**Subject: Final Vadose Zone Modeling Report
St. George Municipal Landfill, Two-Party Agreement Site No. 4
Pribilof Islands Site Restoration, St. George Island, Alaska
Contract No. 50-EANC-9-00047, Task Order No. 56-EANC-0-47005
Tetra Tech Task No. G1040.0001**

Dear Mr. Lindsay:

Tetra Tech EM Inc. (Tetra Tech) is pleased to submit one single-sided original and twelve double-sided copies of the final vadose zone modeling report for the St. George Landfill (Two-Party Agreement Site No. 4). Tetra Tech received no comments on the draft report dated February 16, 2000. Therefore, this finalized version includes no changes to the draft document.

This deliverable concludes Tetra Tech's scope of work. We enjoyed working with you on the modeling effort and look forward to serving you on future projects. If you have questions about the submittal, please call me at (206) 587-4680.

Sincerely,

Ken Valder
Project Manager
