

General Nutrition Resource List for Older Adults December 2007

This publication is a collection of resources on the topic of general nutrition for older adults. Resources include books, pamphlets and audiovisuals and are limited to those published from 1987 to 2007. Many of the pamphlets are available in single copies and some may also be purchased in bulk from the organization listed (Web addresses are provided for materials available online). The books and audiovisuals can be either borrowed from your local library or purchased from your local book store.

Materials may also be available to borrow from the National Agricultural Library (NAL) collection. Lending and copy service information is provided at the end of this document. If you are not eligible for direct borrowing privileges, check with your local library on how to borrow through interlibrary loan. Materials cannot be purchased from NAL. Contact information is provided for the publisher/producer if you wish to purchase any materials on this list.

This Resource List is available from the Food and Nutrition Information Center's (FNIC) Web site at: http://www.nal.usda.gov/fnic/resource_lists.shtml.

Table of Contents:

For purposes of this publication, each item has been placed in one of the following categories though many items contain information that covers more than one topic:

Section I: General Health and Nutrition

- Wellness and Disease Prevention
- Fiber and Regularity
- Food Assistance
- Food Resource Management (Food Shopping and Meal Planning)
- Food Safety
- Nutrition and Physical Activity

Section II: Resources by format

- Books
- Cookbooks and Recipes
- Newsletters

Section III: Nutrition and Health Organizations by Topic

- Alzheimer's Disease
- Arthritis
- Cancer
- Diabetes
- Food Assistance
- Food Resource Management
- Food Safety
- General Wellness and Nutrition
- Heart Health
- Nutrition and Physical Activity
- Osteoporosis
- Parkinson's Disease

Section I: Nutrition and Health

General Wellness and Disease Prevention

Age Page—Good Nutrition: It's a Way of life

U.S. Department Of Health and Human Services, National Institutes of Health, National Institute on Aging

Description: This 15-page brochure provides information on appropriate eating for older adults. Outlines which foods older adults should including in the diet and how much they should consume. Common concerns such as water requirements, cutting down on salt and keeping costs low are addressed.

Be Active. Eat Well. Guides to Preventing and Controlling Type 2 Diabetes

Active Living Coalition for Older Adults

Description: The *Be Active. Eat Well* guides were designed to provide information for and about older adults, relating to the prevention of Type 2 Diabetes through physical activity and nutrition. Guides are available in English and French.

Web sites: <http://www.alcoa.ca/e/diabetes.htm>
http://www.alcoa.ca/e/diabetes/olderadults_guide_e.pdf (English PDF142 KB)
http://www.alcoa.ca/f/diabetes/olderadults_guide_f.pdf (Eat Well- French PDF143 KB)

Ordering Information: To order these guides by phone call 800-549-9799 or email alcoa@ca.inter.net

Boning Up on Osteoporosis

AARP (*formerly American Association of Retired Persons*)

Description: This article defines osteoporosis and discusses the role of nutrition in preventing the disease. It outlines a healthy diet, the importance of regular check-ups and screening.

Web site: http://www.aarp.org/health/staying_healthy/prevention/a2004-12-21-osteoporosis.html

DETERMINE Your Nutritional Health

Nutrition Screening Initiative

Description: This 10-item checklist is tool used to screen for nutritional risk, developed in cooperation with the American Academy of Family Physicians, the American Dietetic Association and the National Council on the Aging, Inc. Results of the checklists can be used to suggest possible risk, but do not provide a diagnosis for any health condition.

Web site: http://www.aafp.org/PreBuilt/NSI_DETERMINE.pdf (PDF175.1 KB)

Dietary Reference Intakes (DRI's) for Older Adults

Florida International University, National Policy and Resource Center on Nutrition and Aging

Description: This table provides DRI values for men and women for ages 51 to 70 and over 70. They include the Recommended Dietary Allowances (RDAs) or Adequate Intake (AI) (whichever is available), and the Tolerable Upper Intake Level (UL). The tables were compiled using data from the Institute of Medicine's, *Dietary Reference Intakes*.

Web site:

<http://www.fiu.edu/~nutreldr/SubjectList/D/DRI%20Table%203%20pages%209-13-2004.pdf> (PDF1169 KB)

Eating Well

New York State Office for the Aging

Description: This Web page is part of a larger Web site called *Aging Well: A Health and Wellness Village for Older Adults*. Topics of the Eating Well page cover areas of interest to older adults such as warning signs of poor nutritional health, tips to keep cholesterol low, healthy recipes, and links to several articles and online tools.

Web site: <http://agingwell.state.ny.us/eatwell/index.htm>

Eating Well As We Age

U.S. Department Of Health and Human Services, Food and Drug Administration

Description: Many older adults have difficulty maintaining good nutrition due to problems like difficulty chewing or low appetite. This resource addresses six common nutrition concerns and ways to overcome them. A short discussion on how to read food labels is also included. Available in English and Spanish, in fact sheet or brochure formats.

Web sites: <http://www.fda.gov/opacom/lowlit/eatage.html>

Ordering Information: Obtain up to 50 printed brochures, free by writing to:

FDA, HFI-40

Rockville, MD 20857

Phone: 888- INFO-FDA (888-463-6332)

Please include the publication number FDA05-1107C with your order.

Find a Nutrition Professional

American Dietetic Association

Description: This referral service provided by the American Dietetic Association provides information and referrals for individuals who are seeking a nutrition professional. "Participants in the American Dietetic Association's referral service are professionals or technicians who provide reliable, objective nutrition information, separate facts from fads and translate the latest scientific findings into easy-to-understand nutrition information."

Food for Thought—Finger Food Ideas

Alzheimer's Society

Description: This fact sheet provides tips and ideas for finger foods that are appropriate for meals and snacks throughout the day. Finger foods can enhance the diet of those living with dementia, as they make eating easier for people who have difficulty using utensils and cutlery.

Web sites:

http://www.alzheimers.org.uk/Caring_for_someone_with_dementia/Nutrition/fft_fingerfoods.htm (HTML)

http://www.alzheimers.org.uk/site/scripts/document_pdf.php?documentID=366 (PDF|14.8 KB)

Growing Older, Eating Better

U.S. Department Of Health and Human Services, Food and Drug Administration

Description: This publication discusses changes in life that may occur with age such as increased physical problems, special diets, social isolation and the effect they have on eating well. Provides details on federal programs under the Older Americans Act.

Web site: http://www.fda.gov/fdac/features/296_old.html

Lifecycle Nutrition: Aging

United States Department of Agriculture, National Agricultural Library, Food and Nutrition Information Center (FNIC)

Description: This is a Web resource for and about seniors. The Web page links to credible resources on healthy eating, nutrition challenges related to aging, food safety issues and food assistance programs.

Web site:

http://fnic.nal.usda.gov/nal_display/index.php?info_center=4&tax_level=2&tax_subject=257&topic_id=1355

Modified MyPyramid for Older Adults

Tufts University, Freidman School of Nutrition Science and Policy

Description: Researchers at Tufts University have developed a modified MyPyramid that emphasizes the nutritional needs of adults over age 70. Nutrient dense foods, fluid balance and regular physical activity are all highlighted.

Web site: http://nutrition.tufts.edu/1197972031385/Nutrition-Page-nl2w_1198058402614.html

NIHSeniorHealth.gov

U.S. Department Of Health and Human Services, National Institutes of Health

Description: NIHSeniorHealth.gov is a Web site created by the National Library of Medicine and the National Institute on Aging. The site provides comprehensive nutrition-related information as well as a variety of other health and medical information specific to older adults.

Web site: <http://nihseniorhealth.gov/>

Nutrition After Fifty

American Institute for Cancer Research

Description: Written specifically for people over the age of 50, this booklet provides general information and practical strategies for maintaining a healthy diet. It focuses on common age-related issues such as chewing difficulty, unintentional weight loss, and constipation. The booklet also includes recipes that are healthy and easy to prepare.

Fiber and Regularity

Age Page--Concerned about Constipation

U.S. Department Of Health and Human Services, National Institutes of Health, National Institutes of Aging

Description: This fact sheet reviews possible causes, treatment and resources for dealing with constipation. Available in English and Spanish.

Web Site: <http://www.niapublications.org/agepages/const.asp> (English)
<http://www.niapublications.org/agepages/const-sp.asp> (Spanish)

Bulking up Fiber's Healthful Reputation

U.S. Department Of Health and Human Services, Food and Drug Administration

Description: This Web page provides an overview of the health benefits of fiber including its potential role in preventing disease, including heart disease, digestive disorders and some cancers. Also gives tips for increasing your fiber consumption.

Web site: http://www.pueblo.gsa.gov/cic_text/food/bulkfibr/bulkfibr.htm

Fiber Content of Selected Foods

United States Department of Agriculture, National Nutrient Database for Standard Reference

Description: This 26-page table provides values (in grams) for total dietary fiber found in common measurements of hundreds of food items.

Web site: <http://www.nal.usda.gov/fnic/foodcomp/Data/SR16-1/wtrank/16-1w291.pdf> (PDF|221 KB)

Fiber: How to Increase the Amount in Your Diet

American Academy of Family Physicians

Description: This fact sheet summarizes reasons for eating fiber and provides tips on how to increase fiber in the diet. Provides a small list of food high in dietary fiber.

Web site: <http://familydoctor.org/online/famdocen/home/healthy/food/general-nutrition/099.html>

What I Need to Know About Constipation, 2003

U.S. Department Of Health and Human Services, National Institutes of Health, The National Institute of Diabetes and Digestive and Kidney Diseases

Description: This is a Web site providing an overview of constipation. It provides information on the diet and lifestyle changes individuals can make to prevent constipation and stay regular. Available in Spanish and English.

Web sites:

http://digestive.niddk.nih.gov/ddiseases/pubs/constipation_ez/index.htm (English)

http://digestive.niddk.nih.gov/spanish/pubs/constipation_ez/index.htm (Spanish)

Food Assistance

Commodity Supplemental Food Program (CSFP)

United States Department of Agriculture, Food and Nutrition Service, Food Distribution Programs

Description: The CSFP program aims to improve the health of low income adults over 60 by supplementing their diets with nutritious USDA commodity foods. Local agencies determine the eligibility of applicants, distribute the foods, and provide nutrition education. Elderly persons must have income at or below 130 percent of the Federal Poverty Income Guidelines. States may also have additional residency or nutritional risk requirements. Not available in all states.

Phone: 703-305-2888

Eldercare Locator

U.S. Department Of Health and Human Services, Administration on Aging

Description: The Eldercare Locator is a public service that helps older adults and caregivers locate aging services in communities throughout the United States. Support is available via the Internet or over the telephone in Spanish and English. Includes information on home delivered meals, home health services, transportation, and other related services. Telephone service available on weekdays from 9:00am to 8:00pm (ET).

Web site: <http://www.eldercare.gov>

Phone: 800-677-1116

Food Bank Locator

America's Second Harvest

Description: America's Second Harvest provides information on emergency food providers such as food banks and food rescue programs in all 50 states and Puerto Rico through their internet database or telephone support.

Web site: http://www.secondharvest.org/zip_code.jsp

Phone: 800-771-2303

Before you call...

"Please note that many food banks and food-rescue organizations do not provide direct food assistance to families and individuals, but do provide food to soup kitchens, food pantries and shelters. Your local food bank or food-rescue organization can refer you to soup kitchens and food pantries in your area. These community agencies provide direct food assistance."

Food Stamp Program

United States Department of Agriculture, Food and Nutrition Service

Description: The Food Stamp Program is a federal food assistance program that helps low income individuals and families buy food. Individuals must apply for Food Stamp benefits by completing an application from their State.

Program Web site: <http://www.fns.usda.gov/fsp/>

Directory of State FSP Hotlines:

Phone: 800-221-5689

Food Stamp Special Rules for the Elderly or Disabled

United States Department of Agriculture, Food and Nutrition Service, Food Stamp Program

Description: This resource is an online fact sheet which provides information on the application process for food stamps and reviews eligibility requirements specific to older adults.

Web site: http://www.fns.usda.gov/fsp/rules/Elderly_disabled.htm

Meals on Wheels Locator

Meals on Wheels Association of America

Description: The Meals on Wheels Association of America represents those who provide meal services to homebound people in need. This Web site provides information, including address, telephone number and directions to Meals on Wheels service locations across the country.

Web site:

<http://www.mowaa.org/searchMealProgram.asp?mid=131¤tid=132&type=l>

Phone: 703-548-5558

Older Americans Act—The Elderly Nutrition Program

U.S. Department Of Health and Human Services, Administration on Aging

Description: A fact sheet providing information on the structure, services and criteria for eligibility in the services provided by the Older Americans Act. Web site includes a section of Frequently Asked Questions about the 2000 Amendments to the Older Americans Act.

Web Site: http://www.aoa.gov/press/fact/alpha/fact_elderly_nutrition.asp

Senior Farmers' Market Nutrition Program

United States Department of Agriculture, Food and Nutrition Service

Description: This Web site and online fact sheet provide an overview of what the Senior Farmers' Market Nutrition Program is, who is eligible, how the organization operates, and the current funding levels. The site links to contact information for each state.

Program Web site: <http://www.fns.usda.gov/wic/SeniorFMNP/SFMNPmenu.htm>

Program Fact Sheet: <http://www.fns.usda.gov/wic/SFMNP-Fact-Sheet.pdf>
(PDF|33.9 KB)

Food Resource Management (Thrifty Food Shopping, Meal Planning and Cooking)

Healthy Eating Alone

Colorado State University Extension

Description: This fact sheet includes tips to help make dining for one an enjoyable experience.

Web site: <http://www.ext.colostate.edu/pubs/columnha/ha9805.html>

Making Your Kitchen “User Friendly”

Ohio State University Extension and Ohio Department of Aging

Description: This fact sheet helps older adults adapt their kitchen to make it easier to cook and use appliances. Estimated costs for each suggestion are provided.

Web sites: <http://ohioline.osu.edu/ss-fact/0179.html>

<http://ohioline.osu.edu/ss-fact/pdf/0179.pdf> (PDF|38.6 KB)

Quick and Healthy Nutrition on a Budget

American Dietetic Association, Gerontological Nutritionists Dietetic Practice Group

Description: A collection of fact sheets prepared specifically for older adults on topics related to food resource management, including “fast food,” shopping tips, and staying financially fit. Fact sheets are Microsoft Word documents and contain large print text.

Web site:

<http://www.fiu.edu/~gn/Resources/QuickandHealthyNutritiononaBudget.htm>

Shopping Solutions for Healthful Eating

American Dietetic Association

Description: This 2-page fact sheet reviews shopping strategies for making healthy choices and save both money and time. Provides tips on making lists and reading food labels.

Web site: <http://www.eatright.org/ada/files/nfs0303b.pdf> (PDF1102 KB)

Stretching Your Food Dollars

Oregon State University Extension, Eat Well for Less

Description: This is a Web-based learning module divided into two sections: *Strategies at Home* and *Strategies at the Store*. Each section provides tips and information on spending food dollars wisely in each environment. The self-paced module can be completed in approximately 20-30 minutes.

Web site:

<http://extension.oregonstate.edu/fcd/nutrition/ewfl/module3/dollars1.html>

Stretching Your Supermarket Dollars

University of Florida Institute of Food and Agricultural Sciences

Description: This fact sheet includes a step-by-step plan to help control grocery expenses. The plan encourages individuals to become familiar with their grocery needs, bargain hunt, be aware of when and where to shop, as well as observe quantities of food purchased.

Web sites: <http://edis.ifas.ufl.edu/HE677>

The Kitchen: The Environment and Dementia

Alzheimer's Australia

Description: This resource is a fact sheet for individuals with dementia and their caregivers. Discusses kitchen safety and provides precautions for appliances and other potential hazards in the kitchen.

Web site: <http://www.alzheimers.org.au/upload/ead02.qxp.pdf> (PDF163.1 KB)

What's For Dinner? Independent Tips for Cooking and Dining

Iowa COMPASS Center for Disabilities and Development

Description: This brochure contains information on aids and adaptations for use in the kitchen and dining room. Information is targeted toward individuals who experience difficulties in handling kitchen tools or silverware.

Web site: <http://www.uiowa.edu/infotech/Whatsfordinner.pdf> (PDF1169 KB)

Food Safety

Food and Drug Administration Automated Information Line

U.S. Department Of Health and Human Services, Food and Drug Administration, Center for Food Safety and Applied Nutrition (CFSAN) Outreach and Information Center

Description: The Food and Drug Administration (FDA) Hotline is available to answer questions about safe handling of seafood, fruits and vegetables, as well as rules that govern food safety in restaurants and grocery stores. This service provides over 200 hours of recorded messages, and Information Specialists can respond to specific inquiries during the business hours noted below. The service also offers many CFSAN documents available by fax or mail.

Phone: 888-SAFEFOOD (888-723-3366) TTY: 800-877-8339

Recorded messages are available 24 hours a day. Callers may speak directly with Information Specialists from 10:00 a.m. to 4:00 p.m. Eastern Time, Monday through Friday, except Federal holidays.

Food Safety for Older Adults

United States Department of Agriculture, Food Safety and Inspection Service

Description: This is a 19-page booklet which provides an in-depth look into food safety and information about bacteria and germs that cause food borne illness (food poisoning). The material outlines common foods that are a high risk of causing foodborne illness. Advice on safe food shopping, transport, and storage is also provided. The publication contains a description of symptoms of foodborne illness and offers an action plan for when symptoms are suspected.

Web sites: http://www.fsis.usda.gov/PDF/Food_Safety_for_Older_Adults.pdf (PDF11.33 MB)

http://www.fsis.usda.gov/PDF/Food_Safety_for_Older_Adults_Text.pdf (Text only PDF1134 KB)

Food Safety for Seniors

U.S. Department Of Health and Human Services, Food and Drug Administration, Office of Women's Health

Description: Older adults are at a higher risk of becoming ill from eating raw foods. This online fact sheet teaches what foods to avoid and why.

Web sites: http://www.pueblo.gsa.gov/cic_text/food/foodsafetyfs/seniors.htm
http://www.pueblo.gsa.gov/cic_text/food/foodsafetyfs/seniors.pdf (PDF|107 KB)

Physical Activities Workbook

AARP (*formerly the American Association of Retired People*)

Description: This colorful, updated and easy-to-use booklet shows older adults how to add physical activity into a daily routine. Explains how to start safely, set goals, develop a support network, find motivation, and overcome barriers. Order online from the Web site below, or by telephone.

Web site:

http://www.aarp.org/health/fitness/get_motivated/a2004-06-28-workbook-users.html

Telephone: 888-OUR-AARP (888-687-2277), ask for stock number D561.

Senior Series Fact Sheets on Health and Fitness

Ohio State University Extension and Ohio Department of Aging

Description: A collection of 22 fact sheets related to older adults and physical activity. Topics include keeping fit after age 50, stretching and flexibility tips and techniques, weight training, leisure activities, and more. Fact sheets are available in HTML and PDF formats.

Web site: <http://www.hec.ohio-state.edu/famlife/aging/fshealthfit.htm>

Dietary Supplements and Food-Medication Interactions

Dietary Supplements: General Resources for Consumers

United States Department of Agriculture, National Agricultural Library, Food and Nutrition Information Center (FNIC)

Description: This is a bibliographic resource list compiled and reviewed to provide consumers with reliable and credible information sources on dietary supplements.

Web page:

<http://www.nal.usda.gov/fnic/pubs/bibs/gen/dietarysupplementsconsumers06.pdf>
(PDF|83.8 KB)

Nutrition and Aging: Drug–Nutrient Interactions

Penn State Nutrition & Extension Partnership Project

Description: “Older Adults are more likely to experience adverse effects from using medications.” This document provides a scientific background on age-related body changes, how these changes can affect the body’s use of medications, as well as the effects of various foods on drug therapies. Medications with potential effects on food intake and overall nutritional status are also reviewed.

Web site: http://nirc.cas.psu.edu/pdf/Drug_nutr_biblio.pdf (PDF|53 KB)

Preventing Food-Drug Interactions

University of Georgia Cooperative Extension Service

Description: This 2-page fact sheet provides an overview of how to prevent negative interactions between food and medications. The importance of discussing possible interaction with a medical provider is highlighted and a list of foods that have potentially negative interaction with many medications is provided.

Web site: <http://www.fcs.uga.edu/ext/pubs/fdns/FDNS-E-89-5a.pdf> (PDF|133 KB)

Seniors and Supplements—Risk vs. Rewards

Alliance for Aging Research

Description: This article discusses vitamins, minerals, herbs and other dietary supplements and provides general guidelines to observe when considering a dietary supplement.

Web site: <http://www.agingresearch.org/content/article/detail/891>

Tips for Older Dietary Supplement Users

U.S. Department Of Health and Human Services, Food and Drug Administration, Center for Food Safety and Applied Nutrition

Description: This is an online resource with information and links relating to dietary supplements. Topics include “points to ponder” before buying a supplement, the safety of dietary supplements, and tips on how to read product claims critically. Available in English and Spanish.

Web site: <http://www.cfsan.fda.gov/~dms/ds-savv2.html>

The Age Page—Dietary Supplements: More is Not Always Better

U.S. Department Of Health and Human Services, National Institutes of Health, National Institute on Aging

Description: This 12-page brochure outlines the safety and nutrition factors that one should review when considering dietary supplements. Reviews the definition of dietary supplements and reinforces a balanced diet of foods as the primary source of good nutrition.

Web site: http://www.niapublications.org/agepages/PDFs/Dietary_Supplements-More_Is_Not_Always_Better.pdf (PDF|94.2 KB)

Section II: Resources by Format

Books

American Dietetic Association Complete Food and Nutrition Guide

Roberta Larson Duyff, MS, RD, FADA, CFCS

Wiley Publishing, Inc., 2006

ISBN: 0470048425

Description: This book serves as a nutrition guide based on MyPyramid and the 2005 Dietary Guidelines for Americans. Practical tips and advice for every stage of life are offered. The book includes sections on making good food choices, finding a healthy weight, the basics of healthful eating, smart eating at the store, and smart eating with MyPyramid.

Guide to Healthy Restaurant Eating, 3rd Edition

Hope S. Warshaw, RD, CDE

American Diabetes Association, 2005

ISBN: 1580402305

NAL Call No: RC662 .W3155 2006

Description: This book contains comprehensive nutrition information for over 5,000 menu items from at least 60 common restaurants. Written primarily as a resource for people with diabetes, the information in this book can be valuable to anyone seeking nutrition information for restaurant foods, or healthier options while dining out. Provides serving size information as well as diabetic exchange values for menu items.

Eating Well When You Just Can't Eat the Way You Used To

Jane Weston Wilson

Workman Publishing, 1987

ISBN: 0894809431

NAL Call No: TX715.W5

Description: This resource combines features of a nutrition manual and a recipe book. Introductory chapters cover unique nutritional needs and concerns of older adults including "Gracious Eating for One or Two," physical changes that affect appetite and diet, weight management, and chronic disease risk reduction. Chapters are followed by over 250 recipes.

Nutrition for Life

Lisa Hark, PhD, RD and Darwin Deen, MD

DK Publishing, Inc., 2005

ISBN: 0756605229

Description: This book provides information on the specific nutritional needs of older adults and guidance on assessing health and lifestyle. Different types of fats are reviewed, as well as vitamins and minerals, principles of weight management, and disease prevention.

Successful Aging

Robert Louis Kahn, PhD and John Wallis Rowe, MD

Dell Publishing, 1999

ISBN: 0440508630

Description: “Find out how the way you live—not the genes you were born with—determines health and vitality.” This book provides information on healthy lifestyle choices which can assist in living a rewarding life at any age. Basic nutrition and exercise recommendations are reviewed and myths about aging are dispelled.

The Johns Hopkins Medical Guide to Health After 50

From the editors of *The Johns Hopkins Medical Letter Health After 50*

Black Dog & Leventhal Publishers, Inc., 2006

ISBN: 1579124690

Description: This is a medical guide providing information regarding 100 of the most common ailments people experience as they age. Symptoms, diagnosis, treatment, questions for the doctor, and more are offered for each ailment.

Cookbooks and Recipes

Cooking Solo

The Capital Area Food Bank

Description: This cook book was created to use as a tool for those who prepare small meals for one or two people. Recipes are included for main dishes, side dishes, soups and salads.

Web site:

[http://www.greenbeltmd.gov/seniors/Expert_Information/Cooking_for_1_Recipe_Book%20 2 .pdf](http://www.greenbeltmd.gov/seniors/Expert_Information/Cooking_for_1_Recipe_Book%202_.pdf) (PDF|207 KB)

Cooking Solo – Homemade for Health

American Institute for Cancer Research

Description: This is a 36-page cookbook which provides information and recipes on healthy cooking for one. Tips on modifying prepared foods for better health are provided, along with menu planning suggestions and food storage advice. Paper copies of this book may be ordered from the Web site, or it can be downloaded as a PDF.

Web site:

http://www.aicr.org/site/PageServer?pagename=pub_homemade_health_solo

Diabetic Cooking for Seniors

Kathleen Stanley, CDE, RD, LD, MSED
American Diabetes Association, 2001

ISBN: 1580400736

Description: This cookbook addresses many common issues that older adults face as they age. Chapters discuss difficulty in meal preparation due to arthritis, decreased taste sensations, food-drug interactions, and increased fiber needs. The recipes contain five or fewer ingredients and are arranged into categories such as low-cholesterol meals, low-sodium dishes, and foods with more fiber. Recipes are written specifically for a diabetic audience, but are appropriate for anyone seeking healthy recipes.

Healthy Cooking for Two (or Just You): Low-Fat Recipes with Half the Fuss and Double the Taste

Frances Price, RD
Rodale Books, 1997

ISBN: 0875964486

Description: A 320-page cookbook of recipes that are quick, healthy and tailored for small households. A nutritional analysis is provided for each recipe, as well as tips for shopping for one or two.

High Calorie and Easy to Eat Recipes

American Cancer Society

Description: Created for individuals who struggle to maintain weight, this Web page provides 10 high calorie recipes that are easy to make and nutrient dense. Each recipe includes number of Calories and grams of protein.

Web site: http://www.cancer.org/docroot/MBC/content/MBC_6_1_Recipes.asp

Keep the Beat: Heart Healthy Recipes

US Department of Health and Human Services, National Institutes of Health, National Heart, Lung, and Blood Institute

Description: This is a 145-page publication reviews basic principles of heart healthy eating and provides hundred of recipes including appetizers and soups, main dishes (including some vegetarian dishes), side dishes, breads, desserts and beverages. Because the book was published in 2003, its dietary recommendations are based off of the old Food Guide Pyramid, but recipes and nutrition principles remain timely.

Ordering Information: Paper copies of the book can be ordered from:

http://www.nhlbi.nih.gov/health/public/heart/other/ktb_recipebk/

A PDF version can be downloaded for free at:

http://www.nhlbi.nih.gov/health/public/heart/other/ktb_recipebk/ktb_recipebk.pdf
(PDF|1.86 MB)

Quick, Delicious, and Nutritious: Fabulous Healthy Meals for Folks Over 50

Gayle K. Wood, Editors of FC&A Publishing

FC&A Publishing, 2004

ISBN: 1932470360

Descriptions: This is a collection of recipes and meals appropriate for one or two people. The book is specifically designed for seniors and takes into account their specific nutritional needs. Kitchen hints and shopping tips are also included.

The Johns Hopkins Cookbook Library: Recipes for Arthritis Health

Medical Editor: John A. Flynn, MD and Nutrition Editor: Lora Brown Wilder, ScD, MS, RD

New York: Medletter Associates, Inc., 2003

ISBN: 0929661761

Description: This is part of a series of cookbooks that feature healthy and easy to prepare recipes. The focus is on maintaining a normal weight with arthritis. Each recipe includes yield and nutrient analysis.

The New American Heart Association Cookbook, 7th Edition

American Heart Association

Crown Publishing Group, 2007

ISBN: 0307352056

Descriptions: This cookbook offers advice on simple, heart-healthy meals that everyone can enjoy. It contains over 600 recipes and can also be a resource for menu planning, shopping for healthful ingredients, and healthy holiday cooking. Balance, variety, and common sense are all emphasized.

The New American Plate: Veggies

American Institute for Cancer Research

Description: This 44-page booklet "Offers exciting ideas for jazzing up your veggies and recipes for preparing the ones you've never tried!" Introductory sections outline tips for selecting and storing a variety of vegetables.

Ordering Information: Order paper copies or download a PDF version of the document at:

http://www.aicr.org/site/PageServer?pagename=pub_new_amer_plate_veg

The National Agricultural Library (NAL) provides lending and photocopying services to USDA employees and USDA program staff. Non-USDA users can obtain materials from NAL through the interlibrary lending services of their local, corporate, or university library. For further information on NAL's document delivery services visit their Web site at <http://www.nal.usda.gov/services/request.shtml>.

For questions on document delivery services please call 301-504-5717 or email <http://request.nal.usda.gov/access/contact.htm>.

The use of trade, firm, or corporation names in this publication (or page) is for the information and convenience of the reader. Such use does not constitute an official endorsement or approval by the United States Department of Agriculture or the Agricultural Research Service of any product or service to the exclusion of others that may be suitable.

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or a part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.)

Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD).

To file a complaint of discrimination write to USDA, Director, Office of Civil Rights, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410 or call (800) 795-3272 (voice) or (202) 720-6382 (TDD). USDA is an equal opportunity provider and employer.
