

then publish a notice in the FEDERAL REGISTER. The notice will state that a waiver has been granted, and solicit public comment for future procurements.

(6) The decision by the Associate Administrator for Government Contracting to grant or deny a waiver is the final decision by the Agency.

(7) A waiver of the Nonmanufacturer Rule for classes of products has no specific time limitation. SBA will, however, periodically review existing class waivers to the Nonmanufacturer Rule to determine if small business manufacturers or processors have become available to participate in the Federal market for the waived classes of products and the waiver should be terminated.

(i) Upon SBA's receipt of evidence that a small business manufacturer or processor exists in the Federal market for a waived class of products, the waiver will be terminated by the Associate Administrator for Government Contracting. This evidence may be discovered by SBA during a periodic review of existing waivers or may be brought to SBA's attention by other sources.

(ii) SBA will announce its intent to terminate a waiver for a class of products through the publication of a notice in the FEDERAL REGISTER, asking for comments regarding the proposed termination.

(iii) Unless public comment reveals that no small business manufacturer or processor in fact exists for the class of products in question, SBA will publish a final Notice of Termination in the FEDERAL REGISTER.

(b) *Individual waivers for specific solicitations.* (1) A contracting officer's request for a waiver of the Nonmanufacturer Rule for specific solicitations need not be in any particular form, but must, at a minimum, include:

(i) A definitive statement of the specific item to be waived and justification as to why the specific item is required;

(ii) The solicitation number, NAICS code, dollar amount of the procurement, and a brief statement of the procurement history;

(iii) A determination by the contracting officer that there are no

known small business manufacturers or processors for the requested items (the determination must contain a narrative statement of the contracting officer's efforts to search for small business manufacturers or processors of the item and the results of those efforts, and a statement by the contracting officer that there are no known small business manufacturers for the items and that no small business manufacturer or processor can reasonably be expected to offer the required items); and

(iv) For contracts expected to exceed \$500,000, a copy of the Statement of Work.

(2) Requests should be addressed to the Associate Administrator for Government Contracting, Small Business Administration, 409 3rd Street, SW., Washington, DC 20416.

(3) SBA will examine the contracting officer's determination and any other information it deems necessary to make an informed decision on the individual waiver request. If SBA's research verifies that no small business manufacturers or processors exist for the item, the Associate Administrator for Government Contracting will grant an individual, one-time waiver. If a small business manufacturer or processor is found for the product in question, the Associate Administrator will deny the request. Either decision represents a final decision by SBA.
