

Dear ENERGY STAR® TV Partner or Other Interested Stakeholder:

EPA will distribute a revised On Mode proposal, originally scheduled for distribution this week, on November 26, 2007, to avoid distributing a document immediately prior to the Thanksgiving holiday. EPA would like to ensure that stakeholders have adequate time to review the proposal prior to the planned stakeholder call on November 27, 2007. As such, EPA will host the TV stakeholder call from **11:30 a.m. – 1:00 p.m. EST on Wednesday, November 28, 2007**. EPA regrets any inconvenience caused by this change in the timing of the call. Conference-line information for the call is provided below.

U.S. Call-in Number: 866-299-3188  
International Call-in Number: 706-758-1822  
Pass code (U.S. and int'l): 202-343-9120 #

In addition to the revised On Mode proposal that will be forthcoming, the purpose of this call is to discuss stakeholder feedback on the four revised proposals that EPA distributed on November 16, 2007, which covered the following topics:

1. Download Acquisition Mode;
2. TVs with a forced-menu option at initial set-up;
3. TVs with Automatic Brightness Control; and,
4. TV monitors.

As a reminder, stakeholders are requested to submit written feedback on these proposals to Mehernaz Polad, ICF International, at [mpolad@icfi.com](mailto:mpolad@icfi.com) **no later than Friday, November 30, 2007**. Stakeholders will have an additional week to submit written comments on the revised On Mode proposal *only*, until Friday, December 7, 2007. Feedback should be submitted to Mehernaz Polad via e-mail.

If you have any questions or concerns, please contact Katharine Kaplan, U.S. EPA, at (202) 343-9120 or [kaplan.katharine@epa.gov](mailto:kaplan.katharine@epa.gov) or Mehernaz Polad at (202) 862-1175 or at the e-mail address noted above.

Thank you for your continued support of ENERGY STAR and Happy Thanksgiving!
