

Protecting our environment
starts at home...

and continues at work.

Changing to more
energy-efficient
practices and
products protects
the environment
where we work
and live.

As a partner with the U.S. Environmental Protection Agency's ENERGY STAR® program, we're committed to protecting the environment through energy efficiency. In 2006, American consumers and businesses prevented the greenhouse gas emissions equivalent to 25 million vehicles by using less energy. **Learn more at www.energystar.gov.**
