GMZ230	Corpus Christi To Baffin Bay								
South Bird Island	19	2100CST			0	0			Marine Tstm Wind (MG49)
	Measured by S. Bird Island TCOON.								

TEXAS, Mid - South

Aransas County									
North Portion	06	1200CST 1800CST			0	0			Flash Flood
	Flooding occurred along Highway 35, north of Lamar, in northern Aransas county.								

Refugio County									
East Central Portion	06	1200CST 1800CST			0	0			Flash Flood
	Low lying areas in Refugio were flooded. Portions of the city park in Refugio were closed due to flooding. Water flowing over U.S. 77 north and south of Refugio resulted in several accidents. Highway 35 and FM 774 intersection, south of Tivoli, was closed due to flooding. Water covered some roads in Woodsboro.								

Storms trained across eastern-central Refugio and northern Aransas counties from the mid-morning hours through the late afternoon. Doppler radar estimated 4 to 6 inches of rain fell across this area, which resulted in flash flooding into the evening. 5.96 inches was measured at a RAWS site at the Aransas National Wildlife Refuge.

Jim Wells County									
1 NE Sandia	19	1830CST			0	0			Hail(1.75)
San Patricio County									
Mathis	19	1900CST			0	0			Hail(0.88)
San Patricio County									
4 SSW Mathis	19	1900CST			0	0			Hail(0.75)
San Patricio County									
2 N Edroy	19	1925CST			0	0			Hail(1.00)
Nueces County									
Corpus Christi	19	1937CST 1942CST			0	0			Thunderstorm Wind (EG50)

Trained spotters and off-duty NWS employee reported pea to marble sized hail and estimated 50 kt winds on south side of Corpus Christi. (Lipes at Clubgate and Airline at Yorktown)
