-
12 bacco product who undertakes a corrective action or
13 removal from the market of a tobacco product which
14 is not required to be reported under this subsection
15 shall keep a record of such correction or removal.

16 “(2) EXCEPTION.—No report of the corrective
17 action or removal of a tobacco product may be re-
18 quired under paragraph (1) if a report of the correc-
19 tive action or removal is required and has been sub-
20 mitted under subsection (a).

21 **“SEC. 910. APPLICATION FOR REVIEW OF CERTAIN TO-**
22 **BACCO PRODUCTS.**

23 “(a) IN GENERAL.—

1 “(1) NEW TOBACCO PRODUCT DEFINED.—For
2 purposes of this section the term ‘new tobacco prod-
3 uct’ means—

4 “(A) any tobacco product (including those
5 products in test markets) that was not commer-
6 cially marketed in the United States as of June
7 1, 2003; or

8 “(B) any modification (including a change
9 in design, any component, any part, or any con-
10 stituent, including a smoke constituent, or in
11 the content, delivery or form of nicotine, or any
12 other additive or ingredient) of a tobacco prod-
13 uct where the modified product was commer-
14 cially marketed in the United States after June
15 1, 2003.

16 “(2) PREMARKET APPROVAL REQUIRED.—

17 “(A) NEW PRODUCTS.—Approval under
18 this section of an application for premarket ap-
19 proval for any new tobacco product is required
20 unless—

21 “(i) the manufacturer has submitted a
22 report under section 905(j); and

23 “(ii) the Secretary has issued an order
24 that the tobacco product—

1 “(I) is substantially equivalent to
2 a tobacco product commercially mar-
3 keted (other than for test marketing)
4 in the United States as of June 1,
5 2003; and

6 “(II)(aa) is in compliance with
7 the requirements of this Act; or

8 “(bb) is exempt from the require-
9 ments of section 905(j) pursuant to a
10 regulation issued under section
11 905(j)(3).

12 “(B) APPLICATION TO CERTAIN POST
13 JUNE 1, 2003 PRODUCTS.—Subparagraph (A)
14 shall not apply to a tobacco product—

15 “(i) that was first introduced or deliv-
16 ered for introduction into interstate com-
17 merce for commercial distribution in the
18 United States after June 1, 2003, and
19 prior to the date that is 15 months after
20 the date of enactment of the Family Smok-
21 ing Prevention and Tobacco Control Act;
22 and

23 “(ii) for which a report was submitted
24 under section 905(j) within such 15-month
25 period,

1 except that subparagraph (A) shall apply to the
2 tobacco product if the Secretary issues an order
3 that the tobacco product is not substantially
4 equivalent.

5 “(3) SUBSTANTIALLY EQUIVALENT DEFINED.—

6 “(A) IN GENERAL.—In this section and
7 section 905(j), the terms ‘substantially equiva-
8 lent’ or ‘substantial equivalence’ mean, with re-
9 spect to the tobacco product being compared to
10 the predicate tobacco product, that the Sec-
11 retary by order has found that the tobacco
12 product—

13 “(i) has the same characteristics as
14 the predicate tobacco product; or

15 “(ii) has different characteristics and
16 the information submitted contains infor-
17 mation, including clinical data if deemed
18 necessary by the Secretary, that dem-
19 onstrates that it is not appropriate to reg-
20 ulate the product under this section be-
21 cause the product does not raise different
22 questions of public health.

23 “(B) CHARACTERISTICS.—In subpara-
24 graph (A), the term ‘characteristics’ means the
25 materials, ingredients, design, composition,

1 heating source, or other features of a tobacco
2 product.

3 “(C) LIMITATION.—A tobacco product may
4 not be found to be substantially equivalent to a
5 predicate tobacco product that has been re-
6 moved from the market at the initiative of the
7 Secretary or that has been determined by a ju-
8 dicial order to be misbranded or adulterated.

9 “(4) HEALTH INFORMATION.—

10 “(A) SUMMARY.—As part of a submission
11 under section 905(j) respecting a tobacco prod-
12 uct, the person required to file a premarket no-
13 tification under such section shall provide an
14 adequate summary of any health information
15 related to the tobacco product or state that
16 such information will be made available upon
17 request by any person.

18 “(B) REQUIRED INFORMATION.—Any sum-
19 mary under subparagraph (A) respecting a to-
20 bacco product shall contain detailed information
21 regarding data concerning adverse health ef-
22 fects and shall be made available to the public
23 by the Secretary within 30 days of the issuance
24 of a determination that such tobacco product is

1 substantially equivalent to another tobacco
2 product.

3 “(b) APPLICATION.—

4 “(1) CONTENTS.—An application for premarket
5 approval shall contain—

6 “(A) full reports of all information, pub-
7 lished or known to, or which should reasonably
8 be known to, the applicant, concerning inves-
9 tigations which have been made to show the
10 health risks of such tobacco product and wheth-
11 er such tobacco product presents less risk than
12 other tobacco products;

13 “(B) a full statement of the components,
14 ingredients, additives, and properties, and of
15 the principle or principles of operation, of such
16 tobacco product;

17 “(C) a full description of the methods used
18 in, and the facilities and controls used for, the
19 manufacture, processing, and, when relevant,
20 packing and installation of, such tobacco prod-
21 uct;

22 “(D) an identifying reference to any to-
23 bacco product standard under section 907
24 which would be applicable to any aspect of such
25 tobacco product, and either adequate informa-

1 tion to show that such aspect of such tobacco
2 product fully meets such tobacco product stand-
3 ard or adequate information to justify any devi-
4 ation from such standard;

5 “(E) such samples of such tobacco product
6 and of components thereof as the Secretary
7 may reasonably require;

8 “(F) specimens of the labeling proposed to
9 be used for such tobacco product; and

10 “(G) such other information relevant to
11 the subject matter of the application as the Sec-
12 retary may require.

13 “(2) REFERENCE TO TOBACCO PRODUCTS SCI-
14 ENTIFIC ADVISORY COMMITTEE.—Upon receipt of an
15 application meeting the requirements set forth in
16 paragraph (1), the Secretary—

17 “(A) may, on the Secretary’s own initia-
18 tive; or

19 “(B) may, upon the request of an appli-
20 cant,

21 refer such application to the Tobacco Products Sci-
22 entific Advisory Committee for reference and for
23 submission (within such period as the Secretary may
24 establish) of a report and recommendation respect-
25 ing approval of the application, together with all un-

1 derlying data and the reasons or basis for the rec-
2 ommendation.

3 “(c) ACTION ON APPLICATION.—

4 “(1) DEADLINE.—

5 “(A) IN GENERAL.—As promptly as pos-
6 sible, but in no event later than 180 days after
7 the receipt of an application under subsection
8 (b), the Secretary, after considering the report
9 and recommendation submitted under para-
10 graph (2) of such subsection, shall—

11 “(i) issue an order approving the ap-
12 plication if the Secretary finds that none of
13 the grounds for denying approval specified
14 in paragraph (2) of this subsection applies;
15 or

16 “(ii) deny approval of the application
17 if the Secretary finds (and sets forth the
18 basis for such finding as part of or accom-
19 panying such denial) that 1 or more
20 grounds for denial specified in paragraph
21 (2) of this subsection apply.

22 “(B) RESTRICTIONS ON SALE AND DIS-
23 TRIBUTION.—An order approving an application
24 for a tobacco product may require as a condi-
25 tion to such approval that the sale and distribu-

1 tion of the tobacco product be restricted but
2 only to the extent that the sale and distribution
3 of a tobacco product may be restricted under a
4 regulation under section 906(d).

5 “(2) DENIAL OF APPROVAL.—The Secretary
6 shall deny approval of an application for a tobacco
7 product if, upon the basis of the information sub-
8 mitted to the Secretary as part of the application
9 and any other information before the Secretary with
10 respect to such tobacco product, the Secretary finds
11 that—

12 “(A) there is a lack of a showing that per-
13 mitting such tobacco product to be marketed
14 would be appropriate for the protection of the
15 public health;

16 “(B) the methods used in, or the facilities
17 or controls used for, the manufacture, proc-
18 essing, or packing of such tobacco product do
19 not conform to the requirements of section
20 906(e);

21 “(C) based on a fair evaluation of all mate-
22 rial facts, the proposed labeling is false or mis-
23 leading in any particular; or

24 “(D) such tobacco product is not shown to
25 conform in all respects to a tobacco product

1 standard in effect under section 907, compli-
2 ance with which is a condition to approval of
3 the application, and there is a lack of adequate
4 information to justify the deviation from such
5 standard.

6 “(3) DENIAL INFORMATION.—Any denial of an
7 application shall, insofar as the Secretary determines
8 to be practicable, be accompanied by a statement in-
9 forming the applicant of the measures required to
10 place such application in approvable form (which
11 measures may include further research by the appli-
12 cant in accordance with 1 or more protocols pre-
13 scribed by the Secretary).

14 “(4) BASIS FOR FINDING.—For purposes of
15 this section, the finding as to whether approval of a
16 tobacco product is appropriate for the protection of
17 the public health shall be determined with respect to
18 the risks and benefits to the population as a whole,
19 including users and nonusers of the tobacco product,
20 and taking into account—

21 “(A) the increased or decreased likelihood
22 that existing users of tobacco products will stop
23 using such products; and

1 “(B) the increased or decreased likelihood
2 that those who do not use tobacco products will
3 start using such products.

4 “(5) BASIS FOR ACTION.—

5 “(A) INVESTIGATIONS.—For purposes of
6 paragraph (2)(A), whether permitting a tobacco
7 product to be marketed would be appropriate
8 for the protection of the public health shall,
9 when appropriate, be determined on the basis of
10 well-controlled investigations, which may in-
11 clude 1 or more clinical investigations by ex-
12 perts qualified by training and experience to
13 evaluate the tobacco product.

14 “(B) OTHER EVIDENCE.—If the Secretary
15 determines that there exists valid scientific evi-
16 dence (other than evidence derived from inves-
17 tigations described in subparagraph (A)) which
18 is sufficient to evaluate the tobacco product the
19 Secretary may authorize that the determination
20 for purposes of paragraph (2)(A) be made on
21 the basis of such evidence.

22 “(d) WITHDRAWAL AND TEMPORARY SUSPENSION.—

23 “(1) IN GENERAL.—The Secretary shall, upon
24 obtaining, where appropriate, advice on scientific
25 matters from the Tobacco Products Scientific Advi-

1 sory Committee, and after due notice and oppor-
2 tunity for informal hearing to the holder of an ap-
3 proved application for a tobacco product, issue an
4 order withdrawing approval of the application if the
5 Secretary finds—

6 “(A) that the continued marketing of such
7 tobacco product no longer is appropriate for the
8 protection of the public health;

9 “(B) that the application contained or was
10 accompanied by an untrue statement of a mate-
11 rial fact;

12 “(C) that the applicant—

13 “(i) has failed to establish a system
14 for maintaining records, or has repeatedly
15 or deliberately failed to maintain records
16 or to make reports, required by an applica-
17 ble regulation under section 909;

18 “(ii) has refused to permit access to,
19 or copying or verification of, such records
20 as required by section 704; or

21 “(iii) has not complied with the re-
22 quirements of section 905;

23 “(D) on the basis of new information be-
24 fore the Secretary with respect to such tobacco
25 product, evaluated together with the evidence

1 before the Secretary when the application was
2 approved, that the methods used in, or the fa-
3 cilities and controls used for, the manufacture,
4 processing, packing, or installation of such to-
5 bacco product do not conform with the require-
6 ments of section 906(e) and were not brought
7 into conformity with such requirements within a
8 reasonable time after receipt of written notice
9 from the Secretary of nonconformity;

10 “(E) on the basis of new information be-
11 fore the Secretary, evaluated together with the
12 evidence before the Secretary when the applica-
13 tion was approved, that the labeling of such to-
14 bacco product, based on a fair evaluation of all
15 material facts, is false or misleading in any par-
16 ticular and was not corrected within a reason-
17 able time after receipt of written notice from
18 the Secretary of such fact; or

19 “(F) on the basis of new information be-
20 fore the Secretary, evaluated together with the
21 evidence before the Secretary when the applica-
22 tion was approved, that such tobacco product is
23 not shown to conform in all respects to a to-
24 bacco product standard which is in effect under
25 section 907, compliance with which was a con-

1 dition to approval of the application, and that
2 there is a lack of adequate information to jus-
3 tify the deviation from such standard.

4 “(2) APPEAL.—The holder of an application
5 subject to an order issued under paragraph (1) with-
6 drawing approval of the application may, by petition
7 filed on or before the 30th day after the date upon
8 which such holder receives notice of such with-
9 drawal, obtain review thereof in accordance with sec-
10 tion 912.

11 “(3) TEMPORARY SUSPENSION.—If, after pro-
12 viding an opportunity for an informal hearing, the
13 Secretary determines there is reasonable probability
14 that the continuation of distribution of a tobacco
15 product under an approved application would cause
16 serious, adverse health consequences or death, that
17 is greater than ordinarily caused by tobacco prod-
18 ucts on the market, the Secretary shall by order
19 temporarily suspend the approval of the application
20 approved under this section. If the Secretary issues
21 such an order, the Secretary shall proceed expedi-
22 tiously under paragraph (1) to withdraw such appli-
23 cation.

24 “(e) SERVICE OF ORDER.—An order issued by the
25 Secretary under this section shall be served—

1 “(1) in person by any officer or employee of the
2 department designated by the Secretary; or

3 “(2) by mailing the order by registered mail or
4 certified mail addressed to the applicant at the ap-
5 plicant’s last known address in the records of the
6 Secretary.

7 “(f) RECORDS.—

8 “(1) ADDITIONAL INFORMATION.—In the case
9 of any tobacco product for which an approval of an
10 application filed under subsection (b) is in effect, the
11 applicant shall establish and maintain such records,
12 and make such reports to the Secretary, as the Sec-
13 retary may by regulation, or by order with respect
14 to such application, prescribe on the basis of a find-
15 ing that such records and reports are necessary in
16 order to enable the Secretary to determine, or facili-
17 tate a determination of, whether there is or may be
18 grounds for withdrawing or temporarily suspending
19 such approval.

20 “(2) ACCESS TO RECORDS.—Each person re-
21 quired under this section to maintain records, and
22 each person in charge or custody thereof, shall, upon
23 request of an officer or employee designated by the
24 Secretary, permit such officer or employee at all rea-

1 sonable times to have access to and copy and verify
2 such records.

3 “(g) INVESTIGATIONAL TOBACCO PRODUCT EXEMP-
4 TION FOR INVESTIGATIONAL USE.—The Secretary may
5 exempt tobacco products intended for investigational use
6 from the provisions of this chapter under such conditions
7 as the Secretary may by regulation prescribe.

8 **“SEC. 911. MODIFIED RISK TOBACCO PRODUCTS.**

9 “(a) IN GENERAL.—No person may introduce or de-
10 liver for introduction into interstate commerce any modi-
11 fied risk tobacco product unless approval of an application
12 filed pursuant to subsection (d) is effective with respect
13 to such product.

14 “(b) DEFINITIONS.—In this section:

15 “(1) MODIFIED RISK TOBACCO PRODUCT.—The
16 term ‘modified risk tobacco product’ means any to-
17 bacco product that is sold or distributed for use to
18 reduce harm or the risk of tobacco-related disease
19 associated with commercially marketed tobacco prod-
20 ucts.

21 “(2) SOLD OR DISTRIBUTED.—

22 “(A) IN GENERAL.—With respect to a to-
23 bacco product, the term ‘sold or distributed for
24 use to reduce harm or the risk of tobacco-re-
25 lated disease associated with commercially mar-

1 keted tobacco products’ means a tobacco prod-
2 uct—

3 “(i) the label, labeling, or advertising
4 of which represents explicitly or implicitly
5 that—

6 “(I) the tobacco product presents
7 a lower risk of tobacco-related disease
8 or is less harmful than one or more
9 other commercially marketed tobacco
10 products;

11 “(II) the tobacco product or its
12 smoke contains a reduced level of a
13 substance or presents a reduced expo-
14 sure to a substance; or

15 “(III) the tobacco product or its
16 smoke does not contain or is free of a
17 substance;

18 “(ii) the label, labeling, or advertising
19 of which uses the descriptors ‘light’, ‘mild’,
20 or ‘low’ or similar descriptors; or

21 “(iii) the tobacco product manufac-
22 turer of which has taken any action di-
23 rected to consumers through the media or
24 otherwise, other than by means of the to-
25 bacco product’s label, labeling, or adver-

1 tising, after the date of enactment of the
2 Family Smoking Prevention and Tobacco
3 Control Act, respecting the product that
4 would be reasonably expected to result in
5 consumers believing that the tobacco prod-
6 uct or its smoke may present a lower risk
7 of disease or is less harmful than one or
8 more commercially marketed tobacco prod-
9 ucts, or presents a reduced exposure to, or
10 does not contain or is free of, a substance
11 or substances.

12 “(B) LIMITATION.—No tobacco product
13 shall be considered to be ‘sold or distributed for
14 use to reduce harm or the risk of tobacco-re-
15 lated disease associated with commercially mar-
16 keted tobacco products’, except as described in
17 subparagraph (A).

18 “(c) TOBACCO DEPENDENCE PRODUCTS.—A product
19 that is intended to be used for the treatment of tobacco
20 dependence, including smoking cessation, is not a modified
21 risk tobacco product under this section and is subject to
22 the requirements of chapter V.

23 “(d) FILING.—Any person may file with the Sec-
24 retary an application for a modified risk tobacco product.
25 Such application shall include—

1 “(1) a description of the proposed product and
2 any proposed advertising and labeling;

3 “(2) the conditions for using the product;

4 “(3) the formulation of the product;

5 “(4) sample product labels and labeling;

6 “(5) all documents (including underlying sci-
7 entific information) relating to research findings
8 conducted, supported, or possessed by the tobacco
9 product manufacturer relating to the effect of the
10 product on tobacco-related diseases and health-re-
11 lated conditions, including information both favor-
12 able and unfavorable to the ability of the product to
13 reduce risk or exposure and relating to human
14 health;

15 “(6) data and information on how consumers
16 actually use the tobacco product; and

17 “(7) such other information as the Secretary
18 may require.

19 “(e) PUBLIC AVAILABILITY.—The Secretary shall
20 make the application described in subsection (d) publicly
21 available (except matters in the application which are
22 trade secrets or otherwise confidential, commercial infor-
23 mation) and shall request comments by interested persons
24 on the information contained in the application and on the

1 label, labeling, and advertising accompanying such appli-
2 cation.

3 “(f) ADVISORY COMMITTEE.—

4 “(1) IN GENERAL.—The Secretary shall refer to
5 the Tobacco Products Scientific Advisory Committee
6 any application submitted under this subsection.

7 “(2) RECOMMENDATIONS.—Not later than 60
8 days after the date an application is referred to the
9 Tobacco Products Scientific Advisory Committee
10 under paragraph (1), the Advisory Committee shall
11 report its recommendations on the application to the
12 Secretary.

13 “(g) APPROVAL.—

14 “(1) MODIFIED RISK PRODUCTS.—Except as
15 provided in paragraph (2), the Secretary shall ap-
16 prove an application for a modified risk tobacco
17 product filed under this section only if the Secretary
18 determines that the applicant has demonstrated that
19 such product, as it is actually used by consumers,
20 will—

21 “(A) significantly reduce harm and the
22 risk of tobacco-related disease to individual to-
23 bacco users; and

24 “(B) benefit the health of the population
25 as a whole taking into account both users of to-

1 bacco products and persons who do not cur-
2 rently use tobacco products.

3 “(2) SPECIAL RULE FOR CERTAIN PRODUCTS.—

4 “(A) IN GENERAL.—The Secretary may
5 approve an application for a tobacco product
6 that has not been approved as a modified risk
7 tobacco product pursuant to paragraph (1) if
8 the Secretary makes the findings required
9 under this paragraph and determines that the
10 applicant has demonstrated that—

11 “(i) the approval of the application
12 would be appropriate to promote the public
13 health;

14 “(ii) any aspect of the label, labeling,
15 and advertising for such product that
16 would cause the tobacco product to be a
17 modified risk tobacco product under sub-
18 section (b)(2) is limited to an explicit or
19 implicit representation that such tobacco
20 product or its smoke contains or is free of
21 a substance or contains a reduced level of
22 a substance, or presents a reduced expo-
23 sure to a substance in tobacco smoke;

24 “(iii) scientific evidence is not avail-
25 able and, using the best available scientific

1 methods, cannot be made available without
2 conducting long-term epidemiological stud-
3 ies for an application to meet the stand-
4 ards set forth in paragraph (1); and

5 “(iv) the scientific evidence that is
6 available without conducting long-term epi-
7 demiological studies demonstrates that a
8 measurable and substantial reduction in
9 morbidity or mortality among individual
10 tobacco users is anticipated in subsequent
11 studies.

12 “(B) ADDITIONAL FINDINGS REQUIRED.—

13 In order to approve an application under sub-
14 paragraph (A) the Secretary must also find
15 that the applicant has demonstrated that—

16 “(i) the magnitude of the overall re-
17 ductions in exposure to the substance or
18 substances which are the subject of the ap-
19 plication is substantial, such substance or
20 substances are harmful, and the product as
21 actually used exposes consumers to the
22 specified reduced level of the substance or
23 substances;

24 “(ii) the product as actually used by
25 consumers will not expose them to higher

1 levels of other harmful substances com-
2 pared to the similar types of tobacco prod-
3 ucts then on the market unless such in-
4 creases are minimal and the anticipated
5 overall impact of use of the product re-
6 mains a substantial and measurable reduc-
7 tion in overall morbidity and mortality
8 among individual tobacco users;

9 “(iii) testing of actual consumer per-
10 ception shows that, as the applicant pro-
11 poses to label and market the product, con-
12 sumers will not be misled into believing
13 that the product—

14 “(I) is or has been demonstrated
15 to be less harmful; or

16 “(II) presents or has been dem-
17 onstrated to present less of a risk of
18 disease than 1 or more other commer-
19 cially marketed tobacco products; and

20 “(iv) approval of the application is ex-
21 pected to benefit the health of the popu-
22 lation as a whole taking into account both
23 users of tobacco products and persons who
24 do not currently use tobacco products.

25 “(C) CONDITIONS OF APPROVAL.—

1 “(i) IN GENERAL.—Applications ap-
2 proved under this paragraph shall be lim-
3 ited to a term of not more than 5 years,
4 but may be renewed upon a finding by the
5 Secretary that the requirements of this
6 paragraph continue to be satisfied based
7 on the filing of a new application.

8 “(ii) AGREEMENTS BY APPLICANT.—
9 Applications approved under this para-
10 graph shall be conditioned on the appli-
11 cant’s agreement to conduct post-market
12 surveillance and studies and to submit to
13 the Secretary the results of such surveil-
14 lance and studies to determine the impact
15 of the application approval on consumer
16 perception, behavior, and health and to en-
17 able the Secretary to review the accuracy
18 of the determinations upon which the ap-
19 proval was based in accordance with a pro-
20 tocol approved by the Secretary.

21 “(iii) ANNUAL SUBMISSION.—The re-
22 sults of such post-market surveillance and
23 studies described in clause (ii) shall be
24 submitted annually.

1 “(3) BASIS.—The determinations under para-
2 graphs (1) and (2) shall be based on—

3 “(A) the scientific evidence submitted by
4 the applicant; and

5 “(B) scientific evidence and other informa-
6 tion that is available to the Secretary.

7 “(4) BENEFIT TO HEALTH OF INDIVIDUALS
8 AND OF POPULATION AS A WHOLE.—In making the
9 determinations under paragraphs (1) and (2), the
10 Secretary shall take into account—

11 “(A) the relative health risks to individuals
12 of the tobacco product that is the subject of the
13 application;

14 “(B) the increased or decreased likelihood
15 that existing users of tobacco products who
16 would otherwise stop using such products will
17 switch to the tobacco product that is the subject
18 of the application;

19 “(C) the increased or decreased likelihood
20 that persons who do not use tobacco products
21 will start using the tobacco product that is the
22 subject of the application;

23 “(D) the risks and benefits to persons
24 from the use of the tobacco product that is the
25 subject of the application as compared to the

1 use of products for smoking cessation approved
2 under chapter V to treat nicotine dependence;
3 and

4 “(E) comments, data, and information
5 submitted by interested persons.

6 “(h) ADDITIONAL CONDITIONS FOR APPROVAL.—

7 “(1) MODIFIED RISK PRODUCTS.—The Sec-
8 retary shall require for the approval of an applica-
9 tion under this section that any advertising or label-
10 ing concerning modified risk products enable the
11 public to comprehend the information concerning
12 modified risk and to understand the relative signifi-
13 cance of such information in the context of total
14 health and in relation to all of the diseases and
15 health-related conditions associated with the use of
16 tobacco products.

17 “(2) COMPARATIVE CLAIMS.—

18 “(A) IN GENERAL.—The Secretary may re-
19 quire for the approval of an application under
20 this subsection that a claim comparing a to-
21 bacco product to 1 or more other commercially
22 marketed tobacco products shall compare the
23 tobacco product to a commercially marketed to-
24 bacco product that is representative of that type
25 of tobacco product on the market (for example

1 the average value of the top 3 brands of an es-
2 tablished regular tobacco product).

3 “(B) QUANTITATIVE COMPARISONS.—The
4 Secretary may also require, for purposes of sub-
5 paragraph (A), that the percent (or fraction) of
6 change and identity of the reference tobacco
7 product and a quantitative comparison of the
8 amount of the substance claimed to be reduced
9 shall be stated in immediate proximity to the
10 most prominent claim.

11 “(3) LABEL DISCLOSURE.—

12 “(A) IN GENERAL.—The Secretary may re-
13 quire the disclosure on the label of other sub-
14 stances in the tobacco product, or substances
15 that may be produced by the consumption of
