TO: USERS OF THE UNDERGROUND INJECTION CONTROL (UIC)
 APPLICATION FORMS

SUBJECT: REPRODUCTION OF THE UIC APPLICATION FORMS

UIC application submittals must be made on the application forms provided by the UIC program. If application forms are reproduced, the reproductions must be exactly the same. Wording, line spacing, and page numbering should not be changed; additions or deletions should not be made to the forms. Current and appropriate application forms must be used.

If application forms are altered or used for the wrong purpose, the submitted application will be deemed invalid and be returned for correction. When using the application forms, please follow the application instructions in order to produce a satisfactory application for UIC program review.

Submitted applications may be subject to public review as well as review by other agencies. The use of the appropriate application forms will help to prevent technical and processing difficulties.

Thank you for bearing with this requirement. We are committed to applying the UIC application forms fairly among all applicants and to assure that the content and quality of the forms are not compromised in a manner that may affect the validity of an application.

INSTRUCTIONS FOR COMPLETING THE CHANGE-OF-OPERATOR APPLICATION FOR A UIC PERMIT TO OPERATE

(October 2000)

Attached are instructions to assist in completing the change-of-operator application. The listed instructions correspond to the numbered items in the application. The change-of-operator application is used only to change the operator as identified in a UIC permit. This application form is not for other application purposes.

All items must be accurately and completely answered. An inaccurate or incomplete application is not acceptable. If an item does not apply, please enter "Not Applicable" to show that the item was given consideration.

The services of a professional consultant are recommended to complete and service the application throughout the permit-application process. Professional services enhance efficient processing.

After satisfactory completion of the change-of-operator application, and satisfactory review of the application by the UIC program, a UIC permit is issued to the applicant. Limitations and conditions, and the term (duration) of the UIC permit, are explicitly described in the UIC permit.

The UIC permit resulting from a change-of-operator application typically contains limitations, conditions, and a duration that have been previously established under the prior permittee. However, the UIC permit issued to the new operator (new permittee) should not be presumed identical to the prior UIC permit. The UIC permit for the new permittee should be carefully read for permit responsibilities upon the new permittee.

A filing fee of \$100.00 payable to the State of Hawai'i is required to initiate the application. Governmental agencies are exempt from the filing fee.

Questions about the UIC permit application may be directed to either Jaime Rimando, Norris Uehara, or Chauncey Hew at the Safe Drinking Water Branch. Please call 808-586-4258 (Honolulu) or call direct toll free: Kua'i 274-3141, ext. 64258; Maui 984-2400, ext. 64258; Big Island 974-4000, ext. 64258; Molokai and Lana'i 1-800-468-4644, ext. 64258.

UIC CHANGE-OF-OPERATOR APPLICATION INSTRUCTIONS

(October 2000)

1. Provide the full facility name. This name will appear on all correspondence, official files, and the UIC permit.
2. Enter the street number and name, and related information. Enter the Tax Map Key number.
3. Enter the UIC permit number and the permit's expiration date.
4. Enter the facility identification number. (This number is based on the island and coordinates of the facility.)
5. Enter the injection well numbers that apply to this application.
6. Provide the name and address of the person, company, or corporation that owns the injection well under the existing UIC permit.
7. Provide the name and address of the business operator (existing permittee) of the injection well under the existing UIC permit. (The operator is often the owner of the injection well. The operator is not a service-provider contractor.)
8. Provide the name, position, company, address, and telephone number of a contact person for the existing UIC permit.
9. Provide a written acknowledgment and consent (letter) from the existing permittee regarding the intent to change operator. The letter should preferably be on the permittee's letterhead and signed by the appropriate authority.
10. Enter the intended date for the change of operator.
11. Provide the name and address of the new person, company, or corporation to own the facility.
12. Provide the name and address of the new business operator (new permittee) of the injection well. (The operator is not a service-provider contractor.)
13. Provide the name, position, company, address, and telephone number of the new contact person regarding the change of operator.
14. Check the appropriate box. The UIC permit should be carefully reviewed in answering this item.

15. Provide the information if applicable.
16. Check the appropriate box to describe the facility's interest in the land on which the facility is built. Fee simple refers to direct ownership. Leasehold refers to a lease agreement between the facility and the fee simple owner of the property. Provide the written acknowledgment and consent, if applicable.
17. Provide the information about the consultant who is servicing the application, if applicable.
- 18., 19., & 20.
Provide the requested information.
21. This statement must bear the original signature and identity of the applicant. Typically, all UIC correspondence will be made to this person. (Courtesy copies of correspondence will be sent to the consultant, if any, who is processing the application.)
